SUPER-STRENGTH FLAVORS

A little goes a long way!

These concentrated essential oils and flavors are 3-4 times stronger than typical alcohol-based extracts and work equally well for flavoring baked goods and icings as they do for candies. They perform exceptionally in high-heat applications such as candy making. They are ideal for use in baking, frostings, fudge, candied popcorn, truffles, taffies and more.

Included in the Super-Strength category are several food grade essential oils such as Peppermint, Spearmint, Orange, Lemon, Tangerine, Lavender, Anise, and Clove. Virtually all LorAnn Super-Strength flavors are Kosher and Gluten Free.

COMPOUNDED NATURAL FLAVORS

A natural alternative to some of our most popular flavors

The following list of natural flavors are still extra strong, but be prepared to use about twice the amount as you would with the essential oils and Super-Strength flavors. These compounded flavors are made with natural flavor ingredients. They are all water-soluble and may have a base containing propylene glycol and/or vegetable glycerin.

PREMIUM BAKERY EMULSIONS

Better than Extracts

Professional Bakers and Consumers are opting for LorAnn's water-based emulsions over alcohol-based extracts.

- They provide more flavor impact and aroma.
- The flavor(s) will not bake out when exposed to heat.
- Bakery emulsions are a superior alternative to baking extract: 1 tsp. emulsion = 1 tsp. extract.
- Cost effective and available in retail and food service sizes.

LORANN AROMATHERAPY

Premium Quality At Reasonable Prices

Our history dates back to the Grettenberger Drug and General Store, founded in the late 1800's in Okemos, Michigan. It was from there that second generation pharmacist "O.K." Grettenberger recognized early the consumers' and pharmacists' demand for natural essential oils. LorAnn's essential oils are quality tested and 100% pure botanical oils without added solvents, extenders, alcohol, or other diluting agents. All are obtained through either cold-press or steam distillation.

Drawing from our origins in pharmacy, LorAnn's essential oils offer premium quality at reasonable prices. Natural base oils and pure shea butter complement the essential oils for retailers, massage therapists, spas, and manufacturers.
