

# KAOS

**STAUNING KAOS — TRIPLE MALT WHISKY — 46% ALC./VOL.**

## **STAUNING'S SIGNATURE WHISKY: CITRUS FRUITS, SUBTLE SMOKE AND SWEET SPICE.**

A one-of-a-kind Triple Malt whisky that transcends categories in the world of whisky. A showcase of everything we do at Stauning combined in one bottle.

The core of KAOS is in the marriage of the three malts - malted rye, unsmoked Single Malt and smoked Single Malt. Living up to its name KAOS is matured in a forever changing selection of first-fill fortified wine and spirits oak casks and virgin American white oak barrels. Always evolving, always tasty.

## **TASTING NOTES**

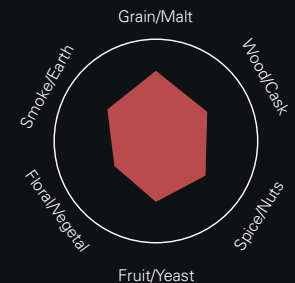

Cereals, apples, cinnamon, orange, and a hint of bonfire smoke on the nose. Rounded with sweet orchard fruits, citrus, toffee and vanilla on the palate. The finish has notes of chocolate, nougat, oak and lovely sweet smoke.

## **SERVING SUGGESTIONS**

Neat, on the rocks, or in a KAOS Manhattan:  
5 cl. (2 oz.) Stauning KAOS  
2 cl. (1 oz.) Sweet vermouth  
2 dashes Angostura bitters  
Stir over ice then strain into a coupette glass.  
Garnish with a Maraschino cherry.

“ COMFORTING AROMAS OF TOFFEE POPCORN AND COUNTRY BONFIRES. A DELICIOUS ABUNDANCE OF VANILLA AND SWEET APPLE ON THE PALATE. A CREAMY BLEND OF ORANGE AND TOBACCO ACCENTUATES THE SATISFYING FINISH.

- International Wine & Spirits Competition (IWSC)

Stauning Whisky, Stauningvej 38, 6900 Skjern, Denmark

**This is a whisky for the curious and free-thinking.  
A whisky for today. Unusual and irresistible.**

Founded by nine unlikely friends at an equally unlikely place on the West Coast of Denmark, Stauning is Denmark's first multi-award winning whisky distillery.

We had no whisky secrets passed on aside of 'cheers' and with no traditions of our own, we leaned on our curiosity, the best of the past and what's at hand.

All our whiskies are made using only locally harvested barley and rye from the windswept fields near our distillery. We do our own floor malting – like in the old days. There are easier ways for sure. But none better. We use 24 small, direct-fired copper pot stills. Because it's how we create the best flavour and distillery character in our whisky.

Leave no flavour behind.
