THE HEART OF ROYALBABY

Creative design + Advance crafting = RoyalBaby standard bike!
RoyalBaby utilizes the global supply chain to deliver premium, long-lasting, competitive bikes. We build our bikes from scratch here at our factory, delicately crafting every detail to ensure our bikes fully live up to our design and standard. Here is where our ride starts, and we hope you enjoy yours.

16.5 acres factory with around 300 staff and an annual capacity of 2 million units.
ISO9001 & Sedex certified manufacture.

10

◀ Saddle

The integrated saddle grip makes coaching much more effortless.

▼ Brake Lever

Detachable brake lever to increase maintainability.

The short travel distance brake lever is explicitly designed for kids' smaller hands.

▲ Seal Bearing

Maintenance free. Less hassle, smoother ride.

◀ Training Wheels

Wider and reinforced training wheel brace provides better corner maneuverability and will never bend.

Tires ▶

Fat tires increase the contact surface for easier balancing and a steady ride.

◀ Pedals

Widen and grooved surface to enhance grip for an efficient ride.
