

Business Development Internship

ROLE DESCRIPTION

In this role, you will help us build MiMask from an idea to a structured, fast growth company with an international footprint. As a manufacturing business with D2C distribution, you will experience the whole value chain from raw materials receiving to dispatching a finished product to customers globally. Operational as well as analytical tasks will be part of your range of responsibilities.

REQUIRED SKILLS

- Very high motivation to work in a small, multi-tasking team, with a high degree of autonomy and responsibility
- Able to deliver excellent results under time constraints and shifting targets
- 1-2 years of working experience or comparable internship experience in relevant companies
- Experience working in early stage D2C tech companies is a huge plus
- Strong analytical skills, advanced knowledge of spreadsheets/Excel, Slack
- Team player with excellent communication skills
- Ability to self manage in partially remote working environment
- Fluent in English and at least one other major European language. Native French is a big plus
- Student or degree in Business Administration from one of Europe's top schools
- Minimum internship duration of six months

WHAT WE OFFER

This is a unique opportunity to be part of a startup from launch to growth phase. You will see how a company is built from day one and grown internationally. At this stage, responsibilities will change frequently and your flexibility, adaptability and can-do attitude will be able to shine. We work in a fast paced international team based in Madrid (Spain) and out of our facility in Alcalá de Henares. This is a paid internship.

ABOUT MIMASK

MiMask was founded by a group of friends across Europe that came together to take swift action in times of crisis, and help our communities stay safe. We manufacture the best face masks and other Covid-19 relevant products on the market, and distribute them directly to consumers and businesses globally.

HOW TO APPLY

Please send your CV/complete LinkedIn profile, a short letter of motivation and possible starting date to jobs@mimask.eu. Applications without all three requirements will not be considered.
