

# CULINARY TEAS

## **Enjoy your Chinese Tea Sampler!**

*Our Chinese Tea collection includes the classics: white, green, red, oolong and pu-erh, all from the same plant but undergoing different levels of oxidation, fermentation, and processing. Take a tour!*

*Enjoy this journey and discover the different shapes of the leaves, colors of the liquor, and flavors. Enjoy!*

## **Ti Kuan Yin Iron Goddess Oolong Tea**

Oolong tea is semi-fermented which is one of the reasons it has such a unique character. This tea has a light 'airy' character with lightly noted orchid-like hints.

## **Leopard Snow Buds White Tea**

Made of the youngest downy tea bud of great delicacy. Very light liquoring with exquisite fresh character. The leaves virtually return to life and are emerald green.

## **Bamboo Temple Yunnan Tea**

In Chinese classification this tea is called "red" tea. Assam-like briskness with a fresh Yunnan buttery toast and jam finish. Milk will give Bamboo Temple Yunnan Tea a malty depth.

## **Dragonwell Green Tea**

Leaves are jade green with delicious aroma and mellow flavor. Liquor tends clear yellow with slight sweet taste. Delicious and with so many green tea health benefits!

## **Pu-erh - 1 year old Tea**

Full-bodied Pu-erh with pronounced earthy character. This is an excellent tea to introduce yourself to Pu-erh teas. It is said that Pu-erh helps curb cravings for sugar and alcohol, and may reduce cholesterol.
