Set of 19-in-1 Interchangeable Multi Bit Ratchet Screwdriver Set – All-In-One Multi Screwdriver comes with a Built-In Handle Storage

MP002001

19 Comprehensive Assortment of 19-in-1 Pack

- 1pc Ratchet handle with storage
- 16 tips: 7pcs 1/4" x 75mm double end bit
- Slotted 1/8" & Phillips #0
- Slotted 3/16" & Phillips #1
- Slotted 1/4" & Phillips #2
- Hex 1/8" & Hex 3/16"
- Star T15 & Star T20
- Pozi #1 & Pozi #2
- Square #1 & Square #2
- 1pc 5/16" x 75mm double end bits : Phillips #3 x Slotted
- 3pcs Nutdrivers:
- 2pcs Nutdriver on tube 1/4" x 5/16"
- 1pc Nutdriver on Ratchet 7/16"

Ergonomically Designed Handle

This multi bit ratchet screwdriver features an ergonomic handle design which provides a comfortable grip and reduces user fatigue.

Durable and Sturdy

Made from industrial grade materials, the ratchet and bit set provides consistent performance with increased toughness and durability.

Ultra Convenient Storage

This multibit ratchet handle comes with a convenient storage for easy access of your bits!

Quality Guaranteed

Made in Taiwan with lifetime warranty! A masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This is the only multi-bit ratchet screwdriver you need at your workshop/home.

8PC Multibit Screwdriver, Stubby multi screwdriver with 3 Slotted – 2 Philips and 2 Star, 7 in 1 Stubby Ratchet Screwdriver Short Nut Driver

MP002005

Versatility

7-Piece Bits includes: (3) Slotted: 5/32", 3/16", 1/4" (2) Philips Head: #1, #2 (2) Star: T15, T10. (Please note that there is an printing error on the packaging which says T20)

Increased Efficiency

Stubby screwdriver with smooth ratcheting mechanism allows users to work with better efficiency.

Tough & High Grade Quality

Each driver bit is chrome vanadium plated that resists corrosion and abrasion, providing greater durability and toughness.

Ergonomic Handle

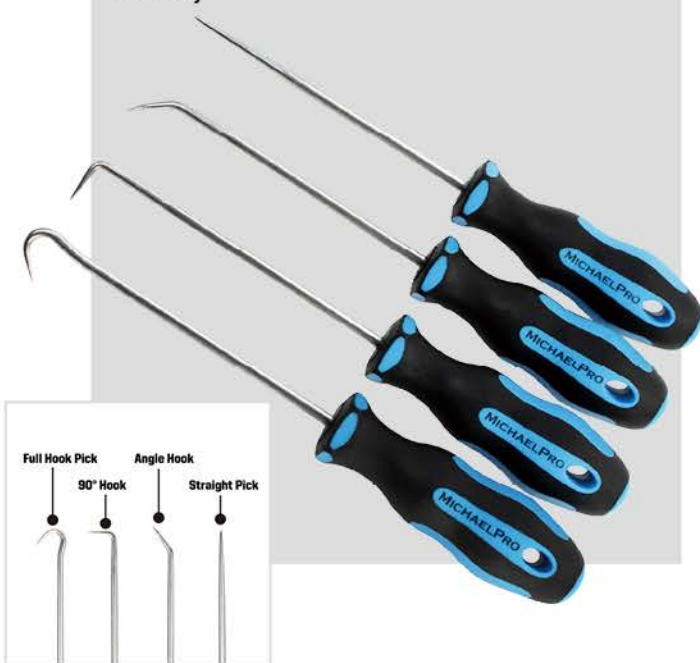

This stubby multi screwdriver features an ergonomic handle design which provides a comfortable grip and reduces user fatigue.

Quality Guaranteed

Made in Taiwan with lifetime warranty! A masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This is the only stubby ratchet screwdriver you need at your workshop/home.

4 PC Precision Mini Pick & Hook Set - Assortment of Straight, Angled, Degree Pick and Hook Tools Suitable for Mechanics, Automotive and Daily

MP002006

- 4 PC SET Includes**
- 1 pc full hook
 - 1 pc angled hook
 - 1 pc degree hook
 - 1 pc straight pick tool

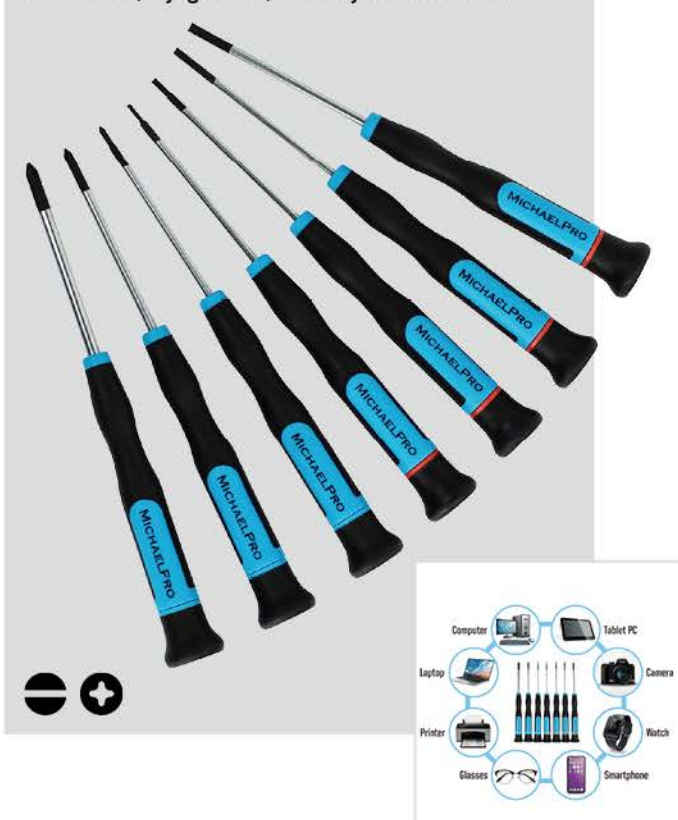

Ergonomically Designed Handle
These pick and hook tools set features an ergonomic handle design which provides a comfortable grip and reduces fatigue, allowing users to work more efficiently.

Multi-Usage
These mechanics precision pick set is designed specifically for maximum versatility in tight and hard-to-reach areas, and are ideal for removing hoses, moldings, clips, clamps, seals, O-rings, cotter pins, gaskets and more!

Durable & Sturdy
Made from high grade materials, this pick and hook set provides consistent performance with increased toughness and durability.

Made In Taiwan
Quality guaranteed with lifetime warranty! A masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, and Mechanics.

7 PC Precision Screwdriver Set - Repair Tool Kit with Comfortable Non-Slip Grip for Electronics, Eyeglasses, Jewelry and Watches

MP002007

Essentials
7-Piece Mini Screwdriver Tool Kit includes all the essential sizes you need.

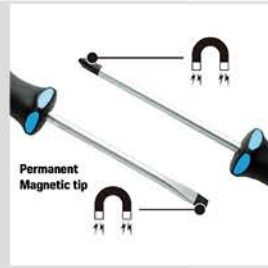

Excellent Ergonomic Handles
Comfortable non-slip grip allows optimal balance of efficiency and strength.

Professional Quality
MichaelPro's Precision Screwdriver Kit is made from industrial grade Chrome Vanadium Steel Alloy (Cr-V), which promises tough performance and effectively resist rusting, and corrosion.

Variety of Uses
This Screwdriver tools is specially crafted to serve a multitude of uses - ideal for eyeglasses, sunglasses, electronics, jewelry, watches, accessories and more!

Precise Quality Control
Made in Taiwan. Quality guaranteed with lifetime warranty! A masterpiece for professionals, home improvements, DIY and garage works.

8 PC Slotted and Phillips Screwdriver Set with Magnetic Tips and Ergonomic Dual Material Grip Handle – Standard Screwdriver Kit for Home Improvement and Automotive

MP002008

8 PC SET Includes 8-Piece Phillips and Slotted set includes: (4) Slotted Head: 3/16"x3", 1/4"x4", 5/16"x6", 1/4"x1-1/2" (4) Philips Head: #1x3", #2x1-1/2"#, 2x4", #3x6"

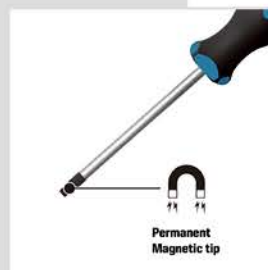

Permanent Magnetic Tips This magnetic screwdriver sets with permanent and strong magnetic tips enable to hold screws and prevent dropping, it's the magnetic tool set you must have.

Ergonomic Grip Design PP+TPV Rubber Soft Grip Handle provides good comfort and the optimal balance of strength and efficiency.

Durable Quality Patented SVCM Steel, with Satin Chrome Plated offers hardened and flexible durability, meets even exceeds ANSI standards for performance and quality.

Quality Guaranteed Made in Taiwan with lifetime warranty! Great piece for professionals, garage works, home improvements and DIY, must have for Engineers, Collectors, Mechanics, and Car Lovers.

7 PC Torx Screwdriver Set – With Ergonomic Dual Material Grip Handle, T10, T15, T20, T25, T27, T30, T40

MP002010

What You'll Get Essential sizes: T10, T15, T20, T25, T27, T30, T40. The length of each screwdriver is 4-inch (100mm).

PERMANENT MAGNETIC TIPS This magnetic screwdriver sets with permanent and strong magnetic tips enable to hold screws and prevent dropping, it's the magnetic tool set you must have.

Ergonomic Grip Design PP+TPV Rubber Soft Grip Handle provides users with greater torque, the comfort and the optimal balance of strength and efficiency.

Durable Quality Patented SVCM Steel, with Satin Chrome Plated offers hardened and flexible durability, meets even exceeds ANSI standards for performance and quality.

Smooth & Precise Made of premium materials under strict quality control, it ensures smooth usage and precise adjustment.

Quality Guaranteed Proudly Made in Taiwan with limited lifetime warranty! Made from industrial grade materials, this torx screwdriver set provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This also makes a perfect gift option for any occasion!

Two-Position Ratcheting Screwdriver – 9-in-1
Adjustable Angle Screwdriver with Multi Bits, Comes with Built-In Handle Storage

MP002024

Specifications

1pc 20-Tooth foldable Ratchet handle with storage of 8 S2 material bits: PH1, PH2, PH3, SL4, SL6, PZ1, PZ2, PZ3. It also features a Stainless Steel Collar that Magnetizes bit tip to hold screws.

Ergonomic Two-Position Grips

2 position handle – Straight or Pistol grip for greater versatile usages in any environments. Such combination of grips provides more leverage and enables you to accomplish more tasks and projects! This multi bit ratchet screwdriver is ergonomically designed to provide a comfortable grip and reduces user fatigue.

Forward & Reverse Ratcheting

20-Tooth Ratcheting Mechanism with Forward, Reverse and Lock positions, especially useful in tight and confined spaces. Made from industrial grade materials, the ratchet and bit set provides consistent performance with increased toughness and durability.

Ultra Convenient Storage

This multibit ratchet handle comes with a convenient storage for easy access to all your bits!

Quality Guaranteed

Made in Taiwan with lifetime warranty! A masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This is the only multi-bit ratchet screwdriver you need at your workshop/home.

7" Ratcheting Screwdriver & Nut Driver –
Multi-Bit, Cushioned Grip, Black/Red

MP002025

Specifications

1pc 25-Tooth Ratchet Screwdriver with storage of 2pc (4 tips) bits: PH1/SL5, PH2/SL6. It also features a Stainless Steel Collar that Magnetizes bit tip to hold screws.

Ergonomically Designed Handle

This multi bit ratchet screwdriver features an ergonomic handle design which provides a comfortable grip and reduces user fatigue.

Durable and Sturdy

Made from industrial grade materials, the ratchet and bit set provides consistent performance with increased toughness and durability.

Ultra Convenient Storage

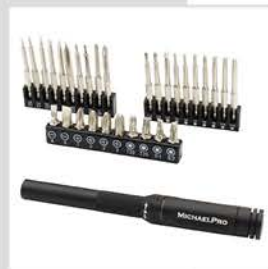

This multibit ratchet handle comes with a convenient storage for easy access to all your bits. You do not have to carry extra storage for the bits.

Quality Guaranteed

Made in Taiwan with lifetime warranty! A masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This is the only multi-bit ratchet screwdriver you need at your workshop/home.

Ratcheting Precision Screwdriver with Bits
 - 30Tooth, Two-Way Full Aluminum Screwdriver,
 31-Piece

MP002026

What You'll Get
 1pc 30-Tooth Full Aluminum Ratcheting Screwdriver, H4mm x 50mmL Bits in Phillips: #000/#00/#0/#1, Slotted: 1.0/1.5/2.0/2.5/3.0/4.0, Torx: T5/T6/T7/T8/T9/T10/T15, Hex: H1.5/H2.0/H2.5, S2 Bits in Phillips: #1/#2/#2/#3, Slotted: 4/6mm, Torx: T20/T25, Square: S1/S2. It also features a Magnetizing tip to hold bits.

Sleek & Minimalist Design
 Slim, Sleek, Black and in Full Aluminum. Not only this is one of the most handsome screwdrivers, we also paired this screwdriver with the most essential bits needed for most kinds of tasks so you will definitely not regret adding this to your collection! Conveniently stored in a dual-colored foam tray and bits secured in bits racks with clear size markings. It's gonna be so easy to retrieve your desired bits as well as to store them back!

Forward & Reverse Ratcheting
 30-Tooth Ratcheting Mechanism with Forward, Reverse and Lock positions, especially useful in tight and confined spaces. The mini size drive handle is only 5.2" long and 3/5" wide, small and light enough for operation in confined places, especially in awkward places like U shape corner, lateral surface, etc.

Smooth & Precise
 Made of aluminum, it ensures smooth ratcheting in both directions and precise adjustment. Just a simple turn press converts the clockwise and counterclockwise rotation of the screwdriver to quickly switch from tightening to loosening screws.

Quality Guaranteed
 Proudly Made in Taiwan with limited lifetime warranty! Made from industrial grade materials, the ratchet screwdriver and bit set provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This also makes a perfect gift option for any occasion!

Ratcheting Precision Screwdriver – 30Tooth, Two-Way Full Aluminum Screwdriver, Micro Screwdriver

MP002027

What You'll Get

1pc 30-Tooth Full Aluminum Ratcheting Screwdriver. It also features a Magnetizing tip to hold bits/screws.

Sleek & Minimalist Design

Slim, Sleek, Black and in Full Aluminum. Not only this is one of the most handsome screwdrivers, we have also made this screwdriver as lightweight as possible without compromising on the materials used so you will definitely not regret adding this to your collection!

Forward & Reverse Ratcheting

30-Tooth Ratcheting Mechanism with Forward, Reverse and Lock positions, especially useful in tight and confined spaces. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers.

8 PC VDE Interchangeable Screwdriver Set with Pouch – Insulated Screwdriver Set, Precision Screwdriver Set for Electrical, Slot & Phillips Screwdrivers Kit

MP002021

Specifications

1 interchangeable handle, 1 precision screwdriver cap, 6 interchangeable blades that contains #1 and #2 Phillips drivers, 2.5, 3.5, 4, 5.5 Slotted drivers, and a carrying pouch. This screwdriver set with case offers greater convenience and portability.

Designed With Users In Mind

These VDE screwdrivers are constructed out of high strength Chrome Molybdenum material and comes with Phosphate surface treatment. They also feature high visibility red insulated shafts. The ergonomic non-slip handles are designed to provide maximum comfort and superior leverage as well as improved access in confined spaces.

Tested And Certified

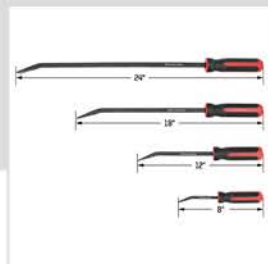

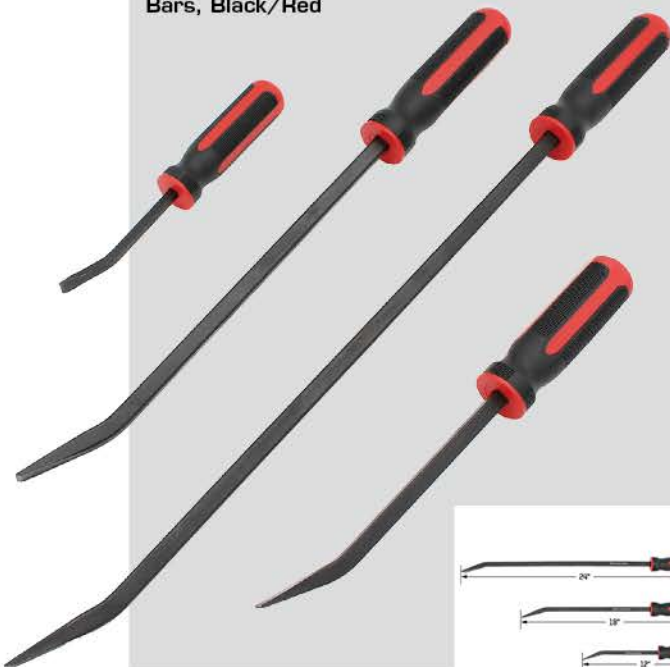

These insulated screwdrivers are tested to meet VDE and are GS certified for up to 1000 volts to guarantee safe working.

Reliable And Trustable

Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, these VDE screwdrivers are definitely one of your essentials. Our customers trust our tools to be of quality ones. Your tools are backed by our Limited Lifetime Warranty. If you experience any issues, simply contact us for assistance.

4 PC Pry Bar Set – 8", 12", 18", 24" Tough Pry Bars, Black/Red

MP009070

Specifications

A set of must-have sizes, you'll receive a set of four tough pry bars in 1/4" x 8" length, 3/8" x 12" length, 7/16" x 18" and 7/16" x 24".

Constructed Out Of Tough Materials

The shafts are made out of CR-MO (Chrome Moly) which has been proven to withstand pressure and wear and tear, you can be sure that this set is designed to last you a lifetime! The comfortable non-slip handles are made of tough polypropylene for greater durability and comfort with aims of reducing user fatigue yet providing a secure grip.

Better Leverage

The chiseled edge and angled tip creates a high-leverage fulcrum for lifting and are best for prying and lifting even in confined spaces. You can use the extended lengths for the extra leverage you need.

Quality Guaranteed

MichaelPro's tools are Proudly Made in Taiwan, and we are known for our commitment in producing the best quality tools. Hence we are super confident to promise a limited lifetime warranty for all our pry bars to all our customers! Feel free to drop us a line if you need any assistance and we'll be glad to be help!

Extendable Indexing Pry Bar Set - 18-Inch to 30-Inch Length

MP009079

Specifications

This professional grade tool has an extendable length from 18" up to 30" with a 180 degrees, 14-position locking head for improved access and leverage at any angle.

Carefully Engineered Material

Industrial grade Chrome Vanadium (Cr-V) steel, stay confident that this indexing pry bar will be a lifetime companion through your toughest jobs.

Safe Storage

Heavy duty blow molded carrying case with latches allows for safe storage, easy transportation, and convenient organization.

Textured Grip

Knurled handle textures ensure a secure grip allowing you to maneuver your tool easily without slip.

3 PC Indexing Pry Bar Set - 10", 12", 15", Sturdy Storage Case Included

MP009080

Specifications

A set that includes 10", 12", 15" Indexing Pry Bars. This professional indexing pry bar set has a 180 degree swivel allowing for ease of access and 14 locking positions for leverage in a multitude of angles and applications making this tool exceptional on the market.

Carefully Engineered Material

Industrial grade Chrome Vanadium (Cr-V) steel, stay confident that this indexing pry bar will be a lifetime companion through your toughest jobs.

Safe Storage

Heavy duty blow molded carrying case with latches allows for safe storage, easy transportation, and convenient organization.

Textured Grip

Knurled handle textures ensure a secure grip allowing you to maneuver your tool easily without slip.

3/8" Manual Impact Driver – 6-sided Non-Slip Grip, Heavy Duty, Include 11 Hex, Slotted, Phillips Bits and Adapter

MP005037

Specifications

This set includes a heavy duty 3/8" Drive heavy duty Impact Driver designed with 6-sided grip, S2 5/16" x 36L bits in these following sizes: PH1, PH2, H3, H5, H6, H8, S6, S8, S10, 5/16" x 80L bits in these sizes: PH2, S8 and a 3/8" bit holder. Chrome-plated steel impact driver has a relatively larger and thicker body that ensure optimal strength and efficiency. The Manganese Phosphate finish adds resistance to corrosion and rust.

Unique Grip

This driver comes with a unique 6-sided grip offers an enhanced anti-slip grip, which differs from the traditional rounded body. The top of the driver also comes with three rubber rings for easier holding, even when your hands are slippery.

Designed For Use For Sockets

Strike the flat end of the driver with a hammer to turn the drive tang 20 degrees in the direction you set the tool for. You can even use this driver with sockets without a bit chuck.

Applications

Made for the toughest jobs, use it for loosening of frozen and/or rusty bolts, nuts and screws without damaging them, whether you are changing a rotor or on a brake job. This impact manual driver saves users the hassle of drilling and tapping stubborn fasteners.

1/2" Manual Impact Driver – 6-sided Non-Slip Grip, Heavy Duty, Include 11 Hex, Slotted, Phillips Bits and Adapter

MP005038

Specifications

This set includes a heavy duty 1/2" Drive heavy duty Impact Driver designed with 6-sided grip, S2 5/16" x 36L bits in these following sizes: PH1, PH2, H3, H5, H6, H8, S6, S8, S10, 5/16" x 80L bits in these sizes: PH2, S8 and a 1/2" bit holder. Chrome-plated steel impact driver has a relatively larger and thicker body that ensure optimal strength and efficiency. The Manganese Phosphate finish adds resistance to corrosion and rust.

Unique Grip

This driver comes with a unique 6-sided grip offers an enhanced anti-slip grip, which differs from the traditional rounded body. The top of the driver also comes with three rubber rings for easier holding, even when your hands are slippery.

Designed For Use For Sockets

Strike the flat end of the driver with a hammer to turn the drive tang 20 degrees in the direction you set the tool for. You can even use this driver with sockets without a bit chuck.

Applications

Made for the toughest jobs, use it for loosening of frozen and/or rusty bolts, nuts and screws without damaging them, whether you are changing a rotor or on a brake job. This impact manual driver saves users the hassle of drilling and tapping stubborn fasteners.

WRENCH/ADJUSTABLE WRENCH

8 PC SAE Combination Wrench Tool Set –
 Patented Spiral Grip Design Spanner Set, 15 Degree
 Offset Wrench Set at Open End, SAE Wrench Set
 for Mechanic

MP001014

8 PC SET 8-Piece Combination Wrench Package
 Includes (1) Each 5/16", 3/8", 7/16", 1/2", 9/16",
 5/8", 11/16", 3/4" and a rack to meet various jobs.
 A wide collection of SAE sizes gives the user a variety
 of options. A must-have SAE Wrench Set for mechanic
 house improvement projects, collectors and engineers.

High Quality Chromium Vanadium Steel
 That meets and even exceeds the ANSI standards for our
 tools, allowing the wrenches tool set to withstand high
 torque and heavy-duty works.

Unique Patented Design
 With ergonomic spiral grip that optimizes the torque
 efficiency and enhances strength. This is a comprehensive
 wrench set suitable for a variety of tasks.

Special Angular Design
 At the tip allows for full motion range and maximizes
 efficiency. The 12-Point box end doubles the access angle
 as compare to a 6-point end, and the 15 degree offset
 at the open end allows an increased range of arc swing,
 which provides a better accessibility for reaching confined
 spaced nuts with the deepened ring head assisting the
 user when performing tasks in confined spaces.

Made In Taiwan
 Quality guaranteed with limited lifelong warranty. This is
 a must-have Metric Wrench Set for mechanics, DIY-ers,
 house improvement projects, collectors and engineers.

8 PC Metric Combination Wrench Tool Set –
 Patented Spiral Grip Design Spanner Set, 15
 Degree Offset Wrench Set at Open End, Metric
 Wrench Set for Mechanic

MP001015

18 PC Bolt Extractor Combination Wrenches and Sockets Set (Metric) – 6-Point Rounded Box End Nut & Bolt Remover, Rounded, Stripped, Thin Bolt & Nut Remover, Comes with Cushion Grip Sockets

MP001211

Multi-Usage Extractor Wrench
12Pc Metric Multi-Usage Wrenches that acts as regular combination wrenches as well as a patented teeth feature that functions as extractor wrenches. The wrenches are capable of gripping and taking out rounded bolts, stripped bolts and thin bolts without slipping. The 6-point and 3-cornered box end design shields fasteners from damage under high torque situations.

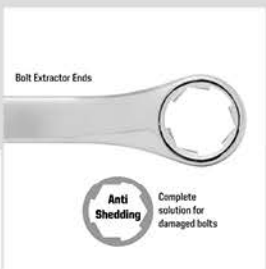

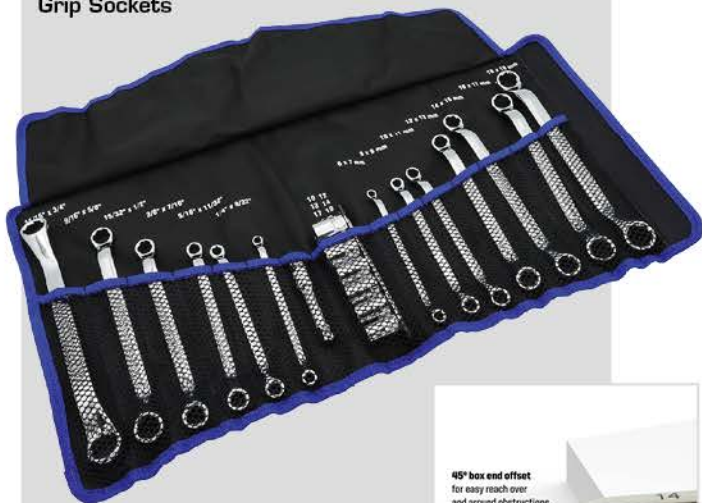

Cushion Grip Sockets
An unprecedented design, these grip sockets have patented cushions that protects fasteners from damage, works perfectly on rounded and stripped bolts and they can be used on both magnetic and non-magnetic fasteners.

Quality Exceeds Expectations
The wrenches are constructed from industrial grade Chrome Vanadium (CR-V) steel and polished finish, and they even exceeds ANSI standards. Our wrenches and sockets promise a lifetime lifespan even with heavy duty usage.

Essential & Precised Sizes
Extractor Wrenches: 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19 mm. Cushion Grip Sockets: 10, 12, 13, 14, 17, 19 mm. No common sizes skipped.

Convenient Storage
These extractors and sockets come fitted in a heavy duty Polyester storage pouch with a convenient carrying handle and clearly printed sizes. It provides sufficient protection and convenient storage to your tools. You won't have worry about losing your tools anymore.

19 PC Bolt Extractor Offset Wrenches and Sockets Set (SAE & Metric) – 6-Point Rounded Box End Nut & Bolt Remover, Rounded, Stripped, Thin Bolt & Nut Remover, Comes with Cushion Grip Sockets

MP001212

Box End Extractor Wrench
19Pc 2-in-1 Multi-Usage Wrenches that acts as regular box end wrenches as well as a patented teeth feature that functions as extractor wrenches. The wrenches are capable of gripping and taking out rounded bolts, stripped bolts and thin bolts without slipping. The 6-point and 3-cornered box end design shields fasteners from damage under high torque situations. 45° offset offers more versatility in accessibility.

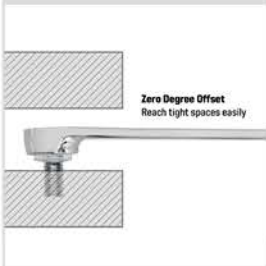

Cushion Grip Sockets
An unprecedented design, these grip sockets have patented cushions that protects fasteners from damage, works perfectly on rounded and stripped bolts and they can be used on both magnetic and non-magnetic fasteners.

Quality Exceeds Expectations
The wrenches are constructed from industrial grade Chrome Vanadium (CR-V) steel and polished finish, and they even exceeds ANSI standards. Our wrenches and sockets promise a lifetime lifespan even with heavy duty usage.

Essential & Precised Sizes
Metric Extractor Wrenches: 6x7, 8x9, 10x11, 12x13, 14x15, 16 x17, 18 x19 mm. SAE Extractor Wrenches: 1/4" x 9/32", 5/16" x 11/32", 3/8" x 7/16", 15/32" x 1/2", 9/16" x 5/8", 11/16" x 3/4". Cushion Grip Sockets: 10, 12, 13, 14, 17, 19 mm. No common sizes skipped.

Convenient Storage
These extractors and sockets come fitted in a heavy duty storage pouch with a convenient carrying handle and clearly printed sizes. It provides sufficient protection and convenient storage to your tools. You won't have worry about losing your tools anymore.

7 PC Extra Long Bolt Extractor Wrench Set (Metric) - 6-Point Rounded Box End Nut & Bolt Remover, Rounded, Stripped, Thin Bolt & Nut Remover

MP001213

Extra Long Box End Extractor Wrench

7Pc 2-in-1 Extra Long Multi-Usage Wrenches that acts as regular box end wrenches as well as a patented teeth feature that functions as extractor wrenches. The wrenches are capable of gripping and taking out rounded bolts, stripped bolts and thin bolts without slipping. The 6-point and 3-cornered box end design shields fasteners from damage under high torque situations. Zero offset and long lengths offers better accessibility even in tough/hard-to-reach spaces.

Quality Exceeds Expectations

The wrenches are constructed from industrial grade Chrome Vanadium (CR-V) steel and polished finish, and they even exceeds ANSI standards. Our wrenches and sockets promise a lifetime lifespan even with heavy duty usage.

Essential & Precised Sizes

Metric Extractor Wrenches: 6x7, 8x9, 10x11, 12x13, 14x15, 16 x17, 18 x19 mm. No common sizes skipped. A set of 2-in-1 wrenches perfect for all kinds of works.

Convenient Storage

These extractor wrenches come fitted in a heavy duty storage pouch with a convenient carrying handle and clearly printed sizes. It provides sufficient protection and convenient storage to your tools. You won't have worry about losing your tools anymore.

3 PC Multi-Position 72 Tooth Extendable Flex - Head Ratchets, 1/4", 3/8", 1/2" Drive, Reversible with Quick Release

MP001210

Multi-Position Extendable

Quickly extend or decompress your ratchets handle with the telescoping locking mechanism. The lengths for the ratchets are: 1/4" Dr. Ratchet = 5.6" to 7.5", 3/8" Dr. Ratchet = 7.3" to 9.8", 1/2" Dr. Ratchet = 9" to 12.4".

Industrial Quality

Fully reversible with Quick Release mechanism, these 72Tooth ratchets are made of drop-forged heat treated chrome vanadium (CR-V) for improved durability and increased lifespan. Dual direction ratcheting gear. Increase applied torque for tough fastener applications with these ratchets.

Flex Head

180-Degree Flex-Head, 5-Degree Swing Arc to get the job done easily. 180-degree flex-head makes it easy to navigate around odd angles and tight corners/spaces.

Convenient Storage

Ratchets come fitted in a heavy duty foam tray for easier storage in cabinets and drawers, and provides sufficient protection.

7 PC Black Oxide Bolt Extractor Offset Wrench Set (Metric) – 6-Point Rounded Box End Nut & Bolt Remover, Rounded, Stripped, Thin Bolt & Nut Remover

MP001217

Multi-Usage Extractor Wrench

7Pc Metric Multi-Usage Wrenches that acts as regular box end wrenches as well as a patented teeth feature that functions as extractor wrenches. The wrenches are capable of gripping and taking out rounded bolts, stripped bolts and thin bolts without slipping. The 6-point and 3-cornered box end design shields fasteners from damage under high torque situations. 45° offset offers more versatility in accessibility.

Essential & Precised Sizes

14 sizes in 7 Extractor Wrenches: 6x7, 8x9, 10x11, 12x13, 14x15, 16x17, 18x19 mm. No common sizes skipped.

Quality Exceeds Expectations

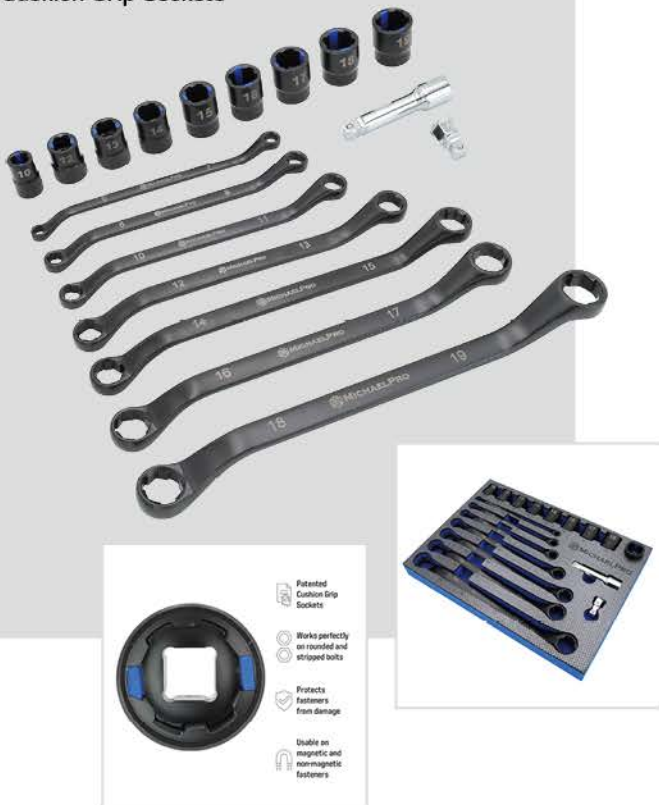

The wrenches are constructed from industrial grade Chrome Vanadium (CR-V) steel and coated with Black Oxide finish, has a HRC 42 – 48 ° . They meet and even exceeds ANSI standards. Our wrenches and sockets promise a lifetime lifespan even with heavy duty usage.

Convenient Storage

These extractors wrenches come fitted in a heavy duty foam tray and sizes printed. It provides sufficient protection and convenient storage to your tools. You won't have worry about losing your tools anymore.

18 PC Black Oxide Bolt Extractor Offset Wrenches and Sockets Set (Metric) – 6-Point Rounded Box End Nut & Bolt Remover, Rounded, Stripped, Thin Bolt & Nut Remover, Comes with Cushion Grip Sockets

MP001218

Box End Extractor Wrench

18Pc 2-in-1 Multi-Usage Wrenches that acts as regular box end wrenches as well as a patented teeth feature that functions as extractor wrenches. The wrenches are capable of gripping and taking out rounded bolts, stripped bolts and thin bolts without slipping. The 6-point and 3-cornered box end design shields fasteners from damage under high torque situations. 45° offset offers more versatility in accessibility.

Cushion Grip Sockets

An unprecedented design, these grip sockets have patented cushions that protects fasteners from damage, works perfectly on rounded and stripped bolts and they can be used on both magnetic and non-magnetic fasteners.

Essential & Precised Sizes

14 sizes in 7 Extractor Wrenches: 6x7, 8x9, 10x11, 12x13, 14x15, 16x17, 18x19 mm. Cushion Grip Sockets: 10, 12, 13, 14, 15, 16, 17, 18, 19 mm. No common sizes skipped.

Quality Exceeds Expectations

Convenient Storage

These extractors and sockets come fitted in a heavy duty foam tray and sizes printed. It provides sufficient protection and convenient storage to your tools. You won't have worry about losing your tools anymore.

Extension Wrench – features 1/4-Inch & 3/8-Inch Square Drive Adapters, for Access to Confined Spaces, 0 Degree Swing Arc

MP001216

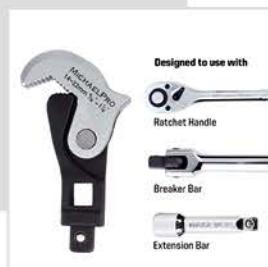

? **What You'll Get**
The Extension Wrench Tool comes with 1/4-inch and 3/8-inch square drive adapters. This wrench measures 13.4 inches (340mm) in length and is only 0.625 inches thick. The heavy duty wrench can be used with impact and pneumatic wrenches at a maximum torque of 96 ft/lb (130 Nm).

★ **Features**
This wrench is constructed out of heavy duty and tough steel construction, enclosed with a lightweight yet durable aluminum casing. Its zero-degree swing arc enables you to have easy access to fasteners in any tight and confined spaces. Its chain-driven mechanism enhances smoothness when using and durability of the wrench.

❄️ **Wide Applications**
This Extension Wrench is designed to access hard to reach fasteners. Regardless whether you're working with water pumps, power steering pumps, generators, A/C compressors, transmissions, or starters, this tool will help you get to the fasteners you need to reach.

🏆 **Quality Guaranteed**
Proudly Made in Taiwan with limited lifetime warranty! Made from industrial grade materials, this oil funnel provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers.

3PC Spring-Loaded Auto Size Adjusting Crowfoot Wrench Set – Self-Adjusting Wrench, Multi-Size Spring Wrench, Auto Size Rapid Wrench

MP001205

🕒 **A Super Time Saver**
Stop wasting time searching for the right-sized wrench! These crowfoot wrenches are specially designed with auto size adjusting jaws and with just three wrenches, they replace all metric and standard wrenches between 5 – 32mm, 3/16" – 1-1/4".

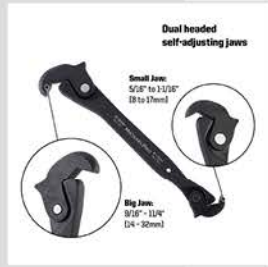

? **What It Does**
Special jaw design allows tool to rotate back and reposition, performing better than regular crowfoot wrenches specially in confined spaces and areas. These wrenches provide endless applications such as bolt and screw extraction to loosening and tightening hard-to-reach pipes and fittings.

🔪 **Serrated Edges For Firm Grip**
Spring-loaded tension and serrated edges provide a firm grip on most types of fasteners including hexagonal, spline, star & square head nuts, bolts & screws, even damaged fasteners.

👉 **Easy To Use**
Simply attach to any ratchet, breaker bar, extension bar and it is ready for use.

🏆 **Reliable And Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, these wrenches are definitely one of the essentials in your garage, workshop and home. Our customers trust our tools to be of quality ones.

Dual Action Auto Size Adjusting Wrench – Self-Adjusting Quick Wrench, Multi-Size Spring Wrench, Auto Size Rapid Wrench, Black

MP001206

⌚ A Super Time Savers
Stop wasting time searching for the right-sized wrench! This quick wrench is specially designed with auto size adjusting jaws: the big jaw has a capacity of 9/16" – 1 1/4" (14 – 32mm), and the small jaw has a capacity of 5/16" to 1-1/16" (8 to 17mm). This means that with just one of this dual-head wrench, you can replace all metric and standard wrenches that falls between the sizes mentioned above!

❓ What It Does
Special jaw design allows tool to rotate back and reposition, performing better than other wrenches. Users won't have to keep adjusting their wrench to the right size with this tool. This wrench provides endless applications such as bolt and screw extraction to loosening and tightening hard-to-reach pipes and fittings.

⚙️ Perfect Ratcheting Effect
Spring-loaded tension and serrated edges provide a firm grip on most types of fasteners including hexagonal, spline & square head nuts, bolts & screws, even damaged fasteners. Made of high quality CR-V, this wrench performs a perfect ratcheting effect on every job, is stronger and more durable than ever.

🏆 Reliable And Trustable
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this auto adjusting wrench is definitely one of the essentials in your garage, workshop and home. Our customers trust our tools to be of quality ones.

3/8" Drive Flex Handle/Breaker Bar – For Extra Torque

MP007001

12 INCH 12 Inch Long Chrome Vanadium Steel Handle
Provides maximum torque.

180° Easy Reach In Tight Spaces
With 180 degree flexible head and generate optimized leverage.

🌿 Perfect In Breaking And Loosening Stubborn
Stuck or rusted nuts and bolts.

🧼 Durable Chrome Plated Finish
Is corrosion-resistant and easy to wipe clean.

🏆 Made In Taiwan
Where it is being widely recognized for its dedication in producing premium quality tools.

1/2" Drive Extendable Breaker Bar – 15 - 24"
Length, Rotating Flex Head, Cr-V Steel

MP007002

-  **Long Reach**
Half inch drive breaker bar with an extendable handle that goes from 15-inch to 24-inch in length to provide ample leverage to maximize torque.
-  **Greater Durability**
Made of extremely durable chrome vanadium and corrosion-resistant mirror/chrome polish finish. It is very easy to wipe clean.
-  **Versatile**
180-degree flexible head works at any angle, to reach around tight spaces and generate optimized leverage.
-  **Secure Grip**
Spring-load ball bearing holds sockets securely and perfect in breaking and loosening stubborn, stuck or rusted nuts and bolts. Square drive radius corners also has the ability of reducing socket wear by locking on to the entire sides of the fastener rather than the edges.
-  **Reliable & Trustworthy**
Made in Taiwan, where it is being widely recognized for its dedication in producing premium quality tools.

1/2" Drive Extension Breaker Bar – 18"
Length, Connect Your Ratchet with this Breaker Bar, Rotating Flex Head

MP007003

-  **Long Reach**
Half inch drive breaker bar with a 18-inch handle to provide ample leverage to maximize torque.
-  **Connect Your Ratchet**
The additional function that distinguishes our breaker bar from the others: Connect your 1/2" ratchet onto the bottom of this breaker bar to make it into a super tool for more uses and tasks!
-  **Versatile**
180-degree flexible head works at any angle, to reach around tight spaces and generate optimized leverage.
-  **Secure Grip**
Spring-load ball bearing holds sockets securely and perfect in breaking and loosening stubborn, stuck or rusted nuts and bolts. Square drive radius corners also has the ability of reducing socket wear by locking on to the entire sides of the fastener rather than the edges.
-  **Greater Durability**

3 PC Breaker Bars – 1/4", 3/8", 1/2" Dr.
Extension Breaker Bar Set, Connect Your Ratchet with this Breaker Bar, Rotating Flex Head, Flex Handle

MP007004

Specifications

Set includes a 6" length 1/4" drive, 12" length 3/8" drive and 18" length 1/2" drive breaker bars. Perfect lengths for ample leverage to maximize torque.

Connect Your Ratchet

The additional function that distinguishes our breaker bar from the others: Connect your 1/2" ratchet onto the bottom of this breaker bar to make it into a super tool for more uses and tasks!

Versatile

180-degree flexible head works at any angle, to reach around tight spaces and generate optimized leverage.

Secure Grip

Spring-load ball bearing holds sockets securely and perfect in breaking and loosening stubborn, stuck or rusted nuts and bolts. Square drive radius corners also have the ability of reducing socket wear by locking on to the entire sides of the fastener rather than the edges.

Greater Durability

Made of extremely durable chrome vanadium and corrosion-resistant mirror/chrome polish finish. It is very easy to wipe clean.

RATCHET HANDLE

3/8" Drive Socket Wrench Set – 20-piece, 12-Point Socket in SAE & Metric Size-With Reversible and Flexible Low Profile Ratchet Wrench Handle, Extension Bar and EVA Tray

MP001001

Socket Set

This includes sockets in both SAE (1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4") & Metric (8, 10, 12, 13, 14, 15, 16, 17, 18mm), a standard 12-point socket and a 3" extension bar.

Ratchet Wrench Handle

Flexible and Low-Profile 3/8" Reversible 80 Tooth Ratchet handle for access to almost any angle & tight spaces.

Strong & Durable

Made from hardened treated Chrome Vanadium steel alloy (Cr-V) for strength and durability, that meets and even exceeds the strict ANSI standard.

Easy Storage

This ratchet wrench set comes with an EVA tray that can be easily stored in the cabinet or tool box.

Made In Taiwan

Our hand tools are Made in Taiwan where it is recognised for its dedication in producing premium quality tools. This ratchet wrench handle set is covered with lifelong warranty.

3PC Quick-Release Ratchet Set – With Teardrop Head, 90 Tooth Ratchet with Full-Polished Chrome Solid Handle, 1/4, 3/8, 1/2-Inch

MP006009

Item Specifications

This 3-Piece 90 Tooth Ratchet Set includes a 1/4-inch, 3/8-inch, and 1/2-inch drive ratchet. Each ratchet is constructed from premium Chrome Vanadium steel with a corrosion resistant Mirror Polish Chrome finish for long lasting durability. This set also features a ratcheting mechanism with 90 teeth to make it the perfect tool for tight or confined spaces.

Why You Need It

The close quarters ratcheting design allows for ease of movement in today's tight and confined engine compartment. Each 90 tooth ratchet meets and exceeds ASME torque performance standards.

Quick-Release

The quick-release mechanism makes replacing sockets a breeze, even with oily fingers.

Convenient Storage

Our ratchets come fitted in foam tray with provides sufficient protection and convenient storage to your ratchets. You won't have worry about losing your ratchets anymore.

Reliable And Trustable

Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this ratchet wrench set is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. MichaelPro's impact wrenches are backed by Full Lifetime Warranty. If you experience any issues, simply contact us for assistance or give us your feedback!

11" Metric Ratcheting Wrench Set -
Anti-Slip, 12 Sizes in a Wrench - 8mm, 9mm,
10mm, 11mm, 12mm, 13mm, 14mm, 15mm,
16mm, 17mm, 19mm | MP001204

MP001204

? **What You'll Get**
A 90Teeth Ratcheting Double Box End Wrench, 10 unique gear rings sizes of 8mm, 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 19mm and a durable storage case. Interchange into any size you want/ need for all kinds of jobs.

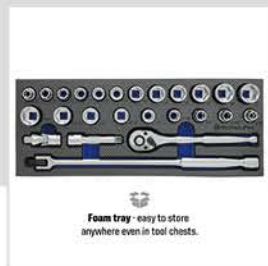

🕒 **Saves Time & Space**
Our gear rings replaces the need to carry physical wrenches. Simply pop the gear ring of the size you needed into box end wrench and start using it! Change it any size along the way without the need to rummage through your stuffs for the right sized wrench!

🧲 **Magnetized & Anti Slip**
The easy release magnetic feature of the gear rings makes changing sizes a breeze. Simply pop and press to release after using them. The gear rings are equipped with an added anti-slip feature for better grips.

📦 **Convenient & Portable**
With a storage case included, you can ensure your gear rings will be securely and safely stored without worrying having to lose them.

🏆 **Reliable & Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback!

3/8" Drive Breaker Bar, Ratchet and Socket
Set - 25-Pc | Metric and SAE, 72T Reversible
Ratchet with Quick Release, Complete Repair Tool
Set

MP001215

☀️ **Specifications**
This set includes a 3/8" Drive breaker bar, 3/8" Drive ratchet, sockets in both SAE (3/4", 11/16", 6/8", 9/16", 1/2", 7/16", 3/8", 11/32", 5/16") & Metric (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19mm), a standard 6-point socket, a 3" extension bar, and a universal joint socket.

🔧 **Connect Ratchet To Breaker Bar**
This exclusive set includes the ability to connect the breaker bar to the end of the ratchet which allows for maximum torque to easily break or loosen stubborn rusted nuts and bolts.

👤 **Industrial Quality**
Fully reversible with Quick Release mechanism, the 3/8" Drive 72 Tooth ratchet is made of drop-forged heat treated chrome vanadium (CR-V) for improved durability and increased lifespan. Dual direction ratcheting gear. Increase applied torque for tough fastener applications with this ratchet.

🏠 **Flex Head**
Breaker bar features 180-Degree Flex-Head, making it easy to navigate around odd angles and tight corners/ spaces.

📦 **Convenient Storage**
Ratchets come fitted in a heavy duty foam tray for easier storage in cabinets and drawers, and provides sufficient protection.

T

TORQUE WRENCH

3/8" Drive Click Torque Wrench - 10 - 80 ft-lb Torque Range

MP001219

- High Accuracy**
Torque wrench is shipped pre-calibrated to +/- 4% accuracy across the whole torque range. It releases a 'click' sound when desired torque is reached.
- Performance**
Reversible ratchet head drives in both directions and measures torque in clockwise direction.
- Durable Construction**
Made from high quality hardened heat treated Chrome Vanadium (CR-V) steel, it ensures an extended lifespan for mechanics for any kinds of mechanical jobs out there. It has a durable all-steel construction has no plastic or fragile parts to wear out.
- Visible Readings**
Easy-to-read, high contrast dual-range scale for easy identification of markings even in low-light conditions.

1/2" Drive Click Torque Wrench - 10 - 150 ft-lb Torque Range

MP001220

- High Accuracy**
Torque wrench is shipped pre-calibrated to +/- 4% accuracy across the whole torque range. It releases a 'click' sound when desired torque is reached.
- Performance**
Reversible ratchet head drives in both directions and measures torque in clockwise direction.
- Durable Construction**
Made from high quality hardened heat treated Chrome Vanadium (CR-V) steel, it ensures an extended lifespan for mechanics for any kinds of mechanical jobs out there. It has a durable all-steel construction has no plastic or fragile parts to wear out.
- Visible Readings**
Easy-to-read, high contrast dual-range scale for easy identification of markings even in low-light conditions.

1/2" Drive Click Torque Wrench - 25 - 250 ft-lb Torque Range

MP001221

High Accuracy

Torque wrench is shipped pre-calibrated to +/- 4% accuracy across the whole torque range. It releases a 'click' sound when desired torque is reached.

Performance

Reversible ratchet head drives in both directions and measures torque in clockwise direction.

Durable Construction

Made from high quality hardened heat treated Chrome Vanadium (CR-V) steel, it ensures an extended lifespan for mechanics for any kinds of mechanical jobs out there. It has a durable all-steel construction has no plastic or fragile parts to wear out.

Visible Readings

Easy-to-read, high contrast dual-range scale for easy identification of markings even in low-light conditions.

1/2" Drive Split Beam Torque Wrench with Flex Head - 40 - 250 ft-lb Torque Range | +/- 4% Accuracy | Professional Grade

MP001209

Easy Torque Setting

Built with a range of 40 - 250 ft-lb, this professional Split Beam Torque Wrench comes with a knob-type torque adjustment which proves to be much easier than the standard twist knob. It includes a toothed hinge lock function that prevents accidental changes in settings and spring tension. Users do not have to return to default settings after use.

High Accuracy

This torque wrench is accurate up to +/- 4% accuracy across the whole torque range. It releases a 'click' sound and splits at the joint when desired torque is reached.

Flat Flex Head

Designed with a flat flex head and an ideal length, this Split Beam Torque Wrench is able to reach hard-to-reach spaces.

Durable Construction

Made from professional and industrial grade Chrome Vanadium (CR-V) steel and professionally calibrated before it reaches your hands, it ensures an extended lifespan for mechanics for any kinds of mechanical jobs out there.

Tested And Reliable

Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools. Quality meets DIN ISO 6789 & ASME B107.300-2010.

Click Through Torque Wrench - 1/2 Inch Dr with 3 Sockets (11/16", 3/4", 13/16" / 17-19-21 mm) with Precise Micro Adjustment - 2in1 with Lug Wrench for Automotive and Changing Tires

MP001002

1/2 INCH 1/2 Inch Drive Click Torque Wrench
This professional click torque wrench has a highly robust ratchet mechanism for clockwise direction ideal of industrial use. Be at the forefront with your new high-grade click torque wrench, very easy torque value setting with external knob and scale-reading, visible even in low light situations. We can all agree that this is a must-have click torque wrench.

Carefully Engineered With Industrial-Grade
Chrome Vanadium (Cr-V) steel, stay confident that your 1/2 click torque wrench will be a lifetime companion through your toughest jobs. Perfect mechanic tools set for the shop.

Made In Taiwan
With high endurance and quality, Range of work - 70 - 170 Nm (50 - 130 FT/LBS).

Accuracy
Ships pre-calibrated to +/- 4% accuracy and ready to use.

Accessory
3 Regular Sockets 17-19-21mm included.

1/4" Drive Click Torque Wrench Set -
3 - 24 N-m, All-in-1 Bicycle Maintenance Kit, with Bits and Extension Bars

MP001199

Precise Torque Measurement
3 - 24 Nm industrial grade torque wrench calibration error range $\pm 4\%$, with a formal calibration certificate. This bike torque wrench ensures that the fittings on your bike are tightened to the correct torque. Ideal for use on stems, seat clamps, lever clamps, chain sets, rotors and headsets.

Specifications
You'll get 1/4" DR Torque Wrench 3 - 24 Nm, PH2, FD5.5, T20, T25, T30, H3, H4, H5, H6, H8, H10, 1/4"DR. * 100L Extension Bar and a sturdy protective case. The wrench is made of Chrome Vanadium (Cr-V) steel, and has a handle that is anti-slip and comfortable to grip.

Durable And Reliable
Spring loaded adjustment collar will automatically 'locks' in place at the desired torque setting, ensuring it will not accidentally slip when being used. High-contrast Nm scale is easy to read. The wrench head is equipped with a quick release button for easy operation. Every torque wrench tested for accuracy, +/- 4% (clockwise) and +/- 6% (counter clockwise).

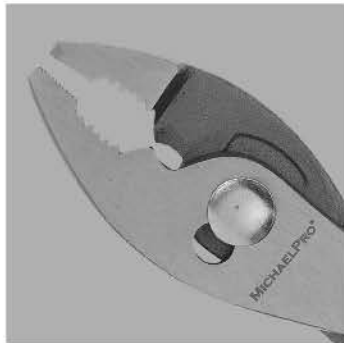

Versatile Uses
Widely used for Repair & Maintenance of Bicycles & Motorcycles, Equipment Installation, Electrical Engineering, Product Assembly etc.

Made In Taiwan
Guaranteed Premium quality with lifelong warranty.

Perfect As Gifts
We have come up with this special version with colors suitable as gift for your loved one who is tool lover, a mechanic, a collector or any handy man/woman out there!

P PLIERS

6 PC Pliers Set – (Long Nose, Diagonal Cutting, Lineman's, Groove Joint, Slip Joint), Multi-Use Plier Set

MP003059

? **What You'll Get**
 1pc Long Nose Plier: 8 inch; 1pc Diagonal Cutting Plier: 7 inch; 1pc Lineman's Plier: 9.5 inch; 2pc Slip Joint Pliers: 6.5 & 8 inches; 1pc Groove Joint Plier: 10 inch.

W **Drop Forged Polished Steel**
 Heat treated durable body construction. The hardened cutting edges allows for long-lasting, increased cutting ease and performance. The pliers are covered in grease to prevent getting rusty, wipe grease off before using.

✿ **Multi-Purposes**
 From wiring and plumbing projects to home maintenance, you can perform a variety of tasks with these different pliers. Use the long nose pliers to grab at fasteners in recessed areas, or the diagonal pliers to cut wires of varying sizes. The groove joint pliers are ideal for keeping a firm grip on piping or large fasteners.

✋ **Ergonomically Designed Handles**
 The non-slip handles provides ultimate comfort and control, and effectively reduces user fatigue.

🏆 **Reliable And Trustable**
 Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, our plier set is definitely one of your essentials. Our customers trust our tools to be of quality ones.

Locking Hose Clamp Pliers 2-Pc Pack – Single-Hand Use Quick Release Locking Mechanism Hose Clamps, Blue

MP003060

👉 **Usages**
 The new MichaelPro Locking Hose Clamps are ideal for securely clamping flexible hoses when performing automotive diagnostics or repairs. Also perfect for brake lines, fuel lines coolant hoses and vacuum lines.

2 **Set Of 2**
 You will get a set of 2 clamp pliers measuring at 8" in and 6" in lengths, they are ideal for hoses of diameters 26mm and 35 – 40mm respectively.

🕒 **Quick Release Lock**
 The clamp features a unique quick-release locking mechanism that automatically secures the jaws in any position, and releases with a simple activation of the easy-to-reach release lever.

★ **High Grade Construction**
 Molded of tough, lightweight, non-marring glass-filled nylon that is resistant to oil and other common automotive fluids and chemicals.

📐 **Rounded Edge Jaws**
 The jaws have a rounded edge that won't cut into hoses, and the grips are large and rounded for comfort, with non-slip ribs and finger guards. The angled jaws provide easy access to hard-to-reach hoses virtually anywhere on a vehicle.

10" Curved Jaw Locking Plier

MP003002

? **What It Does**
The outer curved locking jaws and its angled teeth enables the plier to grip onto flat or rounded surfaces. The inner part of the jaw serves as integrated wire cutters for convenience.

↔ **Screw Adjustable Pressure Mechanism**
Screw adjustable pressure mechanism along with a trigger release design allows for effortless locking or unlocking of the tool.

🔧 **Durable and Sturdy**
Chrome Molybdenum steel, ensures high durability and increases the lifespan of the tool.

★ **Features**
10-Inch Pliers have a narrow profile to fit into confined areas but have the jaw capacity to get the job done.

10" Straight Jaw Locking Plier

MP003062

? **What It Does**
10" pliers with narrow profile to access hard-to-reach areas but have the jaws to get the job done.

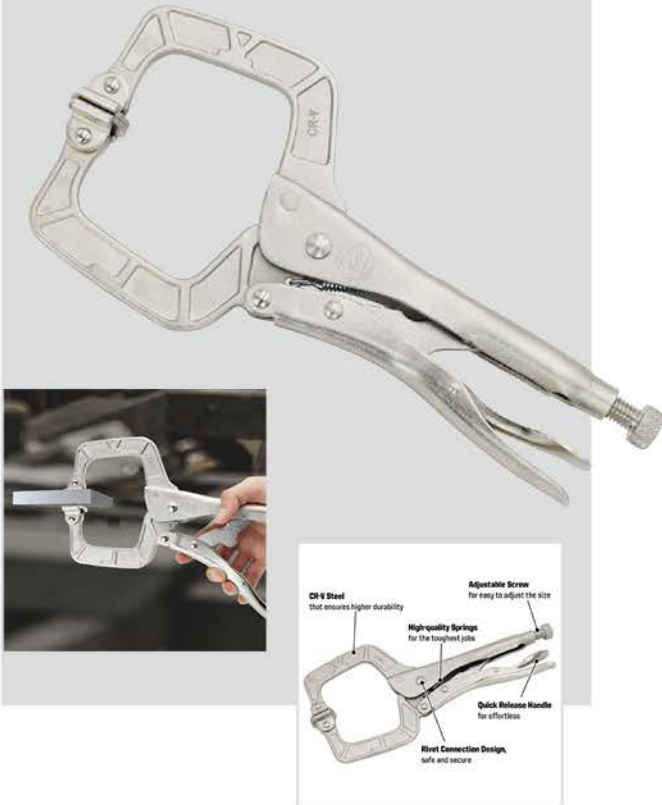

★ **Features**
Outer straight locking jaws and its angled teeth enables the plier to grip onto flat surfaces with ease.

🔧 **Easy To Use**
Inner part of the jaw serves as integrated wire cutters for convenience.

↔ **Screw Adjustable Pressure Mechanism**
Screw adjustable pressure mechanism along with a trigger release design allows for effortless locking or unlocking of the tool.

🔧 **Durable and Sturdy**
Chrome Molybdenum steel, ensures high durability and increases the lifespan of the tool.

11" Locking C-Clamp with Swivel Pads

MP003063

-  **The Wide Clamp Jaw**
The wide clamp jaw allows for universal grip on a variety of different sizes.
-  **Swivel Tips**
Swivel tips minimize marring on softer materials and reduce surface damage due to clamping force. Swivel pads also hold pieces more securely.
-  **Screw Adjustable Pressure Mechanism**
Screw adjustable pressure mechanism along with a trigger release design allows for effortless locking or unlocking of the tool.
-  **Durable and Sturdy**
Premium Chrome Vanadium (Cr-V) steel, ensures high durability and increases the lifespan of the tool. Corrosion-resistant chrome plated finish.

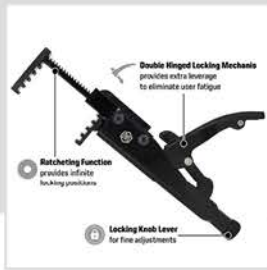

8" Locking Sheet Metal Clamp

MP003064

-  **What It Does**
8-inch sheet metal tool for bending, shaping, and crimping sheet metal.
-  **Higher Durability**
Constructed out of high-quality alloy steel with nickel-plated finish that is rust-resistant and corrosion-resistant.
-  **2 Parallel Plate-Style**
2 parallel plate-style flat metal plate for firmly gripping sheet metal without bending or slipping it.
-  **Screw-Adjustable Locking Knob**
Screw-adjustable locking knob ensures ultimate locking force.
-  **Trigger Quick Release**
Classic trigger quick release effortlessly unlocks the tool.

90° Locking Grip Hose Clamp Pliers

MP003065

? **What It Does**
These forged hose clamp pliers are used to loosen and remove hose clamps. Use on ring type and flat band style spring loaded hose clamps and clips.

♻️ **Versatility**
Works on all types of clamps including marine, aviation, automotive, especially applicable on larger vehicles. Use them for spring clamps ranging from 3/4" to 2-3/4" as well.

🔍 **'Waffled' Grip Teeth**
Uniquely designed with 'waffled' grip teeth provides better and firmer grip, and the axial type locking grip allows easy access.

★ **Features**
Features a double hinged locking mechanism adds leverage for lesser user fatigue and a quick release mechanism for easy adjustments of jaw opening.

HEX KEY

Folding Hex Key Allen Wrench Set with SAE and Metric in 17 Sizes - 2 Pack - Durable & Industrial Grade Tool

MP001007

- 2 PACKS** **SAE & Metric Set**
2 Packs with both SAE (5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4") and Metric (1.5, 2, 2.5, 3, 4, 5, 6, 8 mm); total 17 sizes included
- Easy To Use And Carry**
Portable folding hex key allen key set with size marking for easy identification
- Comprehensive Appliance**
Great for Working on bicycles, motorcycles, vehicles, machinery as repair and maintenance tool
- High Quality Material & Design**
Internal plastic ribbing provides durability, Black-oxide finished chrome Vanadium Steel (CR-V) offers rugged strength rust resistance; Soft rubber ensures a secure & comfortable grip, prevents palm fatigue; meets ANSI standard.

Folding Hex Key Allen Wrench Set with SAE and Metric in 17 Sizes - 2 Pack - Durable & Industrial Grade Tool

MP001007BW

- 2 PACKS** **Sae & Metric Set**

8 PC T-Handle Ball End Allen Wrench Set – Hex Keys Set with Convenient Storage Stand (Metric, Blue)

MP001042

- 8** PCS Industrial grade T-handle ball end allen key wrench set comes with a stand for convenient selection and storage.
- Made From Hardened Treated Chrome Vanadium Steel Alloy (Cr-V)** Which provides extra durability.
- Ergonomically Designed** These handles are specially designed with a team of auto-enthusiasts to reduce fatigue and enhance performance. They are slip-resistant and ultra comfortable to hold on to.
- METRIC 8 Different Metric Sizes** To handle a variety of jobs: 2, 2.5, 3, 4, 5, 6, 8, 10 mm.
- Ball End For Versatility** Equipped with a ball end design, it allows for entry angle for up to 30 degrees, especially useful in reaching around obstructions or for use in tight and confined spaces.
- Convenient Storage With Visible Markings** These wrenches will never be out of reach with the storage rack that comes with it. The clear markings helps with selection and storage and keeps all your wrenches and workspaces organized.
- Produced And Tested In Taiwan** Highest quality allen wrenches for automotive, industrial and daily home usage.

8 PC T-Handle Ball End Allen Wrench Set – Hex Keys Set with Convenient Storage Stand (Metric, White)

MP001042W

- 8** PCS Industrial grade T-handle ball end allen key wrench set comes with a stand for convenient selection and storage.
- Made From Hardened Treated Chrome Vanadium Steel Alloy (Cr-V)** Which provides extra durability.
- Ergonomically Designed** These handles are specially designed with a team of auto-enthusiasts to reduce fatigue and enhance performance. They are slip-resistant and ultra comfortable to hold on to.
- METRIC 8 Different Metric Sizes** To handle a variety of jobs: 2, 2.5, 3, 4, 5, 6, 8, 10 mm.

T

TOOL CABINET

7 Drawer Tool Cabinet Complete with Tools and Accessories – Total Mechanic's Solution, Essential Garage Tools and Equipment

MP009066

Comprehensive

THIS IS THE ONLY DREAM CABINET YOU CAN OWN! In an attractive shade of blue, this cabinet carries 7 drawers to house all the essential tools needed for a wide variety of tasks in the garage.

What's In There

It comes with all the tools you need for all your jobs – Sockets and Impact Sockets, Screwdrivers & Combination Wrenches, Pliers, Hammers, Chisels and Files!

Extra Tough

All steel construction with 5"x2" heavy duty casters. Ball-Bearing drawers with soft close latching will not slam drawers when closed. Industrial grade and heavy-duty for all works in the garage or workshops.

Added Safety

An all-in-one storage for your tools – secure and prevent losing them. A central lock function available to lock your tools for security. PLUS! A new Interlock System to prevent your cabinet from collapsing when all drawers are pulled out.

Portable Yet Holistic

Heavy duty side handle added for easy moving around the garage (you'll always have your tools near you). Roll it wherever you needed. You can even pair this tool chest with our very own Magnetic Trays or Tool Organizers by sticking them at the side of the cabinet or store them inside the drawers.

Reliable & Trustable

Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback!

Magnetic Parts Tray Holder Set (6" & 9-1/2") – 2-Piece Magnetic Tool Tray for Screws, Bolts and Nuts, with Patented Retractable Hood and Wave Pattern Design, Best Tray for Mechanics

MP009014

Set Of 2

Package include (1) 5.9" diameter magnetic bowl and (1) 9.4" rectangular magnetic tray. They are made from stainless steel with 1000-1500 Gauss strong capacity magnets that can hold up to 1 lbs. Your bits, screws, nuts and sockets will sit perfectly in these trays!

Patented Hood Design

Specially designed swiveling plastic rim keeps non-magnetic parts from falling out of the tray when hung vertically. These trays are easy for storage as it can be retracted to the side.

Wave Pattern Design

This unprecedented wave pattern design helps users to access and retrieve the loose parts from the trays easily (screws, bolts, nuts...)

Magnetic Base & Rubber Cover

The strong magnetic trays can be mounted vertically or horizontally to any ferrous metal surface, rubber cover to prevent scratching and allows easy removal.

Made In Taiwan

Our hand tools are made in Taiwan where it is recognised for its dedication in producing premium quality tools. These magnetic trays are great for professionals, garage works, home improvements and DIY and is a must-have for engineers, collectors and mechanics. The trays are covered with lifelong warranty.

Tool Box – Removable Compartment Tool Organizer, Patented Carrying Case for Screws, Bolts, Nuts, Toys, Small Parts Organizer for Fasteners and Crafts

MP014034

- Pick-&Grab Removable Compartments**
Our tool box features 9 small compartments and 6 medium compartments for maximizing storage. Just grab any compartments you need or be on the move.
- Clear That Clutter**
There is so much you can store with the 15 inner boxes! It can be used for storing small parts, tools, fasteners, toys, outdoor/fishing tools etc. So useful that having one in your house saves you the trouble of searching for the right part through that pile of mess.
- Open Carrying Case**
This MichaelPro's tool box is so mobile and portable that you can just grab the handle and be on your way. You may even carry just one side of the storage box and grab whichever compartment you want from the outside without having to open the entire tool box.
- Designed For Long Life Use**
Engineered and tested for heavy duty usage, this tool box was designed with users in mind, and is able withstand long term usage. Produced in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool box with removable compartments is definitely one of your essentials. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance.

17" Tool Box – Removable Inner Tray | Carrying Case for Screws, Bolts, Nuts, Toys, Small Parts Organizer for Fasteners and Crafts

MP014035

- What You'll Get**
Our 17-inch tool box features a removable inner tray that comes with a convenient handle. Place your small tools on the tray and just grab and go.
- Clear That Clutter**
There is so much you can store with this spacious tool box! It can be used for storing small parts, tools, fasteners, toys, outdoor/fishing tools etc. So useful that having one in your house saves you the trouble of searching for the right part through that pile of mess.
- Tough & Heavy Duty**
This MichaelPro's tool box is made of high quality PP plastic and has passed extreme durability tests, ensuring the tool box is sturdy and stable and an ideal choice for carrying hand and power tools.
- Keeping Tools Secured**
Features a non-slip grip handle, this tool box also comes with two safety locks that provides greater security and safety. The toolbox features a central lock hole where you have the option of locking your toolbox with an additional padlock (to be purchased separately).
- Designed For Long Life Use**
Engineered and tested for heavy duty usage, this tool box was designed with users in mind, and is able withstand long term usage.

H

HAMMERS, HATCHETS & AXES

Camping Axe – 1.5 lbs | Shock Absorbing Fiberglass Handle, Camp Hatchet with Ergonomic Grip

MP004004

Specifications

A universal camping axe that measures 10.2 x 5.9 x 0.9 inches. Its carbon steel blade is finished with a coat of Black Baked Paint and its edge polished. The hardened cutting edges that provides a smoother and cleaner cut, and makes the axe more durable. It produces smooth, sharp, and quick splits and stays sharp longer than traditional axes. The fiberglass handle is wrapped with soft TPR, providing users with better comfort.

Easy To Use

Our camping axe is designed for easy chopping of Firewood, Logs, Kindling and Branches. The optimized blade angles give users the maximum efficiency for more one-strike splits. Ideal for campers, hikers, outdoor activities, preparing wood for bonfires and garden work.

Perfectly Balanced

Our camping axe handle features a perfectly balanced point that is close to the axe head which results in an ideal weight distribution. Users can count on this hatchet to deliver superior, long lasting performance.

Suits

A universal tool for a multi-purpose use. Ideal for camper, hiker, hunter, sportsman and even DIY needs.

Quality Guaranteed

Proudly Made in Taiwan with industrial grade materials, this axe provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, home improvements and DIY, and a must have for Campers, Collectors, Mechanics, and Outdoor Activities Lovers.

16oz Curved Claw Hammer – Ergonomic Fiberglass Handle and High Carbon Steel Head

MP004005

Durable

Made with drop-forged steel and finished with sand-blasted finish, this hammer is guaranteed to last longer than traditional hammers.

Curved Claw Leverage

Curved claw provides added torque when pulling and prying nails or boards. A perfect tool for framing, roofing, building, do-it-yourself projects, woodworking and minor maintenance.

Product Specs

Length: 12.8 inches, Weight: 16oz

Quality Guaranteed

Proudly Made in Taiwan with industrial grade materials, this axe provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, home improvements and DIY, and a must have for Campers, Collectors, Mechanics, and Outdoor Activities Lovers.

20 OZ Solid One Piece Steel Curved Claw Hammer

MP004006

- Solid One Piece Steel Construction**
Constructed from one-piece drop forged steel from head to handle for superior strength, control and durability.
- Curved Claw Leverage**
Curved claw provides added torque when pulling and prying nails or boards. A perfect tool for framing, roofing, building, do-it-yourself projects, woodworking and minor maintenance.
- Handle**
Wrapped with shock absorbing TRP grip, giving users a smooth hammering experience.
- Product Specs**
Length: 12.8 inches, Weight: 20oz
- Quality Guaranteed**
Proudly Made in Taiwan with industrial grade materials, this axe provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, home improvements and DIY, and a must have for Campers, Collectors, Mechanics, and Outdoor Activities Lovers.

16 OZ Ball Peen Hammer with Fiberglass Handle | Shock Resistant Design

MP004007

- Durable**
Made with drop-forged steel and finished with sand-blasted finish, this hammer is guaranteed to last longer than traditional hammers.
- High Strength Fiberglass Handle**
The Fiberglass Handle is wrapped with black anti-slip soft TPR that provides users with ultimate comfort and grip. It absorbs vibration and shock, giving users a smooth hammering experience.
- Rust & Corrosion Resistant**
Forged steel head with polished face and peens resists rust or corrosion for a longer lifespan.
- Perfectly Balanced**
Our handle features a perfectly balanced point that is close to the hammer head which results in an ideal weight distribution.
- Quality Guaranteed**
Proudly Made in Taiwan with industrial grade materials, this axe provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, home improvements and DIY, and a must have for Campers, Collectors, Mechanics, and Outdoor Activities Lovers.

24 OZ Ball Peen Hammer with Fiberglass Handle | Shock Resistant Design

MP004008

- Durable**
Made with drop-forged steel and finished with sand-blasted finish, this hammer is guaranteed to last longer than traditional hammers.
- High Strength Fiberglass Handle**
The Fiberglass Handle is wrapped with black anti-slip soft TPR that provides users with ultimate comfort and grip. It absorbs vibration and shock, giving users a smooth hammering experience.
- Rust & Corrosion Resistant**
Forged steel head with polished face and peens resists rust or corrosion for a longer lifespan.

Quality Guaranteed

Proudly Made in Taiwan with industrial grade materials, this axe provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, home improvements and DIY, and a must have for Campers, Collectors, Mechanics, and Outdoor Activities Lovers.

C

CAULKING GUN

Professional Drip-Free Caulking Gun with **12:1 Thrust Ratio** – 10oz Anti-Drip Caulk Gun, Silicone Applicator Gun, Sealant Gun

MP013005

Professional Hand Caulking Gun

With 12:1 thrust ratio, ideal for applying standard materials such as acrylic, silicone and polyurethane.

Engineered To Deliver Materials Smoothly And Precisely

MichaelPro's anti-drip caulking gun is easy to use and produces great results.

Rod Retracts After Each Pull Of The Trigger

Helps prevent dripping, providing a fuss-free solution.

Made With Heavy Duty Metal Barrel

Aluminum handle, rod, plate and finished with powder coating, it has the durability to satisfy even the professionals.

Features

Built-in puncture pin and ladder hook. Use with 10 oz. or 300 ml cartridges.

Professional Drip-Free Caulking Gun with **18:1 Thrust Ratio** – 10oz Anti-Drip Caulk Gun, Silicone Applicator Gun, Sealant Gun

MP013004

Professional Hand Caulking Gun

AIR IMPACT TOOLS

1/2" Extreme Composite Impact Wrench - Professional Extreme Torque Twin Hammer Air Impact Wrench, Max 950 ft-lbs Torque Output, 1,400 ft-lbs Loosening Torque, Black

Impact Type:	Twin Hammer
Anvil Size:	1/2 inch
Free Speed:	8,500 RPM
Working Torque:	800 ft-lbs
Maximum Torque:	950 ft-lbs
Nut-Busting Torque:	1,400 ft-lbs
Product Weight:	3.6 lbs
Product Length:	6.9 inches
Air Consumption:	158 l/min (5.5 cfm)
Air Inlet Pressure:	90 psi
Air Inlet Size:	1/4 inch
Air Hose I.D.:	3/8 inch
Exhaust Type:	Handle Exhaust

MPA01010

Heavy Duty

Sheer power and performance with 1,400 ft-lbs of nut-busting torque powered by a finely tuned motor and twin-hammer impact mechanism.

Lightweight & Ergonomic

Weighing at only 3.6 lbs, this MPA01010 impact wrench is as light as it is powerful to reduce user fatigue and optimizes work efficiency. Its comfortable grip allows the impact wrench to feel great in your hands which further displays a perfect combination of power and ergonomic.

Features

Speed: 8,500 RPM, Max Torque 950 ft-lbs, Air Consumption 158 l/min (5.5 cfm). Twin Hammer design that is manufactured to meet Industrial Standards for prolonged lifespan and extended durability.

Proven Durability

You definitely can expect this tool to stand up to the and harshest environments toughest tests whenever and wherever you need it.

Reliable And Trustable

Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this MPA01010 is definitely one of your essentials. Our customers trust our tools to be of quality ones. MichaelPro's impact wrenches are backed by 3 Year Limited Warranty. If you experience any issues, simply contact us for assistance.

1/2" Drive Air Aluminum Impact Wrench - Lightweight, Max 660 ft-lbs Torque Output, Super Duty, Twin Hammer, Classic Black Pneumatic Impact Wrench with Super Torque

Impact Type:	Twin Hammer
Anvil Size:	1/2 inch
Free Speed:	8,500 RPM
Working Torque:	550 ft-lbs
Maximum Torque:	660 ft-lbs
Nut-Busting Torque:	1,000 ft-lbs
Product Weight:	5.0 lbs
Product Length:	7.4 inches
Air Consumption:	158 l/min (5.5 cfm)
Air Inlet Pressure:	90 psi
Air Inlet Size:	1/4 inch
Air Hose I.D.:	3/8 inch
Exhaust Type:	Handle Exhaust

MPA01015

Heavy Duty

This pneumatic impact wrench with twin hammer fastens at a speed of 8,500 RPM and delivers a maximum breakaway torque of 660 foot-pounds while with a working torque of 550 foot-pounds, which provide heavy-duty power and smooth balanced blows for all your automotive and workshop projects.

Ergonomically Designed

The ergonomically grooved pistol-type handle gun grip is designed to maintain and maximize operator control, efficiency, accuracy, balanced blows and reduce user fatigue and slippage during extended periods of use.

Features

The air tool has the ability of having a nut-busting torque of 1,000 foot-pounds. Measuring 7.4 inches and weighing at only 5.0 lbs, this impact wrench is relatively lighter than most of the options in the market so it gives you the optimal experience while working.

Applications

Suited for all maintenance applications, light vehicles tire changing operations, light vehicles mechanical repair, MRO applications etc.

Reliable And Trustable

Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this MPA01015 is definitely one of your essentials. Our customers trust our tools to be of quality ones. MichaelPro's impact wrenches are backed by 3 Year Limited Warranty. If you experience any issues, simply contact us for assistance.

1" Extreme Composite Impact Wrench - Super Duty Lightweight Air Anvil Impact Wrench, Twin Hammer Air Impact Wrench with Max Torque 2,200 ft-lbs, Anvil Size 1-inch

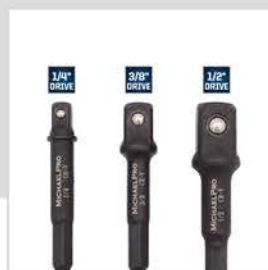

Impact Type:	Twin Hammer
Anvil Size:	1 inch
Free Speed:	5,500 RPM
Working Torque:	2,000 ft-lbs
Maximum Torque:	2,200 ft-lbs
Nut-Busting Torque:	3,600 ft-lbs
Product Weight:	13.6 lbs
Product Length:	16.7 inches
Air Consumption:	212 l/min (7.5 cfm)
Air Inlet Pressure:	90 psi
Air Inlet Size:	1/2 inch
Air Hose I.D.:	1/2 inch
Exhaust Type:	Handle Exhaust

MPA01016

- Extreme Power**
Solid impact mechanism delivers 2,200 ft-lbs of maximum reverse torque and nut-busting torque of 3,600 ft-lbs.
- Lightweight & Ergonomic**
Weighing at only 13.6 lbs, this MPA01016 impact wrench is designed to be as light as it is powerful to reduce user fatigue and optimizes work efficiency. Its comfortable grip allows the impact wrench to feel great in your hands which further displays a perfect combination of power and ergonomic.
- Features**
Nothing matters more than torque when you're up against massive jobs. This MPA01016 is capable of having a speed of 5,500 RPM, Max Torque 2,200 ft-lbs, Breakaway Torque 3,600 ft-lbs, Air Consumption 212 l/min (7.5 cfm). Twin Hammer design that is manufactured to meet Industrial Standards for prolonged lifespan and extended durability.
- Proven Durability**
You definitely can expect this tool to stand up to the and harshest environments toughest tests whenever and wherever you need it.
- Reliable And Trustable**

3" Impact Grade Socket Adapter Set - Extension Bit with Holder, 1/4", 3/8", and 1/2" Drive, Converts Impact Drill Driver into High Speed Socket Driver

Impact-grade corrosion-resistant adapters are perfect for increased torque projects

MP005020

- Specifications**
Our 3-Piece Impact Grade Socket Adapter / Extension Bit Set comes with three 1/4 inch hex shank, 3-inch long socket adapters so you can adapt any of your impact drill to a power socket driver. The sizes included are 1/4 inch, 3/8 inch, and 1/2 inch, and are compatible with 1/4, 3/8, and 1/2-inch sockets respectively.
- Designed For The Toughest Jobs**
Constructed out of heat-treated chrome vanadium steel and ultimately coated in Manganese Phosphate for industrial or mechanical use, the adapters meet or even exceed the ANSI/ASME standards. They are rust-proof and corrosion-resistant.
- Impact Grade**
All adapters features a spring loaded detent bearing ball that locks onto sockets to ensure a secure fit into the driver head to prevent slipping and loosening. It also allows you to perform auto repair tasks easily. These impact-grade corrosion-resistant adapters are perfect for increased torque jobs, helping to prevent the breaking and stripping of sockets.
- Variety Of Uses**
Useful for Automotive Mechanic Vehicle Repairs, Technicians, Handyman & Hobbyist Developments to use with sockets on Hardware/Tire Nuts, Lag Bolts, Hex Head Cap Screws at Home, Workshop Factory or Construction Site. Provides the utmost versatility and convenience no matter which tool you are using.
- Quality Guaranteed**
Proudly Made in Taiwan with limited lifetime warranty! Made from industrial grade materials, this tool set provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers.

6" Impact Grade Socket Adapter Set - Extension Bit with Holder, 1/4", 3/8", and 1/2" Drive, Converts Impact Drill Driver into High Speed Socket Driver

MP005021

1/2" Drive Impact Flip Lug Nut Socket Set - Includes 17mm, 19mm, 21mm Metric Sizes & 3/4-Inch, 13/16-Inch, 7/8-Inch SAE Sizes, Chrome Moly Steel for Lifetime Use

MP005022

All-In-One Box

The LEXIVON flip side dual-end socket set features all 6 commonly used sizes (17mm, 19mm, 21mm & 3/4", 13/16", 7/8" and 3" Extension Bar).

Designed To Endure Any Abuse

Our fully impact-grade car wheel lug nut socket set is made from high-quality, heat-treated Chrome Molybdenum alloy steel that will endure high-torque from any driver.

Your Impact Driver Socket Set Will Last For Longer

Treated with a rustproof and corrosion-resistant Manganese Phosphate coating, your lug nut sockets will last for a lifetime.

Easy To Read & Comfortable Solution

The laser-etched sizes will make identifying your sockets a breeze while the spring-loaded detent ball system will prevent dropping.

100% Problem-Solving, 100% Risk-Free

Meet & Exceeds ANSI (The American National Standard Institute) and backed by our Lifetime Limited Warranty for your complete peace of mind.

4PC Impact Socket Adapter & Reducer Set –
 Chrome Molybdenum Alloy Steel, for Impact Driver
 Conversions

MP005023

-  **All-In-One For Your Needs**
 Our 4-piece impact-grade adapter and reducer kit features 1/4"(F) to 3/8"(M) - 3/8"(F) to 1/4"(M) - 3/8"(F) to 1/2"(M) - 1/2"(F) to 3/8"(M).
-  **True Impact Grade**
 Our adapter and reducer set is made of heat-treated Chrome Molybdenum alloy steel (CR-MO) for maximum durability and ultimate strength. Hence, truly suitable for impact jobs.
-  **Corrosion-Resistant**
 These adapters are coated with a Manganese Phosphate finish, making them rust-proof and maximize lifespan.
-  **Spring-Loaded Detent Ball**
 Spring-Loaded Detent Ball and through-hole securely holds socket (prevents dropping) for ease of working.
-  **Convenient & Portable**
 With a storage rail included, you can ensure your adapters to be securely and safely stored without worrying having to lose them.
-  **Reliable & Trustable**
 Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback!

3PC Universal Joint Socket Adapter Set –
 1/4", 3/8", 1/2" Dr. | Chrome Vanadium Steel

MP005024

-  **What You'll Get**
 Our 3-piece universal joint socket adapter kit features 1/4", 3/8" and 1/2" Drive Universal Joint Sockets. It comes with a storage rail so you can be sure your adapters will be securely and safely stored without worrying having to lose them.
-  **Swivel Function**
 The smooth continuous rotation of swivel joint allows a maximum bending angle of the universal joint of almost 90°, which is ideal for working in a narrower space and allows you to access fasteners at an angle. Get the job done faster with the right tools.
-  **Enhanced Durability**
 Constructed out of top Chrome Vanadium alloy steel (CR-V), heat-treated for maximum strength and chrome plated for extra durability.
-  **Secure Attachment**
 Fluent groove design allows easy attachment and secure connection of tools. Apply to 1/4", 3/8", and 1/2" Drives tools. Spring-loaded detent balls design, makes it latch onto the tool securely and firmly.
-  **Reliable & Trustable**
 Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones.

3 PC Dual-Function Universal Joint Socket Adapter Set - 1/4", 3/8", 1/2" Drive

MP005025

What You'll Get
Our 3-piece universal joint socket adapter kit features 1/4", 3/8" and 1/2" Drive Universal Joint Sockets. For the first time, these adapters are equipped with a tough aluminum sleeve to firmly secure the adapter at a fixed angle- more practicality and safety.

Swivel Function
The smooth continuous rotation of swivel joint allows a wide bending angle which is ideal for working in a narrower space and allows you to access fasteners at an angle. Get the job done faster with the right tools.

Enhanced Durability
Constructed out of top Chrome Vanadium alloy steel (CR-V), heat-treated for maximum strength and chrome plated for extra durability.

Secure Attachment
Fluent groove design allows easy attachment and secure connection of tools. Apply to 1/4", 3/8", and 1/2" Drives tools. Spring-loaded detent balls design, makes it latch onto the tool securely and firmly.

Reliable & Trustable
Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones.

3 PC Impact Grade Universal Joint Swivel Socket Adapter Set - 1/4", 3/8", 1/2" Drive | U Joint Sockets to Access Hard to Reach Fasteners

MP005026

What You'll Get
Our 3-piece Impact Grade Universal Joint Socket Adapter kit features 1/4", 3/8" and 1/2" Drive Universal Joint Sockets. Made of Chrome Molybdenum alloy steel (CR-MQ) and coated with Manganese Phosphate for corrosion and rust protection and maximum durability. It comes with a tough and compact blow molded case so you can be sure your adapters will be securely and safely stored without worrying having to lose them.

Top-Notch Construction
The smooth continuous rotation of swivel joint allows a wide rotating angle, which is ideal for working in a narrower space and allows you to access fasteners at any angle. With maximum flexibility, you can even have an easier access to hard to reach areas. Our adapters also feature an innovative spherical ball design that distributes torque loads more evenly - while traditional universal joints can bend causing damage to the pin.

Versatile
Can be used as a swivel when pulled out, or locked in place when pushed in. Pin-free hex locking design is 3X stronger than traditional pin type designs.

Secure Attachment
Fluent groove design allows easy attachment and secure connection of tools. Apply to 1/4", 3/8", and 1/2" Drives tools. Spring-loaded detent balls design, makes it latch onto the tool securely and firmly.

Reliable & Trustable
Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback!

8 PC 1/2" Drive Hex Bit Socket Set - 6 to 19mm, Impact Metric Socket, CR-Mo | Sturdy Storage Case Included

MP005027

-  **Specifications**
Our classic 1/2" drive Impact Bit Sockets comes in sizes 6, 7, 8, 10, 12, 14, 17 and 19mm. They measure 3" in length, are fully protected and stored in a sturdy blow molded case to prevent losing.
-  **Heavy Duty**
High-strength Chrome Molybdenum steel construction with a black Phosphate finish for corrosion and rust resistance. It brings about better durability and prolongs lifespan.
-  **Pick-And-Go**
Laser-etched size markings are super visible and easy for identification. Just pick the desired size and start working immediately.
-  **Precised Fit**
1/2" drive torque bits with precisely machined bit tips to ensure accurate size and an exact fit.
-  **Reliable & Trustable**
Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback.

8 PC 1/2" Drive Hex Bit Socket Set - 1/4" to 3/4", Impact SAE Socket, CR-Mo | Sturdy Storage Case Included

MP005028

-  **Specifications**
Our classic 1/2" drive Impact Bit Sockets comes in sizes 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 3/4". They measure 3" in length, are fully protected and stored in a sturdy blow molded case to prevent losing.
-  **Heavy Duty**
High-strength Chrome Molybdenum steel construction with a black Phosphate finish for corrosion and rust resistance. It brings about better durability and prolongs lifespan.
-  **Pick-And-Go**

Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback.

5 PC Power Impact Wheel Socket - 1/2-Inch Extra Tough Professional Thin Wall Wheel Protector Impact Sockets - 15, 17, 19, 21, 22mm

MP005030

Specifications

Our newly designed impact wheel sockets are fully encapsulated in plastic to prevent scratches and damage to rims and bolts. It comes in 15, 17, 19, 21, 22mm, 6 point, and are color coded for easy identification of sizes.

Damage-Free

The plastic sleeves of the wheel socket allows for the damage-free work on the aluminum rims, and it protects the surface at the wheel screws and nuts. Thin wall, made of Chrome Molybdenum (CR-MO) with Phosphate finish to withstand the abuse of impact wrenches.

Tougher With Prolonged Lifespan

The wheel sockets feature an additional protective ring that makes these sockets 3X tougher and more solid as compared to the traditional wheel sockets in the market. They are designed to be impact-proof, withstand long run usage and has been proven to prolong the lifespan of the wheel socket.

Usage

They are used specially for wheel assembly and/or dismantling. With a sturdy storage case included, you can ensure your sockets be securely and safely stored without worrying having to lose them.

Reliable & Trustable

Engineered and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool is definitely one of the essentials in your garage, workshops or home. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance or give us your feedback!

3 PC Power Impact Wheel Socket – 6-Inch Length Extra Tough Professional Thin Wall Wheel Protector Impact Sockets – 17, 19, 21mm

MP005031

Specifications

Our newly designed impact wheel sockets are fully encapsulated in plastic to prevent scratches and damage to rims and bolts. It comes in 17, 19, 21mm, 6 point, and are color coded for easy identification of sizes.

Damage-Free

The plastic sleeves of the wheel socket allows for the damage-free work on the aluminum rims, and it protects the surface at the wheel screws and nuts. Thin wall, made of Chrome Molybdenum (CR-MO) with Phosphate finish to withstand the abuse of impact wrenches.

Tougher With Prolonged Lifespan

5 PC 1/2-Inch Drive Torque Limiting Extension Bar – 65 to 140 Ft-Lbs (90 to 190 Nm), 8-Inch Length, Heavy Duty Torque Applications

MP001207

Tough Construction

MichaelPro's Torque Limiters are constructed from tough impact grade Chrome Molybdenum Steel (CR-MO) for heavy duty use with impact drivers. They are coated with Manganese Phosphate for enhanced strength and resistance to rust and corrosion. Thus, extra durable and extended lifespan.

What's Inside

This set includes ten 1/2-inch drive impact torque limiting extension bars ranging from 65 foot-pounds to 140 foot-pounds (95 - 190 Nm) of torque.

Saves Lug Nuts

1/2" Drive size is compatible with impact drivers to limit torque consistently and accurately to prevent lug nuts and fasteners from over-torqueing. These torque limiters loosen bolts and nuts quickly even at awkward angles and in hard to reach areas. They prevent over-tightening which can cause premature failure of wheels, wheel studs, and rotors.

Pick And Go

Each torque limiting bar is color-coded with visible torque limit specifications for easy identification and retrieving. These torque limiters come with a blow-molded case for convenient storage and transport.

Reliable & Trustable

Premium Multi Angle Miter Shear Cutter 45 Degree To 135 Degree Cutting Angle – Use on Wood, Vinyl, Trim, Base, Shoe Molding, Trunking/Wire Troughs, Plastics/Rubber, Soft-Cut Corners

MP010021

Multi-Angle

Sharp blade with 45 Degree To 135 Degree, this miter shear cuts accurately, cleanly and neatly with no burrs. The wide mouth design with clear visible markings allows users to adjust angles freely. It saves you the trouble to figure out the angle you need. Convenient, Fast and More Efficient.

Premium Stainless Steel

The use of high quality stainless steel and SK5 knife edge quenching treatment provides better toughness and wear resistance.

Wide Applications

Miter shears are essential hand tools in the woodworking, DIY, leather industry, flooring and other industries. They are ideal for cutting chamfers, wire grooves, PVC strips, rubber gaskets and sealing strips. (Note: This product is not suitable for cutting metal, the cutting thickness is less than 3mm). They are also known as shear scissors, chamfer, trim, and quarter round cutters.

Easy To Use

The ergonomically designed handle provides a comfortable grip and reduces user fatigue after long-term use. Incredible precision multi angle miter cutter works great for 1/4 rounds cutting, any small miter job or science projects.

Reliable And Trustable

Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this miter shear is definitely one of the essentials in your garage, workshop and home. Our customers trust our tools to be of quality ones.

W WOODWORKING

7 PC Woodworking Clamps Set – Professional Spring, Ratchet, Bar Spreader Clamps & Multi-Purpose Cutter. Holds & Positions Quickly for Woodworking, Photography & DIY

MP018001

What You'll Get
A versatile set of essentials to add to your work shop/garage/home: 2x Ratchet Hand Clamp 38 mm, 2x Spring Clamp 60 mm X 2 Bar, 2x Spreader Clamp 150 mm & 1x Cutter.

Professionally Made
Reinforced high quality nylon body and hardened steel bars provide great impact resistance and durability, which is capable of withstanding any heavy use. The Quick-Release lever enables fast and easy positioning.

Powerful Clamping Force
This clamps are capable of providing up to 220 lbs/100 kg of clamping force, which offers an ideal choice for woodworking and other household DIY or repairs. It is robust and sturdy, yet lightweight and absolutely capable of holding pressure for extended periods.

Reliable And Trustable
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this woodworking set is definitely one of your essentials. Our customers trust our tools to be of quality ones. Your tools are backed by our Limited Lifetime Warranty. If you experience any issues, simply contact us for assistance.

2 PC Smart F Clamps Set – 8-Inch & 12-Inch, Newly Designed Steel Bar Clamps, Holds & Positions Quickly for Woodworking & DIY

NEW DESIGN
Screw knob located along the steel bar provides **BETTER ACCESSIBILITY**. There's no need to hold your hand while turning the knob anymore!

Capacity: 485 lbs / 220 kg
Ideal for Woodworking, Metalworking, Repairs and DIY Projects

MP018002

Specifications

Set of 2 essential bar clamps to add to your work shop/ garage/home: 1 x 8-Inch and 1 x 12-Inch F-clamps. These clamps are made of aluminum alloy steel and carbon steel. The soft TPR jaws has a throat depth of 3.5-Inch and does not damage the surfaces.

Easier To Use & Reach

Every bar clamp has the screw knob conveniently located at the top of the clutch plate (along the steel bar), which proves to be more accessible and easier to manipulate to tighten or loosen at any point of the job! This feature distinguishes our bar clamps from those usual traditional clamps, where the screw knobs are often in locations that are more obstructive.

Butane Torch – Adjustable Flames with Safety Lock, Professional Torch / Refillable Butane Gas Blow Torch / Culinary Torch, Multi-Purpose Blow Torch Lighters for Soldering, Baking, Welding, DIY

MP011003

-  **Automatic Ignition Design**
A new automatic ignition design to light up your torch and keep the flames burning continuously for better convenience. No independent ignition tool required.
-  **Safety Comes First**
This butane torch features a safety lock that prevents accidental ignition and misuse by children. It also comes with a sturdy wide base to prevent the torch from falling over, unlike cheaper torches out in the market.
-  **Flame Adjustment**
Comes with Piezo Ignition Technology, the flame adjustment lever allows users to adjust the desired size of flame when using.
-  **Easy Butane Refill**
Refill the kitchen torch with any brand of butane (Butane gas isn't included), simply insert the base of the torch onto a butane can and it will be filled up after about 5 seconds. Usage time is approximately 30 to 35 mins, so you don't have to refill your butane that frequently.
-  **Reliable And Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools. Our customers trust our tools to be of quality ones.

Note: no butane gas included.

Butane Torch Kitchen Blow Lighter – Culinary Torches Chef Cooking Professional Adjustable Flame, for DIY, Household, Outdoors Activities, For Sous Vide, Creme Brulee, Baking, BBQ

MP011004

-  **Safe & Easy To Use**
Adjustable flame size and shape to concentrate the flame as much or as little as you need with the one touch piezo ignition design. The fully automated electronic ignition technology provides a safer lighting torch equipment for the family.
-  **Portability & Multi-Use**
It is suitable for professional and creative cooks in the family. It is widely used in the processing of delicious caramel desserts, meat barbecue, charring vegetables, glazing ham, cigar lighter, small handicrafts, hiking, camping, picnics and more!
-  **Adjustable Flames**
Adjustable flame intensity temperature can reach up to 1150°F to meet various needs. you can choose the different flame according to your requirement (Soft fire or Spit fire).
-  **Reliable And Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools. Our customers trust our tools to be of quality ones.

Note: butane gas is not included

Butane Powered Glue Gun – Cordless Fast Heating Gas Hot Glue Gun with Self-Regulating Temperature for DIY, Arts & Crafts, Woodworking, Home Repairs & More

MP013006

- Fast Heating Gas Glue Gun**
This is a fast heating full size glue gun that is cordless and requires no electricity. It works on butane and heats up really fast. Being lightweight, this glue gun works perfectly around all kinds of small and large objects and gives the users greater control and offers better portability.
- Prolonged Run-Time**
Continuous run time of up to 60 to 90 mins on butane fuel.
- Automatic Ignition Design**
A new automatic ignition design that provides a fast and easy start up with a push button piezo ignition.
- Safety First**
This butane glue gun features a safety lock on fuel flow to prevent unintentional gas flow. Instant glue flow cuts off to reduce dripping.
- Glue Sticks Included**
Two glue sticks are included in the package for easy replacement/refill.
- Reliable And Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools. Our customers trust our tools to be of quality ones.
No butane included.

Folding Hand Saw – All Purpose 7" Rugged Blade Hand Saw with Non-Slip Grip for Tree Pruning, Camping, Gardening, Hunting. Cutting Wood, PVC

MP010024

- Rugged High Carbon Steel Blade**
We perfected the MichaelPro Folding Hand Saw, a rugged pull cut hand saw with an adjustable 7" high carbon steel blade that cuts with a breeze. Ideal for a wide variety of activities including gardening, camping, pruning, landscaping, cutting wood and PVC.
- Non-Slip Comfortable Grip**
Our hand saw for cutting comes with an ergonomically designed non-slip handle, providing better stability and control and enhances maneuverability.
- Multi-Purpose & Versatile**
This hand saw features blades with triple cut razor teeth and users are free to adjust the knife into any of the 4 angles available for your cutting tasks. This pruning saw is a must-have tool in your collection, being ideal for a wide variety of activities including camping, hiking, hunting and cutting wood.
- Safe & Smooth Cutting**
The aggressive staggered teeth (7 TPI) allows super smooth and sharp sawing.
- Reliable And Trustable**
Produced and tested in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this folding hand saw is definitely one of the essentials in your garage, workshop and home. Our customers trust our tools to be of quality ones.

12" High Tension Hacksaw Frame –
Adjustable Hand saw for Steel Pipe Cutting, PVC,
Carpentry, Woodworking

MP010007

Material

AUTOMOTIVE

Spill-Free Oil Funnel for Toyota, Lexus and VW Vehicles – Hands-Free Design for Oil Changing, Saves Time and Effort

MP009075

Specifications

This oil funnel is compatible with a vast variety of vehicles and models, with a direct fit. It comes with an adapter for European vehicles and can be used on multiple applications. It is suitable for use with Toyota, Lexus, Audi, BMW, Chevrolet, Dodge, Geo, Mercedes-Benz, Plymouth, Pontiac, Porsche, Scion, Volkswagen and Volvo. Please see manual for a complete list of compatible vehicle models.

No-Spill & Hands-Free Design

The non-spilling sprout in this kit connect the funnel directly to the oil filter neck for an easy, spill-free oil refilling. It's tightly secured in place so that oil filling can be done by just one person. You can even turn the engine oil bottle upside down into the funnel for a hands-free use. No more holding on to your funnel while pouring the oil into the engine!

Easy & Durable

The funnel and its connecting transparent lower chamber is constructed out of heavy duty plastics. The adapter is made of durable nylon for easy cleaning. The compact transparent connecting tube enables users to monitor the process of oil refilling. No more guesswork.

Quality Guaranteed

Proudly Made in Taiwan with limited lifetime warranty! Made from industrial grade materials, this oil funnel provides consistent performance with increased toughness and durability. It is a masterpiece for professionals, garage works, home improvements and DIY, and a must have for Engineers, Collectors, Mechanics, and Car Lovers. This also makes a perfect gift option for any occasion!

Spill-Free Oil Funnel for Ford and Mazda Vehicles – Hands-Free Design for Oil Changing, Saves Time and Effort

MP009076

Specifications

This oil funnel is compatible with most Ford and Mazda vehicles.

No-Spill & Hands-Free Design

Oil Filter Cap Wrench for Toyota, Lexus – Fits Most 6 & 8 Cylinder Engines / 2.5L to 5.7 L Engines, 64.5mm 14 flutes- Easily Remove Oil Filters

MP009057

Perfect Fit

This 64mm 14 flute oil filter wrench fits all Toyota, Lexus, and Scion vehicles equipped with 2.5L to 5.7L engines (6 and 8 cylinder engines) that use Toyota's cartridge style oil filter system.

Tough & Durable

Our oil filter cap wrenches are made of premium quality aluminum alloy, providing great power to rotate the extremely tight oil filter cap and doesn't damage the plastic cap.

Installation Instructions

Install the wrench on the filter cap by indexing the tabs and unscrewing it using either a 27mm socket or 3/8" drive ratchet. If the cap is severely over tightened, we recommend using only a 27mm socket to avoid breakage.

Quality Guaranteed

Manufactured from quality material & advanced technology, our oil filter cap wrench meets or exceeds the OEM standards, working even better and lasting longer. Save yourself time and money by replacing the oil filter yourself.

Purchase With Confidence

Buy our MichaelPro oil filter wrench knowing it's a perfect fit, excellent quality, built to last, and most importantly we stand behind our products.

Forged Steel Oil Filter Cap Wrench for Toyota, Lexus – 64.5mm 14 flutes | Easily Remove Stubborn Oil Filters

MP009081

Perfect Fit

This 64mm 14 flute oil filter wrench fits all Toyota and Lexus vehicles with cartridge type and canister type oil filter housings from 1.8L to 5.7L engines. This includes models like Camry, Tundra, Tacoma, 4Runner, RAV4, Corolla, Highlander, Prius, Sienna, Yaris and more.

Unbreakable Tabs On Filter

Made of forged steel which makes this cap wrench stronger than traditional cap wrenches, this removal tool provides great power to rotate the extremely tight oil filter cap and doesn't damage the plastic cap. This prevents the tabs from cracking or breaking off which can lead to serious oil leaks.

Quality Guaranteed

Manufactured from quality material & advanced technology, our oil filter cap wrench meets or exceeds the OEM standards, working even better and lasting longer. Save yourself time and money by replacing the oil filter yourself.

Purchase With Confidence

Buy our MichaelPro oil filter wrench knowing it's a perfect fit, excellent quality, built to last, and most importantly we stand behind our products.

4-PC Professional Swivel Oil Filter Wrench Set –
 With Stand, 57 to 111mm, 2-1/4 to 4-3/8 Inches

MP001223

? What You'll Get
 Our 4-Pcs Swivel Oil Filter Wrench Set covers the size range from 2-1/4 inches to 4-3/8 inches (57 to 111mm) and hence eliminates the need for most spin-style oil filters of this size range.

⚙️ Better Access & Control
 The handle swivels for approximately 180 degrees for better access in tight spaces and it automatically tightens around the oil filter when pressure is applied. The harder you pull, the tighter it gets.

💡 Non-Slip Grip
 Grip handle has been specially coated to provide users with better grip and secures the filter better. Grip while you twist and the oil filter gets removed more smoothly.

🕒 Designed For Long Life Use
 Engineered and tested for heavy duty usage, this tool was designed with users in mind, and is able withstand long term usage. Produced in Taiwan, where its being widely recognized for its dedication in producing premium quality tools, this tool with removable compartments is definitely one of your essentials. Our customers trust our tools to be of quality ones. If you experience any issues, simply contact us for assistance.

1/2" Dr. Speed Collar Impact Extension Bar
 - 0-Inch | Chrome Molybdenum Alloy Steel, 3/8-Inch Adaptor included

MP009074

- Perfect Control**
MichaelPro's Speed Collar Extension Bar is equipped with a two-position adjustable grip to maximize control and alignment while removing and replacing hard to reach fasteners. The speed collar adjusts to two different positions for ultimate control and multi-application use.
- Minimizes Damage**
The narrow nose on the speed collar extension reaches deep-set lugs without damaging rims. Pin hole feature provides for secure retention on pin-type anvils.
- High Torque Impact Driver Use**
High strength steel construction rated up to 295 ft. lbs. Saves effort and energy as this bar makes controlling your impact wrench a breeze.
- Lasts A Lifetime**
Our professional speed collar impact extension bar is treated with rugged corrosion-resistant black phosphate finish for longer lifespan.

9 PC Black Oxide Cushion Grip Sockets in Metric Sizes - Patented Protection from Fasteners' Damage, for Use on Magnetic and Non-magnetic Fasteners

MP005036

- Unprecedented Design**
These grip sockets have patented cushions that protects fasteners from damage and they work perfectly on rounded and stripped bolts. The cushions also provides an Anti-Slip design that makes working in deep and tight environments a breeze. Comes in 10, 12, 13, 14, 15, 16, 17, 18, 19 mm.
- Magnetic Or Non-Magnetic**
While ordinary magnetic sockets will attract iron fillings, our cushion grip sockets do not. They can be used on both magnetic and non-magnetic fasteners and works perfectly on rounded and stripped bolts.
- Quality Exceeds Expectations**
The sockets are constructed from quality 50BV30 steel and coated with black oxide finish. They meet and even exceeds ANSI standards. Our sockets promise a lifetime lifespan even with heavy duty usage.
- Convenient Storage**
These sockets come fitted in a heavy duty socket rail which provides a convenient storage to your tools. You won't have worry about losing your tools anymore.

Molded Plastic Mechanic Creeper 40" – Automotive/Rolling Garage/Work Shop Creeper with Tool Trays

Two molded-in tool trays included for greater convenience and mobility

MP016003

Lightweight

This Plastic Creeper is a one piece blow molded creeper that is made of HDPE plastic. It is light weight (approximately 10.14 lbs), but strong. With it being impact resistant, it gives users extra comfort while lying on it.

Easy Transportation

The carry handle makes it easy to pick up, position, or transport.

Greater Weight Capacity

350 LBS CAPACITY - MichaelPro's 40-inch Creeper features a 350 lbs capacity with the length of 40 inches and width of 19 inches. It fits comfortably for most users.

Swivel Casters

This Mechanic Creeper features 6 multi-terrain swivel casters that are of industrial strength with oil, chemical, and grease resistance. 2 casters come in 4 inches each and 4 casters in 3 inches each. Such sizes provide not only better maneuverability but also the extra durability.

Ergonomically Design

Our creepers have rugged ergonomic design with impact resistance to provide the extra comfort for users. Just sit slowly on the end of the creeper, and lay back to rest your head on the ergonomically designed headrest. In addition, this 40-inch creeper comes with two molded-in tool trays that offer greater convenience when you are working while lying down.

Warranty

The MichaelPro's Mechanic Creeper is covered with a one year limited warranty from the date of purchase. Simply contact us if you need assistance!

3 Ton Double Pin Jack Stands – Premium Forged Steel Ratchet Bar Provides Greater Safety | 1 Pair

MP017001

Specifications

Fully Forged steel construction that is 2X stronger. Sturdy Forged steel ratchet bar with steel construction body for greater safety and durability. With a load capacity of 6,000lbs (3 ton), our 3-ton jack stands feature an adjustable height that ranges from 12-5/8" to 17-3/4" and a foot base of 6-3/4" x 7-1/2".

Safer & Stronger

Forget about die-casting ratchet bars! Met and Exceeds ANSI standards, our ratchet bars are made of one-piece forged steel which is well known to be tougher and almost unbreakable. This in turn provides better safety and durability.

Double Pin

Dual lock mechanism with both handle and mobility pin for a double peace of mind. Multi-position ratchet bar has a saw tooth design, allowing for quick height adjustments that lock into place.

Applications

Ideal for home, Auto, truck service, farm, and shop/garage uses.

Quality Guaranteed

Meets or exceeds ANSI/PALD standards. Proudly Engineered in Taiwan with industrial grade materials, MichaelPro's tools provide consistent performance with increased toughness and durability.
