

# JACKOBOARD®

## Solid stainless steel shower drain grates.

With these visually attractive stainless steel grates, you can customize a level access wetroom shower to create uniquely personal design aesthetics. You can select high quality stainless steel grates from among three elegant design configurations or a directly tileable drain cover. The grates are sized to fit all standard JACKOBOARD® Aqua shower elements.

### Product characteristics JACKOBOARD® Aqua grates:

- Made of 5 mm thick brushed solid stainless steel
- Available in three elegant design variants: Terra, Stella and Sol
- Alternatively available as a tile-ready drain cover with tileable stainless steel shell and frame with stainless steel upstand, for tile thicknesses starting from 8 mm

### Benefits JACKOBOARD® Aqua grates:

- Solid, high quality stainless steel
- Versatile designs with attractive styling

### Ideal application:

- Ideal for customizing the look of JACKOBOARD® Aqua drain systems

## JACKOBOARD® Nova tileable drain cover

- Tileable drain cover to replace steel grate
- Tileable tray in stainless steel
- Tray edged with stainless steel upstand
- Suitable for tiles with thicknesses from 8 mm
