The Finished Cube

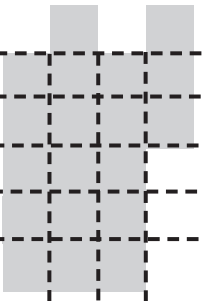

CUBE ASSEMBLY INSTRUCTIONS

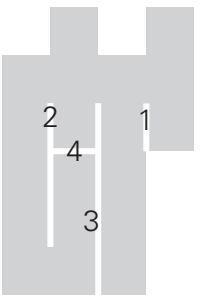

1. Cut away the outside white areas with a ruler and knife to end up with a sheet with the shape at right.

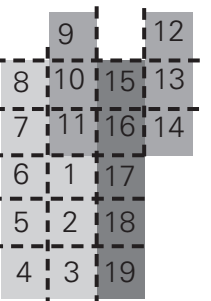

2. Fold vertically (3 times) and horizontally (5 times) on edges of photos. Fold direction does not matter. You can re-fold each page in step 4.

3. Cut interior slits on the four white lines that run between photos.

4. Fold into shape by folding pages in order of the numbers shown at right. Pages 1-8 fold as an accordion. Pages 9-14 form a cube that wraps around the accordion. Pages 15-19 roll to wrap around the cube as a cover. Page 19 tucks inside slit at the bottom of cube.
