

HEAVY DUTY TRUCK COPPER BRASS RADIATORS

Dolphin's thermally optimized heavy-duty radiator cores combine our advanced anti-corrosion technology with high-performance cooling to enhance your truck's endurance under tough conditions over long-haul trips.

High quality Brass tanks with self-formed ribs enhance the pressure holding capacity

Solder dipped header plate for uniform soldering of tube to header plate

Reinforced sub-plates under the headers strengthen the tube-to-header joints

Extended grooves on the header increase the grip on a tank with solder

Seamless welded dimpled tubes for maximum heat dissipation

Mechanically formed Side frames are powder coated to resist corrosion in harsh conditions and compete with OE standards

Higher gauge long-life fins create extensive turbulence for Maximum heat dissipation

Side channels are zinc plated that help to fight corrosion

Silicon protective caps protect the radiator from dust and moisture
