Expertly crafted

Gift guide 2023

Our story

Jens Knoop opened his first store in Rye, East Sussex, back in 2013. He has a real passion for chocolate and the joy it can bring, and has dedicated himself to sharing this through Knoops.

We are experts in crafting the perfect chocolate drink. And, we are the first dedicated hot chocolate gifting company. We love sharing Knoops with other companies, helping them to deliver thoughtful and unique gifts to the people that matter to them most.

We offer a considered range of hot chocolate gift sets as well as bespoke gift options, all designed to delight staff and clients alike. The Knoops concept is based around our carefully curated percentage menu, which offers a wide range of chocolates to suit all tastes.

Knoopology

'Knoopology' is the craft of creating the perfect chocolate drink.

Each of our hand-picked chocolates can be enjoyed with either dairy or plant-based milks, add a fruit, herb or spice for a truly personalised Knoop experience - this is Knoopology in action.

1. Choose a % of chocolate flakes from our range - all chocolates of 54% and above are naturally vegan

2. Combine with your choice of milk, either on the hob or in a hot chocolate maker or shaker

3. Add further flavours, such as a pinch of sea salt or a dash of chilli

4. Pour out into your favourite mug or bowl, top with a homemade marshmallow and enjoy
