Personal precautions None under normal conditions

Handling and Storage

Do not freeze or store at temperatures exceeding 100F for good product stability

Wash thoroughly after handling

Store in a dry and well ventilated place.

Exposure Controls/Personal protection

Respiratory Protection (Specify Type): None

Ventilation: Local Exhaust

Protective Gloves: None required

Eye Protection: None required

Other Protective Clothing or Equipment: None required

Physical and Chemical Properties

Physical state: Gel

Appearance: Light

Odour: Characteristic odor

Viscosity: N/D

Gravity: N/D

pH value: 9

Melting point: N/A

Freezing point: 0 C

Boiling point: N/A

Flammability: N/A

Evaporation Rate NA

Stability and Reactivity

Stability Stable under normal conditions

Incompatibility (Materials to Avoid): None

Hazardous Decomposition or By-products: None

Hazardous Polymerization Will Not Occur under normal use

Toxicological information

Route(s) of Entry

Inhalation: No known effect

Skin: No known effect

Ingestion: No known effect

Health Hazards (Acute and Chronic): No chronic effect known or expected.

Carcinogenicity No known effect

IARC Monographs No known effect

OSHA Regulated- No

Signs and Symptoms of Exposure Mild skin irritation, moderate eye irritation.

Medical Conditions Generally Aggravated by Exposure: None Known

Ecological Information

This product is not hazardous to the environment when used under normal conditions.

Disposal Considerations

Waste Disposal Method In accordance with all local, state, & federal regulations. Rinse containers before recycling or discarding.

TRANSPORT INFORMATION

DOT Classification (bulk/mass product): not regulated

IATA Classification (bulk/mass product): not regulated

Other: N/A

Regulatory information

N/A

Other information

Refer to product label and ingredient listing for directions and precautions.

While the information contained within this SDS is presented in good faith and believed to be accurate, it is provided for your guidance only.
