

## Felt Screen Table

**DESIGN:**

Birgitte Linde Relling

*Felt Screen Table is a lightweight and sound absorbing table screen. The unique table brackets make it easy to lift out and set aside the screen for a while, if you temporarily want to open up between team members. The fabric cover features a zipper in the bottom so the cover can be changed easily if necessary.*

**MATERIALS:**

Lightweight steel frame, recycled polyester absorbent, fabric cover.

**DIMENSIONS:**

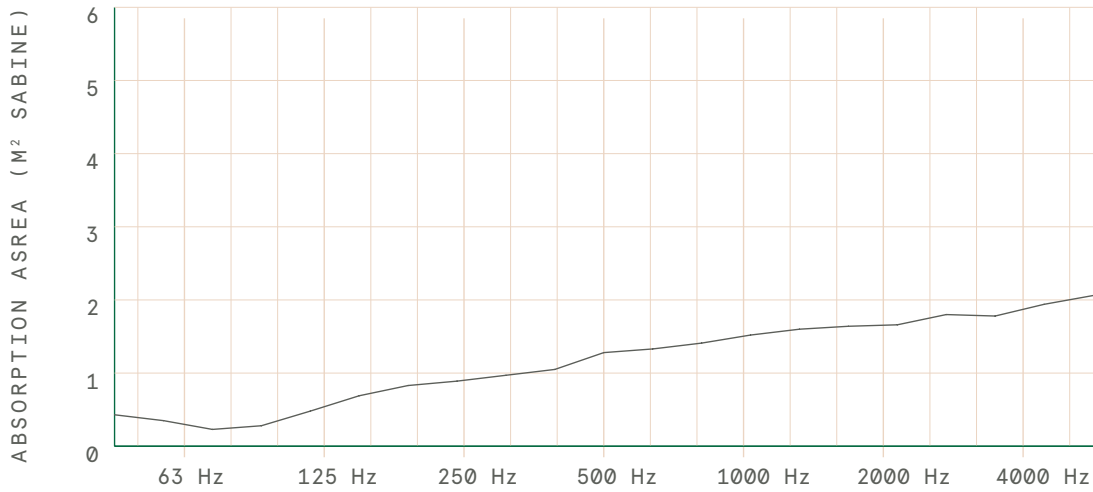

H 650 mm, W 800-1800 mm, D 50mm

**MADE IN:**

Norway.

**RECYCLING:**

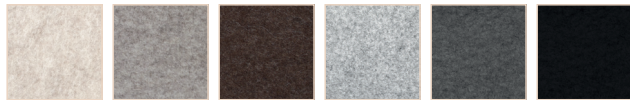

The product is easy to take apart so all materials can be recycled. In needed the textile cover can be replaced with a new one, extending the product lifetime. If the product is no longer in use, please contact Rom & Tonik about recycling.

**FABRIC A: ADORA SMOOTH WOOL FELT**

Adora, 100% wool felt, made in Spain.

Cleaning: Vacuum clean regularly. Treat spillages immediately. Pad clean with a pH neutral soap and a damp cloth.
