

SKATING RSE 610

PRESENTATION: The rollerski RSE 610 is a perfect ski for competition. The frame of this product is available in 3 colours (BLACK, GREY, PINK).

PRODUCT SPECIFICATIONS

- They were made for people who want to increase their power level.
- This high-performance ski is composed of an aluminium frame offering lightness and strength.
- The length of the frame and the low ground clearance ensure high stability of the rollerski trajectory and reduce vibrations.
