# Thatcher Baker-Briggs

Born in a small city in Canada, Thatcher Baker-Briggs knew from the age of 10 that restaurants were going to be his passion. His professional trajectory boasts key positions in kitchens and dining rooms of some of the most influential restaurants in the world including then three-Michelin starred Saison under Chef Joshua Skenes, the highly regarded Takazawa in Tokyo, and two-Michelin starred COI in San Francisco.

After overseeing the opening of ANGLER in San Francisco, Thatcher decided to go off on his own and founded Thatcher's Wine Consulting in 2019, where clients are leaders in a wide range of industries including technology, publishing, finance and politics. In 2021, Thatcher launched Thatcher's Wine and Thatcher's Imports. Thatcher has been named one of Wine Enthusiast's 2022 Future 40 and FSR 2022 Rising Stars, and featured in Robb Report, Eater, Esquire, and The Manual, to name a few.

Our online bottle shop features wines from some of the world's most dynamic domaines and emerging winemakers. From exceptional everyday bottles to rarified finds, our highly curated cellar focuses on honest expressions of climate and terroir from across Europe.

Our import portfolio reflects our vision for the evolution of our industry. These progressive—and often young—winemakers share our passion for environmentally and regionally sustainable practices that will help to both evolve the industry and ensure the future of terroir-driven wines.
