CAUTION: Highly reactive; may cause fire or explosion

AUST L 90768

 +  = 5000ppm

Directions

- Add one entire sachet to one litre of water, stir and fully dissolve to produce 5000ppm available chlorine for sanitation and cleaning of surfaces
- Can also be used for blood and body fluid spills
- Do not allow sachet to get damp
- Use solution within 24 hours of preparation
- Not for use on medical devices

Safety

- Do not mix with any other chemicals or detergents
- Wear suitable gloves and avoid breathing dust
- Avoid contact with skin and eyes

First Aid

- If in contact with skin or eyes, flush with large quantities of water
- If swallowed, seek immediate medical attention
- Refer to Material Safety Data Sheet at www.eucalipgroup.com
