

SureColor SC-F9400H

Epson offers its first genuine fluorescent ink, dye-sublimation, textile printing solution (up to 64 inches).

The SC-F9400H offers businesses the option of printing with two genuine fluorescent ink solutions (yellow and pink) which can be used to create a wide range of bright, vivid colours for the production of sportswear, workwear and fashion items. The SC-F9400 series is an evolution of trusted Epson print technology and provides enhanced quality while sustaining productivity and reliability.

Stay productive

The SC-F9400 has a maximum speed of 108.6m²/h for fast turnarounds. The updated settings deliver a lower tension and accurate registration, which improves take-up and reduces the total cost of ownership (TCO) by using lower-weight sublimation papers.

The complete solution

Epson makes the printer, the printhead, the inks, sublimation papers and software, and supplies the warranty and service. This comprehensive solution offers the user consistency of quality and peace of mind.

Wide colour gamut

The SC-F9400H uses dedicated Epson UltraChrome DS inks for accurate reproductions of complex and colourful designs.

Ready to wear

The SureColor SC-F9400H comes with Oeko-Tex Eco Passport certification, meaning that clothing and textiles produced on the printer using UltraChrome DS inks are completely safe to wear for adults and children, including babies.

Explore new business opportunities

Epson's genuine fluorescent yellow and pink inks make the SC-F9400H dye sublimation printer a smarter creative choice for businesses that are looking to expand their offering into additional markets: eye-catching sportswear, a wider variety of fashion apparel, and truly engaging soft signage.

KEY FEATURES

- **Genuine fluorescent ink solution**
Yellow and pink fluorescent inks
- **UltraChrome DS inks**
For bright, colourful, durable and accurate prints
- **Faster printing**
Print speeds of up to 108.6m²/h
- **The complete solution**
Epson printer, inks, paper and software designed to work in harmony
- **Improved reliability**
Minimise head strike and cockling to maximise uptime

PRODUCT SPECIFICATIONS

TECHNOLOGY

Printing Method	PrecisionCore™ TFP print head
Ink Technology	UltraChrome® DS

PRINT

Colours	Cyan, Yellow, Magenta, High Density Black, Fluorescent Pink, Fluorescent Yellow
Minimum Droplet Size	4 pl, With Variable-Sized Droplet Technology
Ink tank capacity	1,500 ml
Nozzle Configuration	720 Nozzles Black, 720 Nozzles per Color
Printing Resolution	720 x 1,440 DPI

PAPER / MEDIA HANDLING

Paper Formats	A0, A1, A2 (42.0x59.4cm), 64", 44", 36", 24"
Print Margins Roll Media	Mode 1: 5 mm (right), 5 mm (left)
Compatible Paper Thickness	0.4 mm - 1 mm

GENERAL

Power consumption	570 Watt, 1 Watt (Power off)
Supply Voltage	AC 100 V - 220 V
Product dimensions	2,620 x 934 x 1,332 mm (Width x Depth x Height)
Product weight	290 kg

OTHER FEATURES

Memory	Printer: 512 MB, Network: 128 kB
Maintenance system	Automatic wet fabric wiper system
Compatible Operating Systems	Windows 10, Windows 7, Windows 7 x64
Media Handling	Auto take up reel, Roll Paper

LCD AND MEMORY CARDS

Panel	Type: Color
