

Welcome To Our World Of Premium Stone Care

stonedoctoraustralia

Landolt Floorliner™ Vapor is the latest product in stock and we represent this Swiss import as the Sole Agent for Australia. Floorliner™ Vapor is the only breathable floor protective system available and you will find it ideal and useful for use on all your projects. It will give the ultimate protection for all newly installed floor substrates especially for use on natural stone tiles, engineered or reconstituted stone surfaces, finished timber floors & carpets.

PROTECTS

Using Floorliner™ Vapor will give you the peace of mind you need. Due to its ease of application, you can save time and most importantly, your handovers will never be the same again. You will have happy clients undoubtedly.

BREATHABLE

The icon shows a cross-section of a membrane with two horizontal lines. Dotted arrows indicate air passing through the membrane in both directions.

**OPTICOAT
ADHESIVE**

The icon shows a hand peeling a white adhesive sheet from a surface.

**DURABLE
&
REUSABLE**

The icon shows a metal tool, possibly a scraper or trowel, being used on a surface.

**SELF
JOINING
SHEETS**

The icon shows two sheets of material being joined together at a corner.
