### **Why work for us?**

Sourdough Sophia is truly a bakery born in the community. During lockdown we set up a micro bakery from our dining room and founded Sourdough Sophia to change the way in which us Brits consume bread one loaf at a time.

Within a couple of weeks we attracted huge queues down the road from our little flat and quickly ran out of space. So, with the help of a successful kickstarter campaign and nearly 600 backers from the local community, we opened the doors to our bakery in 2020, only 8 months after we baked our very first loaf.

Before we opened, we made the firm commitment to bake the most delicious sourdough, serve the most incredible coffee alongside our delicious bakes and level up how we treat our staff by creating a positive and supportive working environment for all. Well, now that we've been serving and inspiring the community for over 2 years now, we need someone to come onboard and drive our business to the next level!

### **Our priority is people.**

Sourdough Sophia is family first. Everyone in our team is valued, supported, loved and their progress is nurtured. Our mission is to fix the way in which staff are treated in the hospitality industry. Working in hospitality is always going to be hard, but it shouldn't be unfair. We believe that hard work done the right way can be the most rewarding experience for you.

We are set to do things differently. No night shifts, fair pay, supportive and positive working environment in which you can feel safe to take risks, make mistakes and learn.

We are set to expand over the coming years and we are looking for incredible talent to help us achieve our ambitious goals! Help us fix the way in which we perceive bread in society and fix the broken food system together, one loaf at a time!

### **Join our team, and you will:**

- Be part of an incredibly close-knit team with a detailed understanding of baking, cooking, hospitality and coffee
- Have excellent opportunities for career progression in a company with big goals.
- Be given paid training opportunities
- Enjoy staff perks, including staff massage, free lunch, free coffee, pastries and bread every day, access to specialist third-party staff wellbeing services and more.
