

Hexoskin Smart Demo		
Datatype: https://api.hexoskin.com/docs/resource/datatype/		
Respiration		
<u>Raw Data channels:</u>		
Thoracic signal	Remote Access Through API	
Abdominal signal	Remote Access Through API	
<u>Data channels:</u>		
Breathingrate	Real Time Bluetooth Access	
Inspiration	Real Time Bluetooth Access	
Expiration	Real Time Bluetooth Access	
Minuteventilation	Remote Access Through API	
Tidalvolume	Remote Access Through API	
Tidalvolumeadjusted	Remote Access Through API	Only During Sleep
Minuteventilationadjusted	Remote Access Through API	Only During Sleep
Sleep		
<u>Data channels:</u>		
Sleepphase	Remote Access Through API	Only During Sleep
Sleepposition	Remote Access Through API	Only During Sleep
ECG		
<u>Raw Data channels:</u>		
Ecg lead I	Remote Access Through API	
<u>Data channels:</u>		
Heartrate	Real Time Bluetooth Access	
Rrinterval	Real Time Bluetooth Access	
QRS detection	Remote Access Through API	
Energyadjusted	Remote Access Through API	
nnoverrr	Remote Access Through API	
Ann	Remote Access Through API	Only During Sleep
Hrvhfnorm	Remote Access Through API	Only During Sleep
Hrvhf	Remote Access Through API	Only During Sleep
Hrvlf	Remote Access Through API	Only During Sleep
Triangular	Remote Access Through API	Only During Sleep
Nninterval	Remote Access Through API	Only During Sleep
Activity		
<u>Raw Data channels:</u>		
Acceleration, X,Y,Z	Remote Access Through API	
<u>Data channels:</u>		
Step Count	Real Time Bluetooth Access	
Cadence	Real Time Bluetooth Access	
Activity	Real Time Bluetooth Access	
Deviceposition	Remote Access Through API	
Quality Assessment Channels		
rrintervalstatus	Remote Access Through API	
Heartratestatus	Remote Access Through API	
Breathingratestatus	Remote Access Through API	
Platform Availaility		
All Platforms	Android, iOS, Mac, Windows, Linux
