

Feel comfortable always in your life

Female Intimate Care Product

Strongbiotics™ for Femicare is specially developed to provide women with effective and dual action support for female intimate care. It help to **supports urinary tract & vaginal health, balance microflora & pH level of feminine part** as well as **improve female hygiene**. Each capsule contains multi-strain 20 billion CFU FemiBiome™ live bacteria that are beneficial for long-term intimate care protection. With the addition of cranberry extract and pomegranate extract, it further enhances urinary tract and vaginal health.

Do you have these signs and symptoms?

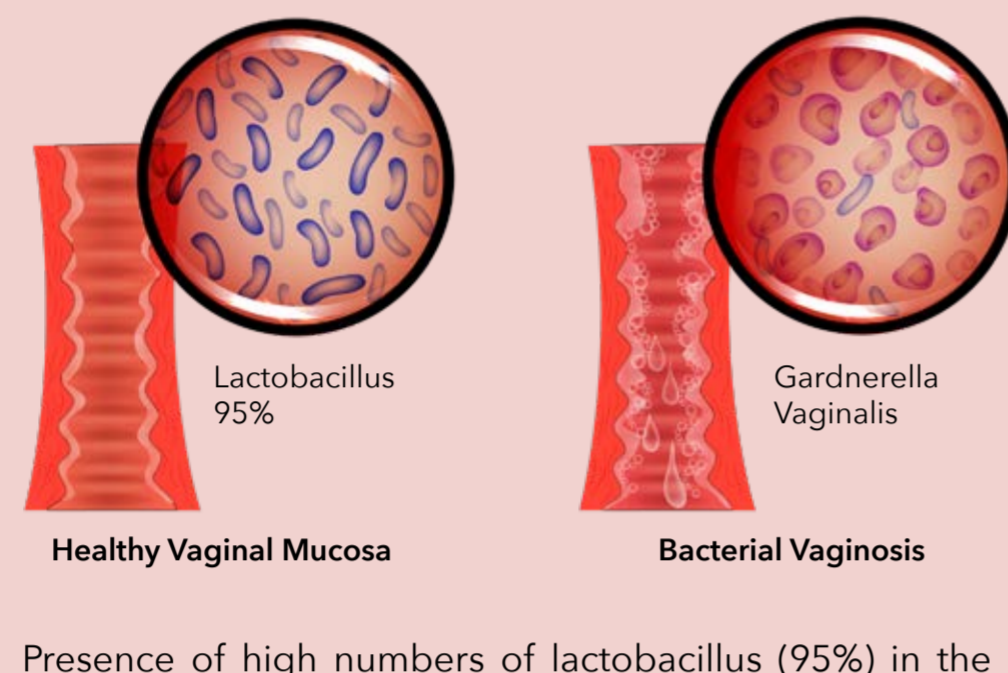

- Discomfort when urinating
- Foul Smell
- Abnormal vaginal discharge
- Yeast infection
- Pain during intimacy
- Itching and swelling of the female intimate part

Take StrongBiotics™ for Femicare to get relief from the problems

Ingredients

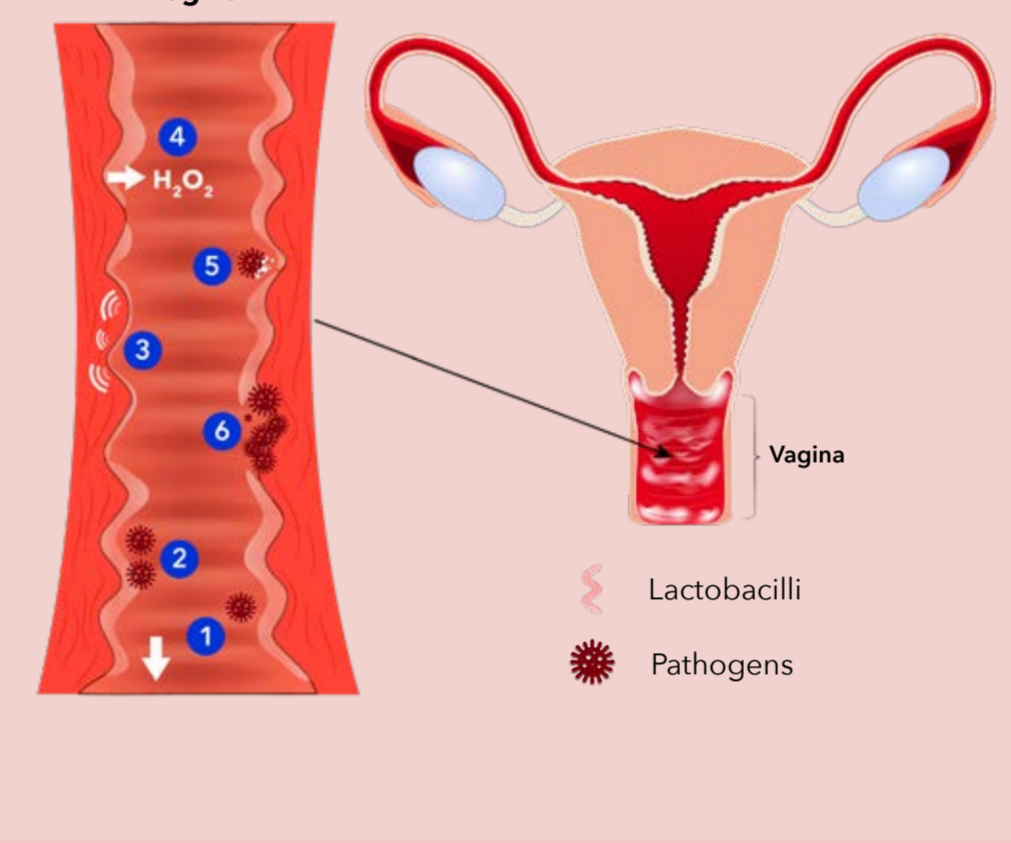

Presence of high numbers of lactobacillus (95%) in the vagina is considered "healthy" and low numbers or absence is prone to bacterial infections.

FemiBiome™ Probiotics Complex
Scientifically proven to inhibit growth of harmful bacteria in the female intimate area and reduce inflammation caused by bacteria and mold. FemiBiome™ probiotics strains are *Lactobacillus plantarum* (GKK1), *Lactobacillus rhamnosus* (GKY7), *Lactobacillus reuteri* (GKR1), *Pediococcus acidilactici* (GKA4). They are well-protected via MCM-LAB® encapsulation technology to ensure a high rate of survival and stability.

Lactobacilli are the most prevalent and dominant microorganisms in vaginal microbiota of healthy women. It produces antimicrobial compounds to inhibit pathogens growth and prevent bad bacteria from invading.

How does it work?

- Mechanisms of action for feminine health**
- 1 Restores a healthy pH < 4.5
 - 2 Competitive inhibition
 - 3 Modulates cytokines to decrease inflammation
 - 4 Produces H₂O₂ (kills pathogens and lowers pH)
 - 5 Bacteriocin production (kills pathogens)
 - 6 Produces biosurfactants, which breakdown pathogen biofilms

FemiBiome™ Achievements

2017 Gold Medal Award in International Innovation Invention Competition

2018 Gold Medal Award in Moscow International Salon of Inventions and Innovation Technologies "Archimedes"

2018 Silver Award in Taiwan Innotech Expo
