

SureColor SC-P900

The high-quality photo printer (up to A2+) for design-conscious professional photographers and artists

The SureColor SC-P900 has been developed for creatives who have a keen eye for detail and an appreciation for high-performance hardware that's aesthetically pleasing. The SC-P900 manages to combine form with function, to great effect. The accuracy and quality of the output is further enhanced by the deepest blacks and an expanded blue colour gamut.

Image accuracy and depth

The SC-P900 photo printer has been developed with outstanding print quality as standard. Increased black density for better gradation, deeper blacks, and less graininess, is achieved through UltraChrome Pro 10 ink, the new F10 printhead and black enhance overcoat technology (BEO) for finer detail and texture in black areas. The blue colour gamut allows the user to more accurately reproduce the image seen on screen.

Aesthetically pleasing, understated design

As pleasing to the eye as the prints it produces, this photo printer has been beautifully designed without compromising print quality, reliability and functionality. The clean, compact, discreet design blends into most creative workspaces or home studios. The unit is completely sealed to protect against dust/dirt.

Easy to use

The simplicity of the design is complemented by the SC-P900's ease of use. It features a customisable user interface, internal lighting, an optional roll paper unit, fine art paper feeding from ASF, easy media profile setting, printing from smart devices, and no black ink change with the new F10 printhead for 10 colours.

Additional maintenance box

The ink supplied with your printer is used during the initial setup. In order to produce the highest quality prints, the printer needs to be, and will be, fully charged with ink. After setup is complete, the ink remaining in the cartridges, and the service life of the maintenance box, will be limited. This is why, for your convenience, we have supplied an additional maintenance box. Even if ink levels are low, or the service life of the maintenance box is nearing an end, you can continue to print until the printer displays replacement instructions. However, we do recommend that users are prepared with replacement ink cartridges.

DATASHEET / BROCHURE

KEY FEATURES

- **Quality output**
Black enhance overcoat technology for finer detail and texture
- **Design**
Refreshingly understated product design
- **Highly-intuitive**
4.3-inch LCD optical touchscreen
- **Flexible**
Easily handles different media types.
- **Compact**
Smallest footprint and lightest in its class

SUPPLIES

● Traditional Photo Paper, DIN A2, 325g/m{2}, 25 Sheets	C13S045052
● Traditional Photo Paper, DIN A3+, 325g/m{2}, 25 Sheets	C13S045051
● Traditional Photo Paper, DIN A4, 325g/m{2}, 25 Sheets	C13S045050
● Singlepack Photo Black T47A1 UltraChrome Pro 10 ink 50ml	C13T47A100
● Singlepack Cyan T47A2 UltraChrome Pro 10 ink 50ml	C13T47A200
● Singlepack Vivid Magenta T47A3 UltraChrome Pro 10 ink 50ml	C13T47A300
