## Rinse additive for hard water

### Description

Suma® Crystal free A8 is a concentrated low foaming machine rinse additive with scale control properties

### Features

Suma® Crystal free A8 is a concentrated acid rinse additive. It has been specially formulated for use in a wide range of ware washing machines and washer disinfectors. The product contains a blend of low foam surfactants for rapid and streak free drying and for foam control in the dishwasher. It also contains scale control agents to keep the machine free from scale in medium hard and hard water conditions.

### Benefits

- Ensures quick drying.
- Gives streak and spot-free results.
- Suitable for hard water due to scale control agents.

### Application areas

- Hospitality
- Lodging
- Healthcare
- Food Service

## Rinse additive for hard water

### Directions for use:

Suma® Crystal free A8 is normally injected automatically into the final rinse water of ware washing machines at a concentration of 0.2-0.5 ml/l using Diversey automatic dispensing equipment or integral dosing pumps, if fitted. It may also be applied manually into the rinse aid reservoir of smaller ware washing machines. Actual dosage levels are determined according to local site conditions.

### Technical data

Appearance	Clear green liquid	pH (neat)	≤2
Relative density (20°C)	1.08	Dilution	0.2-0.5ml/L

*The above data is typical of normal production and should not be taken as a specification.*

Product	Pack size	SKU Code	Availability
Suma® Crystal free	2 x 5L	7510558	AU

### Safe handling and storage information

Store in original container. Avoid extremes of temperature and humidity.  
Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.

### Product compatibility

Under recommended conditions of use, Suma® Crystal free A8 is suitable for use on most materials commonly encountered in the kitchen. The neat product is corrosive towards brass and copper. Do not dose the product before the boiler and try to avoid the use of copper/copper alloy piping or use a stainless steel injection point.

### Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available online at [www.diversey.com](http://www.diversey.com) or by calling Toll free: Australia, 1800 647 779 or New Zealand, 0800 803 615.
