Business Principles

Customer Priority

The customer is always priority number 1. We do everything to ensure fast, delightful, and world-class service.

Product Knowledge and Value

Strive to be product experts. Provide competitive pricing.

Relationships

Cultivate genuine, long-term, and mutually beneficial relationships with customers, manufacturers, and employees. Always treat people equally and with respect.

Resourcefulness and Innovation

Maintain a strong global network to source quickly from anywhere in the world, and lead the market with innovative products.

Integrity

Take actions based on sound moral and ethical principles, that are rooted in honesty, sincerity, and candor.

Operational Efficiency

Use industry leading technology and warehouse management systems to increase efficiency and productivity.

Company Background

Calibre is a family owned and operated business, with strong values that have helped us succeed over the years. We genuinely care about our relationships, and we work hard to always go above and beyond for our customers.

Established in 1985, while Calibre has grown substantially, our core principles still remain the same today. We strive to be the best source of foodservice packaging products by offering our customers product choice and unparalleled customer service.
