# butterfly

Le gambe in legno di Butterfly combinano un design leggero, lieve e delicato, con la solida dolcezza del legno curvato. Esattamente come le farfalle, i colori cambiano quasi infiniti, nelle varianti di vetro temperato, gres porcellanato, marmo e legno. Potrete trasformare le vostre stanze con la grazia di una farfalla.

Butterfly's wooden legs combine a light, mild and delicate design, with curved wood's solid sweetness. Like butterflies, colors change almost infinitely, from the tempered glass finishes, through porcelain, marble and up to wood. You can transform your room, as gracefully as a butterfly.

Fondata da Gianni Tonin più di 40 anni fa, TONIN CASA è stata sin dall'inizio esempio di passione, eleganza e ricerca nel settore arredamento.

Nel 1975 la sua attività principale era il commercio di scarpieri e mobili classici, pubblicando il primo catalogo nel 1982.

Il successo e la fiducia dei clienti fecero sì che nei primi anni '90 venisse avviata la produzione di mobili moderni, accompagnati dall'edizione di cataloghi dedicati e dall'espansione dell'area commerciale oltre il Triveneto.

Tonin Casa, da allora, è in costante sviluppo e crescita, impegnata nel commercio a livello mondiale e nell'esportazione dei valori Made in Italy, con prodotti sintesi di bellezza e funzionalità. Segni e tendenze che promuovono la tradizione del Design Italiano nel mondo.
