EcoTank L1800

A3+, 6-colour ink tank printer delivers ultra-low cost printing of photos and colour documents.

A compact six-colour A3+ printer for cost-conscious homes and offices, the L1800 prints a 10x15cm photo in around 45 seconds[1]. Its high-capacity ink tank system allows it to print 1,500 10x15cm photos[2] without a refill. With minimal intervention, it delivers cost-effective and hassle-free printing of photos and colour documents for homes, photographers and offices wanting to print in high volumes.

Ultra-low-cost printing
Deliver ultra-low cost per page thanks to the EcoTank's innovative cartridge-free filling system with easy-to-use bottles. The L1800 allows you to print up to 1,500 (10x15) high-quality photos with the included ink bottles[2].

Increase productivity
Say hello to EcoTank's integrated ink tank, and leave the hassle of cartridges behind you. Using the 70ml ink bottles included with purchase, you'll be able to print up to 1,500 quality 10x15cm photos before needing to refill[2]. And when it's finally time to refill, there's no mess thanks to drip-free nozzles and intuitive ink top-up technology.

Quality results
Enjoy next generation print quality and reliability with a Micro Piezo printhead, standard with all EcoTank printers. And what's more, a promotional three-year warranty is included[3].

Join 50m customers worldwide
Since Epson started making EcoTanks in 2010, over 50m EcoTanks have been sold worldwide[4], making Epson the no. 1 ink tank printer in the world[5]. 7 out of 10 ink tank printers sold in the Middle East and Africa are Epson[5].

Supply Voltage	AC 220 V - 240 V
Interfaces	USB
Power supply	220V, 240V

LOGISTICS INFORMATION

SKU	C11CD82403
	C11CD82403DA
EAN code	8715946540894
Country of Origin	Indonesia
Layer	1 Units

EcoTank L1800

WHAT'S IN THE BOX

- 6 x 70ml individual ink bottles (Bk,C,Y,M,Lc,LM)
- Driver and utilities (CD)
- Main unit
- Power cable

INK BOTTLE COMPATIBILITY

- T6732
- T6735
- T6733
- T6736
- T6734

1. Determined in accordance with ISO/IEC 24734 showing the average of ESA T from the Office Category Test for default simplex. For more information visit www.epson.eu/testing
2. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 29103 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 29102. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
3. For more information please visit https://www.epson middleeast.com/promotions/extended-warranty
4. Cumulative sales of Epson ink tank printers from 2010 to 2020 based on Epson internal shipment data.
5. IDC, Quarterly Hardcopy Peripherals Tracker, 2010 to 2020 shipments, published Q1 2020.
