Data Sheet

Heavy Duty Flat Base Clip-On

A very stable heavy duty mesh spacer capable of withstanding vertical loads of 100kg. The wide basedistributes the load of the reinforcing mesh over a large area, preventing accidental perforation of damp proof and gas membranes. The clipping mechanism prevents rotation of the spacer when it is used on vertical formwork faces, making it ideal for use with permanent formwork systems.

Product Code	Cover (mm)	Bar Dia. (mm)	Pack Size	Pallet Size
FB40502	40 - 50	6-12	200	10000
FB65752	65 - 75	6-12	200	10000

Manufactured in accordance with BS7973-1 :2001

Material: Copolymer Polypropylene
Stability/Storage: Long term intensive influence of light (UV Radiation) can damage products of polypropylene. During storage, the items should be protected against sun exposure and bright daylight.
