FAQ

How soon will I be able to observe improvements in my joint health?

You may start seeing results in joint mobility after a week. However, results may vary for each individual. You are suggested to take Triple Strength Glucosamine Chondroitin + MSM consecutively for at least 4-6 weeks to achieve the best results.

Will the long term consumption of Triple Strength Glucosamine Chondroitin + MSM result in any side effects?

No known side effect has been observed. All ingredients in Triple Strength Glucosamine Chondroitin + MSM are tested and approved to ensure safety, purity and efficacy. It is therefore safe for long term consumption with the recommended dosage.

Can I take Triple Strength Glucosamine Chondroitin + MSM with my prescribed medicine?

Triple Strength Glucosamine Chondroitin + MSM is a supplement formulated to supply important nutrients that are not always easily obtainable in sufficient amounts through diets. However, we would recommend you to consult your health care practitioner concerning drug interactions if you are taking any medication.
