

Optimo® Fabric Conditioner

Optimo® Fabric Conditioner is a rich, thick fabric conditioner, which untangles matted fibers restoring deep down softness to your everyday wash. Optimo Fabric Conditioner reduces static cling and creasing, reduces drying time, makes ironing easier and leave your clothes feeling fresh and wonderful.

Always:

- ▶ Use recommended dosage.
- ▶ Follow garment care instructions.
- ▶ Follow washing machine manufacturer's instructions for dispensing instructions.

Never:

- ▶ Pour undiluted Fabric Conditioner directly onto garments.
- ▶ Use Optimo Fabric Conditioner with any other product in the final rinse.
- ▶ Use Fabric Conditioner when water supply is severely discoloured.
- ▶ Use a dryer with excessive heat settings as perfume can be affected.

Fabric conditioners are not recommended for use on children's sleepwear or other garments labeled as flame resistant, as they may reduce flame resistance. Store in a safe place away from children.

Use Overview

Directions for use

HOW MUCH TO USE 			
WASHING MACHINE		HAND WASHING	
Normal Loads	Large Loads/ Hard Water	Clothing	Woolens
³ / ₄ cap 	¹ / ₄ - ¹ / ₂ cap per 5kg wash goods 	¹ / ₄ - ¹ / ₂ cap per 5kg wash goods 	³ / ₄ - 1 cap 
Add to dispenser or final rinse of machine. If the washing machine has a fabric conditioner dispenser, follow machine manufacturer instruction.		First wash garments with Optimo™ Laundry Powder .
