

# Pure

## "Pure"- Selected ingredients & brewers' principle

#06912

Ingredient:

Rice, Koji, Water

Category: Junmai

Polishing ratio: 70%

ABV: 13.5%

SMV: +3

Acidity: 1.2

Amino Acidity: 1.5

Volume:

300ml (12bottles/case)

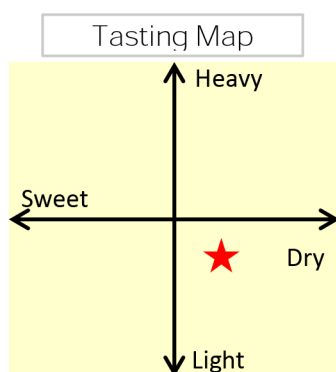

### ● Characteristics

- Brewed with selected rice which is produced in Japan, fine water "Fushimizu" from Kyoto and Kizakura's original Junmai yeast
- Transparent clear color and moderate ricy aroma
- Authentic taste - grainy, semi-dry and crisp with short finish; not get tired to drink

### ● Product Story

Pure means not only the raw materials but also purity of Kizakura's brewers' principle for brewing sake.

Brewing process is separated each other such as polishing rice, making Koji, fermentation, etc. All brewers do their best and their effort gather to this sake.

### ● Food Parings

Light rice flavor with moderate aroma goes well with rice-friendly dishes.

e.g.) Teriyaki chicken, Grilled white fish, Dumplings
