#### PACKAGE CONTENTS

Speakers 1pc  
User manual 1pc

#### SPECIFICATIONS

Product model: AG-202  
2.0 Computer Multimedia Speaker  
Output Power/RMS: 6W(3Wx2)  
S/N ratio: 275dB  
Separation: 240dB  
Frequency response: 20Hz-20KHz  
Power Input: 5V= 1A  
Product size: 116(W)x114(D)x107 (H)mm

#### POWER

This product uses DC 5V = 1A power supply.

- Do not install this equipment in a confined or building-in space such as a book case or similar unit, and remain a well ventilation conditions.  
The ventilation should not be impeded by covering the ventilation openings with items such as newspaper, table-cloths, curtains etc.
- WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. The apparatus shall not be exposed to dripping or splashing and that objects filled with liquids, such as vases, shall not be placed on apparatus.
- CAUTION:** Danger of explosion if battery is incorrectly replaced.  
Replace only with the same or equivalent type.
- The batter (battery or batteries of battery pack) shall not be exposed to excessive heat such as sunshine, fire or the like.
-  Correct Disposal of this product. This marking indicates that this product should not be disposed with other household wastes throughout the EU.  
To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources.  
To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.
- Frequency: 2402GHz-248GHZ
- The Max. transmit power: 10 dBm
- Operation temperature: 0-40°C

#### FCC STATEMENT

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.  
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
- Reorient or relocate the receiving antenna.  
- Increase the separation between the equipment and receiver.  
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
- Consult the dealer or an experienced radio/TV technician for help.  
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
