Electrical Safety Information

HiB recommends that all electrical bathroom products should only be fitted by a suitably qualified, Part P registered electrician in accordance with current IEE regulations.

Ensure mains power supply is switched off before starting installation.

Before drilling, ensure there are no hidden cables or pipes in the wall.

HiB recommend you receive the product before commencing with installation as all sizes and measurements are approximate. HiB try and ensure all measurements are as accurate as possible.

In the interest of continuous product development, HiB reserves the right to alter specification as necessary. E & OE.
