TRADITIONS

Welcome to Outback's 2023 Traditions collection. Our parent company in the USA are celebrating "40" years of Outback and we are proud to be associated with such a longstanding, respected business. For 40 years Outback has been producing cool hats, jackets and adventure gear. (Here in Australasia, we are up to a grand 26 years!!). It has been a long and winding road, markets have changed, sourcing has changed, the world has changed. But some things have stayed the same - our dedication to quality and functionality has never wavered. We are outdoors people and know first-hand how important a functional design and lasting quality really go hand in hand.

Outback USA started in 1983 with four oilskin products. Here in Australasia when we started 26 years ago our 4 staple items were: Outback Vest, Outback 1/2 Sleeved Vest, Low Rider Coat and the Knee Length Coat. These pieces have stood the test of time and become true Outback staples. Along the way we have listened to our customers and studied the market carefully to develop pieces specifically for our Southern Hemisphere conditions. Our Traditions range now incorporates not only core Oilskin garments for both men & women, but also an array of lifestyle shirts and jackets that "work"!
