

LIBERTY
SAFE

ALWAYS PROTECTED™

WWW.LIBERTYSAFE.COM

MADE IN THE USA*

HERE IS WHAT'S NEW IN 2022!

LINCOLN UPGRADES

MAJOR SECURITY ENHANCEMENTS

The new Lincoln by Liberty now built with thicker 10-gauge steel. This significantly improves security and boosts its fire rating to a staggering two hours!

FRANKLIN IS BACK

NEW AND IMPROVED FEATURES

The high-quality and affordable Franklin now has a higher fire rating and improved lighting!

FREEDOM SAFES

NEW TO THE LIBERTY LINE UP

The new Freedom Series offers great security at an affordable price.

WONDERING HOW A LIBERTY SAFE WILL LOOK IN YOUR ROOM?

PRO TIPS

- You can scale the safe larger or smaller by using two fingers and moving them closer together or further apart.
- To rotate the safe to a new angle, use two fingers.
- You can save a picture of what the safe looks like in your room by clicking the camera button you see on the screen.
- For a 3D image of the safe, click on "Object" at the top of the screen.

SEE A LIBERTY SAFE IN YOUR HOME AT [LIBERTYSAFE.COM/VR](https://www.libertysafe.com/vr)

OUR AUGMENTED REALITY WILL PUT THE SAFE RIGHT IN YOUR HOME

Are you wondering what a Liberty Safe would look like in your home? It's easy to find out!

STEP 1: Using a smart phone or tablet, visit www.LibertySafe.com and select the home or gun safe series you're interested in.

STEP 2: Choose the size and color you like.

STEP 3: Choose either a mechanical lock or an electronic lock.

STEP 4: Scroll down and click on **VIEW SAFE IN YOUR HOME**

STEP 5: Move your phone from side to side in a straight line. This helps the app calculate the dimensions of your space. It can take 10-20 seconds, but when the cube pops up you'll know you're close!

THE LIBERTY SAFE LINEUP

FIND THE PERFECT SAFE FOR YOUR NEEDS

BUY BIGGER. YOU'LL BE GLAD YOU DID!

**WE ALWAYS HEAR,
"I WISH I WOULD'VE
BOUGHT A BIGGER SAFE!"**

We don't mind if you buy two safes —a his and hers, or one upstairs and downstairs. But after more than 30 years of selling safes, our advice is simple:
BUY BIGGER—YOU'LL BE GLAD YOU DID.

LIBERTY SAFE'S SECURITY LEVELS

OUR SECURITY LEVELS ARE BASED ON 6 FEATURES:

- SAFE BODY STEEL THICKNESS:** Our full-sized safes range from ultra-thick, 7-gauge steel to thinner 14-gauge steel
- CERTIFICATION:** Gold-standard UL listing (Underwriters Laboratories is a third-party certification company that verifies the performance and durability of many products), or California DOJ approved
- DOOR TYPE:** Composite, plate, hybrid, or Tough Door with inner steel plate
- LOCKING MECHANISM TYPE:** We offer multiple mechanisms to keep your safe locked up tight
- LOCKING BAR THICKNESS:** Our signature, patent-pending, 4"-wide locking bars range from 1/2" thick to 3/16" thick
- LOCK GUARD TYPE:** Our lock guard options include ball-bearing in our premium safes, triple hardplate for our mid-range safes, and single hardplate for our entry-level safes

AMMO CAN

GREAT FOR SECURELY STORING YOUR AMMO

SHOP ONLINE: LibertySafe.com/AmmoCan

Store up to 11 cubic feet of ammo safely with the Liberty Safe AMMO CAN. We've crafted our AMMO CAN to be one of the toughest home ammunition storage options around, with locking bars, key lock entry, and a thick door for durability and strength. Not only is it tough, but this ammo cabinet is efficient - it comes with three of our Perma-Shelves, each holding up to 125 lbs. of ammunition. You won't need to create a messy pile of ammunition on the floor of your safe. Instead, you can organize the contents of your AMMO CAN to create a storage option that works for you.

Each AMMO CAN is made in the USA to offer you a place to store ammunition without worrying about burglary or unsecured ammunition around children. Order your own Liberty Safe AMMO CAN here and give yourself a little more peace of mind.

DIMENSIONS: 59.5" x 24.25" x 22" **LOCKING BARS:** 2 **EACH SHELF SECTION:** 13.5" x 22.25" x 13.5"

HD MODELS – 2 YEAR WARRANTY

HD-200 QUICK VAULT

The HD-200 has been designed with an auto-opening angled front door to provide great visibility and easy access to your firearm or valuables. Liberty engineers added multiple tamper-resistant designs to resist prying. 9v battery and key back included. 2-year warranty.

HD-300 QUICK VAULT

Liberty's HD-300 has all of the same features as the HD-200 but is 50% larger. It has the same angled front door for greater visibility. An extra interior shelf adds to the HD-300 storage capacity. Mounting holes are included for securing vault to floor or furniture. Foam lined and includes key back-up.

HDV-50 KEY VAULT

NEW finish and improved internal hinge! Liberty's most compact and affordable handgun vault with top-opening access. Foam lined to protect handguns or other valuables. Includes two cylinder keys and security cable for tie down capability!

HD-90 KEY VAULT

Economically priced and conveniently portable, the HD-90 Key Vault is one tough vault that you can take it on the go, and with its low-profile 2.5" height it even fits under automobile seats. Foam lined to protect guns. Two access keys and cable lock included.

HD-100 QUICK VAULT

Liberty's HD-100 is the first in its Quick Combo Series that includes a touch pad with back up key access. Easy press buttons with piston-assisted top-opening door for quick access. Interior light, foam lined, 9v battery, and cable lock included.

ACCESSORIES

DC ADAPTER

Power your Compact Vault in your vehicle! Compatible with the HDX-150, 250, 350. 14989
