

LASH-V

---

TRIPLE  
THREAT

EYELASH ADHESIVE

SAFETY DATA SHEET

# Safety Data Sheet

Page 1 of 6

Version no.: 2

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

## Section 1: Identification of the substance/mixture

<b>Product Name</b>	Triple Threat Glue
<b>Recommended Use</b>	Adhesive for Eyelashes (cosmetic use)
<b>Company Details</b>	Salon Tech Co Pty Ltd
<b>Address</b>	Warehouse 4 Aspen Circuit Springvale VIC 3171, Australia
<b>Telephone Number</b>	+61 439 371 341
<b>Emergency Telephone Number</b>	Australia Poison Information centre: Phone 13-11-26 New Zealand: National Poison Information centre. Phone 0800-764-766 Global Links to Poison Centres and Clinical Toxicologists all over the World: <a href="http://www.eapcct.org/index.php?page=links">http://www.eapcct.org/index.php?page=links</a>

## Section 2: Hazards Identification

### Classification of the Substance or Mixture:

#### AUSTRALIA CLASSIFICATION

This material is hazardous according to criteria of Safe Work Australia - Hazardous Chemical Information System (HCIS)

#### Label Elements

Pictogram

#### Signal Word

Warning

Hazard Classification

Eye irritation – category 2  
Specific target organ toxicity (single exposure) – category 3  
Skin irritation – category 2

Hazard Statement(s)

H319 (Causes serious eye irritation)  
H335 (May cause respiratory irritation)  
H315 (Causes skin irritation)

# Safety Data Sheet

Page 2 of 6

Version no.: 2

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

## Section 3: Composition/information on ingredients

### Mixture

Ethyl Cyanoacrylate, Polymethyl Methacrylate, Ethoxyethyl Cyanoacrylate, Black 2 (CI 77266), Hydroquinone, Methyl Pyrrolidone, Polyamide Resin

## Section 4: First Aid Measure

### Description of first aid measure

Inhalation:	If not breathing, give artificial respiration or give oxygen by trained personnel. If signs or symptoms persist, seek medical attention. Remove victim to fresh air.
Skin Contact:	Seek medical attention if ill effect or irritation develops. Immediately remove product from skin with cloth. Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse.
Eye Contact:	Do not attempt to pull apart bonded eyelid. Seek medical attention immediately. In case of eye contact, immediately rinse with clean water for 10 – 15 minutes. If itching, redness, or burning sensation develops, see a physician.
Ingestion:	If lips are bonded together, use warm water to gently separate lips apart. Do not induce vomiting. Saliva will cause cyanoacrylate to polymerize. Call a physician.

**Note to physician** Cured product does not pose a health risk

Seek medical advice or phone National Poison Information Centre Australia: Phone 13-11-26 (or) New Zealand: Phone 0800-764766

Global: <http://www.eapcct.org/index.php?page=links>

## Section 5: Fire-Fighting measures

<b>Type of hazard</b>	Combustible. Flash point 92 deg C (197.6 deg F). Closed Cup.
<b>Hazardous combustion products</b>	Under fire conditions, hazardous fumes will be present. Combustible liquid and vapor.
<b>Extinguishing media</b>	Use dry chemical powder, water spray or foam. Do not use water jet.

# Safety Data Sheet

Page 3 of 6

Version no.: 2

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

**Special procedures** As in any fire, wear self-contained breathing apparatus pressure-demand (MSHA/OSH approved or equivalent) and full protective gear.

## Section 6: Accidental Release Measures

**Special precautions** Wear protective clothing.

**Technical measures** Disposal of clean up materials may be governmentally regulated. Observe all applicable local, state and federal waste management regulations.

**Environmental precautions** Prevent entry to sewers and public waters, or other environmental mediums.

**Methods and material for containment and cleaning up** Small Spill: Absorb with an inert material and place in appropriate waste disposal container.

Large Spill: Extinguish all sources of ignition. Stop spill or leak at source. Absorb with an inert material and place in an appropriate waste disposal container.

## Section 7: Handling and Storage

**Precautions in handling and storage** Keep away from sources of ignition. Good ventilation of workplace required.

**Technical protective measures** Rapid polymerization occurs upon contact with water or alkaline substances. As a result, heat is generated. Skin inflammation or burns may occur upon contact during this polymerization.

**Storage:** Store in dry, cool, well-ventilated area. Keep away from sources of ignition.

**Handling** To avoid fire, minimize ignition sources. Avoid contact with eyes, skin, and clothing. In case of insufficient ventilation. Wear suitable respiratory equipment. May react in presence of moisture. May react or be incompatible with alkalies. Wash thoroughly after handling.

## Section 8: Exposure Control/Personal Protection

### Control parameters

**Individual Protection Measures (PPE):**

# Safety Data Sheet

Page 4 of 6

Version no.: 2

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

Respiratory protection: In case of insufficient ventilation, wear suitable respiratory equipment.

Eye Protection: Use splash goggles when eye contact due to splashing is possible. Safety glasses.

Skin protection: Wear gloves

**Hygiene measures:** Emergency eye wash fountains and safety showers should be available in the Immediate vicinity of any potential exposure.

## Section 9: Physical and Chemical Properties

Appearance	Liquid, black
Physical state at 20 degrees Celsius	Liquid
Boiling Point	190 degrees Celsius (374 degrees Fahrenheit)
Flash Point	92 degrees Celsius (197.6 degrees Fahrenheit)
Relative density, liquid (water=1)	1.05
pH	Not Applicable

## Section 10: Stability and Reactivity

**Stability and reactivity** Water will cause polymerization

**Hazardous decomposition products** Nitrogen oxides.  
Carbon oxides (carbon monoxide, carbon dioxide)  
Unidentified organic compounds in fumes and smoke may be formed during combustion

**Hazardous polymerization** Yes  
Heat generated during polymerization

**Materials to avoid** Alkali  
Reducing agents  
Water. Oxidizing agent  
Alcohol  
Acids  
Amines

**Conditions to avoid** Exposure to light, water or moisture

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

## Section 11: Toxicological Information

### Information on toxicological effects

**Rat oral LD50 [mg/kg]** >5000

**Rabbit dermal LD50 [mg/kg]** >2000

**Other** Irritation: Continuous high volume usage can irritate mucous membranes and the upper respiratory tract.  
Sensitization: May cause sensitization.

## Section 12: Eco-toxicity Information

Ecological effects information      No data available

Use this product according to good working practices. Large quantities should not be discharged into waterways to prevent pollution of the waterways. Inform the competent authorities, should the product reach waterways or contaminate soil or vegetation.

## Section 13: Disposal Considerations

### Disposal instructions:

**Applicable for industrial settings only:** Care must be taken to prevent environment contamination from the use of this material. Dispose of product in accordance with all local, state / provincial and federal regulations.

## Section 14: Transport Information

### Land transport ADG/ADR/RID (cross-border)

**Proper Shipping Name** UN 1993, Flammable Liquid, n.o.s.

**UN no** 1993

**H.I. nr** 33

**ADG/ADR/RID** Special Provision: 640D  
Group: II  
Class: 3

Date of Previous Revision: 3/9/2017

Date of current revision: 29/9/2021

Product name: Triple Threat Glue

## Section 15: Regulatory Information

### Regulations

This product has been classified in accordance with the HCIS (Hazardous Chemical Information System) criteria Safe Work Australia

AICIS

Product is a cosmetic product and regulated under the Australian Industrial Chemicals Introduction Scheme

## Section 16: Other Information

### Disclaimer:

The information continued herein is based on the manufacturers own study and the work of others, implied, as to the accuracy, completeness or adequacy of the information contained herein, and neither the provider nor the manufacturer are liable to any party for any damages of any nature, including direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy or furnishing of any information in the SDS, or in any other way related (directly or indirectly) to this SDS. The information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any other process.
