NO WORRIES!

StrongMan™ can help!

Our scientifically tested formula supports men's health and performance, making you stronger, more confident, and revitalized.

Ingredients

L-Arginine

L-Arginine produces Nitric Oxide (NO) which helps to enlarge the blood vessels, regain its elasticity and improve blood flow.

Korean Ginseng Root

Korean Ginseng has an adaptogenic property that helps relieve stress & fatigue, boost stamina & vitality, support kidney function and boost men's performances.

Theobromine (Cocoa Bean Extract)

Theobromine helps to dilate blood vessels and promote positive mental health and mood.

Horny Goat Weed

Horny Goat Weed helps to boost men's performances and hormone levels. It also help to relax the body's central nervous system by increasing the body's NO for better blood flow.

Tongkat Ali Extract (Eurycoma Longifolia Jack)

L-Arginine produces Nitric Oxide (NO) which helps to enlarge the blood vessels, regain its elasticity and improve blood flow.

Rhodiola Root

Rhodiola Root helps to strengthen the nervous system, boost men's performances and improve energy levels.

Green Tea Leaf

Green Tea contains powerful healing antioxidants which build a healthier body.

Maca Root

Maca Root is a treatment for hormone-related disorders such as low sex drive, infertility, low sperm count and impotence.

StrongMan™ Benefits:

Increase energy & vitality

Boost libido & men's health

Relieve stress & fatigue

Promotes muscle strength

Supports kidney function

| Result | Unknown. | Scientifically Proven |

Instructions

Directions of Use:
Take 1 capsule daily to maintain male vitality. Take 2-3 capsules 30-60 minutes before the time needed.

Storage:
Store in a cool and dry place. Once protection seal is opened, keep refrigerated (best consumed within 2 months). Keep out of reach of children.

Precaution:
If you are taking medication or have a medical condition, you should consult your health care specialist prior to using this product.

- > Vegan-certified.
- > Made in Singapore.

FAQ

How soon will I be able to observe improvements in men health?

If 1 capsule is taken daily, testosterone levels would be boosted over a period of 2-3 months. Full erection occurs if 2 or 3 capsules are taken 30-60 minutes before the time needed.

Will the long term consumption of StrongMan™ result in any side effects?

No known side effect has been observed. StrongMan™ does not contain hormone and all ingredients are tested and approved to ensure safety, purity and efficacy. It is therefore safe for long term consumption with the recommended dosage.

Should I separate my consumption of StrongMan™ with other medications or caffeine beverages?

Yes, because the acidity in medications and caffeine beverages may reduce the efficacy of StrongMan™. It is advisable to take StrongMan™ and your medications/caffeine beverages at an interval of 1-2 hours apart.

Is foreplay still required if I take StrongMan™?

Yes, StrongMan™ does not instantly cause an erection upon consumption, it would require 30 to 60 minutes for the active ingredients to be absorbed in the bloodstream. The intimate stimulation activity from foreplay is still required to achieve a stronger & harder erection and longer lasting pleasure.
