Identit‡

Per il nostro brand aziendale è un punto fondamentale.

Tutto ruota attorno a questo concetto, ovvero la ricerca continua di ciò che siamo e ciò che vogliamo essere nel prossimo futuro. L'identità del marchio COMPAR si distingue per la versatilità delle proprie collezioni, realizzando sia prodotti per un ambiente giovane e colorato che per un ambiente più tradizionale, dai toni ed essenze più discreti.

Identity

This is a fundamental and very important key for our brand.

Everything turns around this concept: identity is a continuous research of "what we are" and what we want to be in the next future. The Compar brand identity stands out for a cross size of its own furnishing collections, producing in this way both products for a young and coloured environment and a more traditional one.

IdentitÈ

Pour notre brand c'est un point fondamental et vraiment de grand intérêt.

Tout tourne autour de ce concept : l'identité est la recherche continue de « ce que nous sommes » et de ce que nous voulons être dans le futur proche. L'identité du brand Compar se distingue par un style transversal de ces collections de décoration, donc en réalisant des produits soit pour un milieu jeune et coloré soit pour un milieu plus traditionnel.

Da molti anni COMPAR ha aderito ai programmi di certificazione

che danno un maggior controllo di qualità al prodotto e rendono più efficiente il sistema di lavoro per dare una risposta di responsabilità ai nostri utenti finali.
La certificazione ISO 9001 e la certificazione TUV specifica per il mercato russo, sono state adottate tempestivamente ed ancor oggi rappresentano la nostra forza per un sistema azienda sempre più all'insegna della qualità complessiva.

For many years, COMPAR agreed to certification programmes

not only to make the working system more efficient but also for a better control on product quality and, in particular, to give a responsibility answer to our end users.
