

Fine Art Cotton Smooth Bright

17" x 15m

Enjoy the smooth and bright finish of this fine art paper. Using exceptional raw materials, this acid-free, hot press, cotton-based archival paper will faithfully reproduce colours, tones and details - and secure them for years to come. They're designed to work seamlessly with Epson's range of pigment-based ink printers.

Archival quality

Sourced from a renowned paper mill, this refined cotton fine art paper is created using high-quality raw materials, selected to produce a paper with excellent archival properties, resulting in prints that will be enjoyed for many years.

Exceptional colour and detail

Let the beauty of your photographic or fine art creation radiate with vivid rich colours and deep blacks, when you use our advanced UltraChrome inks with premium Fine Art Cotton Smooth Paper. This Fine Art Paper uses paper coating technology to ensure you can reproduce the widest colour gamut possible from our inks, while at the same time attaining perfect detail and smooth gradations in tone.

The complete solution

How do you achieve the best results with minimal fuss? By choosing products that have been developed to work together reliably. Giving you total peace of mind our papers, inks, printers, printheads and software are all tested to deliver optimum results.

Swift and streamlined set up

Our papers are included in Epson Surecolor SC-P printer drivers, so that you have all the settings ready to go, for fuss-free printing.

A finish to suit your needs

Whether it is a bright white smooth surface for photographic work, or a textured natural white surface for fine art reproduction, this range will suit the most demanding requirements.
