

# SMOKE

STAUNING SMOKE — SINGLE MALT WHISKY — 47% ALC./VOL.

## A CELEBRATION OF DANISH WEST COAST TERROIR: A GENTLY SMOKED AND FRUITY SINGLE MALT WHISKY.

Single Malt whisky made using floor malted local barley, dried over local heather and peat and double distilled in direct-fired pot stills... exactly how we at Stauning believe great whisky should be made.

This unparalleled approach creates fresh and crisp orchard fruit notes, followed by gentle smoke. A bold and complex Danish Single Malt whisky, with incredible balance.

## TASTING NOTES

Gentle bonfire smoke combined with elegant citrus notes and honey sweetness on the nose. On the palate rich notes of tobacco, liquorice, walnuts and vanilla. Balanced by the scent of fresh herbs and sweet wood smoke in the finish.

## SERVING SUGGESTIONS

Neat, on the rocks, or in a Stauning Penicillin:

6 cl. (2 oz.) Stauning Smoke

3 cl. (1 oz.) Freshly squeezed lemon juice

1 Teaspoon of honey

3 Slices of fresh ginger.

Mash the ginger, shake all ingredient together with ice. Double strain into a low ball glass with lots of ice. Garnish with candied ginger.

## TECHNICAL DETAILS

- Barley sourced from two local farms.
- Grains floor malted and kiln dried at the distillery.
- Dried with Danish West Coast peat and heather.
- Double distilled in direct-fired pot stills.
- Matured on-site in first-fill Bourbon oak barrels, first-fill fortified wine and spirits oak casks, and heavy charred new American white oak barrels.
- Bottled at Stauning Whisky distillery.
- No colour added.
- Not chill filtered.

“ THIS IS AN EXCEPTIONAL PEATED WHISKY,  
FOR EITHER AN INTRODUCTION TO PEAT OR  
THE WELL-SEASONED PEAT LOVER

-The Whisky Wash

Stauning Whisky, Stauningvej 38, 6900 Skjern, Denmark

**This is a whisky for the curious and free-thinking.  
A whisky for today. Unusual and irresistible.**

Founded by nine unlikely friends at an equally unlikely place on the West Coast of Denmark, Stauning is Denmark's first multi-award winning whisky distillery.

We had no whisky secrets passed on aside of 'cheers and with no traditions of our own, we leaned on our curiosity, the best of the past and what's at hand.

All our whiskies are made using only locally harvested barley and rye from the windswept fields near our distillery. We do our own floor malting – like in the old days. There are easier ways for sure. But none better. We use 24 small, direct-fired copper pot stills. Because it's how we create the best flavour and distillery character in our whisky.

Leave no flavour behind.
