NOTE TECNICHE SUI PRODOTTI/PRODUCT TECHNICAL NOTES/ NOTES TECHNIQUES SUR LES PRODUITS

Nella maggior parte dei casi i letti sono venduti nella versione con pediera, ma si possono acquistare anche con giroletto o con la sola testata da applicare al muro tramite le staffe di fissaggio (figura 1). Alcuni modelli non prevedono la pediera e vengono venduti nella sola versione giroletto. Per i letti con pediera o con giroletto si possono utilizzare sia le reti con i piedi (figura 2), che quelle ad appoggio; in questo caso si utilizzerà un set da 4 o 6 ganci poggiatesta (figura 3). **Poiché sono degli optional i ganci poggiatesta devono essere ordinati a parte, verranno conteggiati secondo la quantità ordinata in quanto il loro costo non è compreso nel prezzo dei letti a listino.** I modelli ACAPULCO, FIORDO, VOYAGER, METROPOLIS, VIENNA fanno eccezione in quanto i poggiatesta sono già saldati sui longheroni (per questi modelli non sono previsti dei fuori misura in lunghezza). Ai ganci poggiatesta si potranno inoltre fissare dei supporti centrali (figura 4), che potranno servire da appoggio per due reti singole accostate, questa soluzione è utile nel caso in cui una rete matrimoniale intera non abbia agevole accesso alla camera.

In most cases, beds are sold with footboard included, but they are available with bed perimeter or with the only headboard to be applied to the wall using locking brackets as well (figure 1). Some models don't include the footboard and are sold with the bed perimeter only. You can use both feet bedsprings (figure 2) and feetless bedsprings for beds with footboard or bed perimeter; in this case you'll want to use a 4 or 6 bedspring hooks set (figure 3). **As optional, bedsprings hooks must be ordered separately, priced apart according to quantity order, since the price is not included in the bed price list.** Exceptionally, ACAPULCO, FIORDO, VOYAGER, METROPOLIS and VIENNA models have bedsprings already soldered on spars (these models are not available with oversize length). You may also mount some central supports (figure 4) on bedspring hooks, useful to hold two single bedsprings together - this solutions if useful when an entire double bed cannot be transported inside the room.

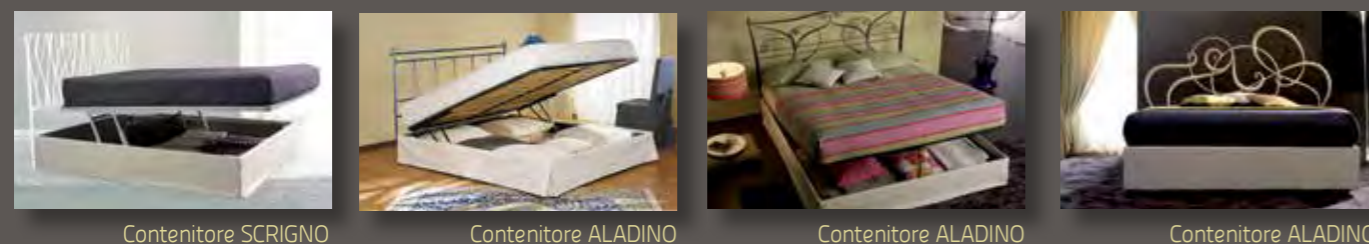

Dans la plupart des cas, les lits sont vendus dans la version avec pied de lit, mais peuvent également être achetés avec cadre de lit ou encore avec la seule tête de lit à appliquer au mur en utilisant les supports de montage (figure 1). Certains modèles ne prévoient pas de pied de lit et sont vendus uniquement en version avec cadre de lit. Pour les lits avec pied de lit ou cadre de lit, il est possible d'utiliser aussi bien les sommiers avec pieds (figure 2) que ceux à poser. Dans ce cas, un jeu de 4 ou 6 crochets de support de sommier sera nécessaire (Figure 3). **Dans la mesure où il s'agit d'éléments en option, les crochets de support de sommier doivent être commandés séparément. Ils seront facturés en fonction de la quantité commandée car leur coût n'est pas inclus dans le prix des lits proposés sur catalogue.** Les modèles ACAPULCO, FIORDO, VOYAGER, METROPOLIS et VIENNA font exception car les supports de sommiers sont déjà soudés sur les barres latérales (ces modèles ne sont pas disponibles hors longueurs standards). Il sera également possible de fixer des supports centraux aux crochets (figure 4) pouvant servir d'appui à deux sommiers 1 place mis côte à côte. Cette solution est utile en cas d'impossibilité de faire rentrer un sommier 2 places dans une pièce.

Al contenitore Aladino si può collegare la sola testata oppure testata e pediera, con l'eccezione del letto Anemone del quale si può collegare solo la testata. Il contenitore Scrigno accetta solo la testata.

Aladino container can be attached by the headboard only or the headboard with footboard. The only exception is Anemone bed, which can be attached by the headboard only. Scrigno container is compatible with headboard only.

La tête de lit seule ou la tête de lit et le pied de lit peuvent être reliés au coffre Aladino, à l'exception du lit Anemone auquel seule la tête de lit peut être fixée. Le coffre Scrigno peut accueillir uniquement la tête de lit.

La ditta si riserva l'opportunità di apportare modifiche o migliorie fra una serie e l'altra senza preavviso. I letti non sono modificabili in larghezza ed in altezza. Sui vari letti è possibile modificare la sola lunghezza della coppia di longheroni con un sovrapprezzo, ad eccezione dei modelli CONCERTO CON BALDACCHINO, ACAPULCO, FIORDO, VOYAGER, METROPOLIS e VIENNA, sui quali non è possibile fare modifica alcuna. Questo intervento su misura può causare un ritardo nella consegna. Le decorazioni delle testate dei letti Lina, Romanza e Lavinia vengono eseguite a mano e perciò potrebbero differire nel disegno o nelle tonalità. Nei modelli in ferro battuto l'irregolarità della superficie dipende dalla lavorazione manuale, pertanto non si può considerare difetto, ma caratteristica specifica del prodotto artigianale. Vengono utilizzati pomoli e particolari nello stesso colore del letto oppure in ottone brunito (scuro). I letti con pediera possono avere i longheroni dritti (figura 1) o curvi con scendicoperta (figura 2). Sul catalogo per ciascun letto è indicata la tipologia di longherone utilizzato. La misura standard è di cm. 195 (calcolato per rete lunga cm. 190). Per i modelli ACAPULCO, FIORDO e VOYAGER abbiamo previsto una rete con la misura standard di cm. 160 x 200. I letti con giroletto utilizzano sempre longheroni dritti.

Our company reserves the right to modify or improve series without prior notice. Beds cannot be modified in width and length. On different metal ring beds, you can only modify the length of spars couple with an extra charge, except for the following models - CONCERTO WITH CANOPY, ACAPULCO, FIORDO, VOYAGER, METROPOLIS and VIENNA, that cannot be modified at all. Custom works may delay the delivery. Decorations of headboards on Lina, Romanza and Lavinia beds are hand-crafted, therefore may vary in patterns and shades. Wrought iron models may have irregular surfaces: this depends on hand-made working, therefore this is not a defect, but a specific feature of hand-crafted products. We use knobs and details in the same color of the bed, or in burnished (dark) brass. Beds with footboard may have straight (figure 1) or curved spars with blanket-space (figure 2). The spar type used for each bed is specified in our catalog. Standard size is cm. 195 (for bedspring length of cm. 190). Bedsprings standard size for ACAPULCO, FIORDO and VOYAGER models is cm. 160 x 200. Bed with bed perimeter always have straight spars.

La société se réserve le droit d'apporter des modifications ou des améliorations sur les différentes séries sans préavis. Les lits ne sont pas modifiables en largeur ou en hauteur. Sur les différents lits avec cadre en métal, il est possible de modifier la longueur des deux barres latérales avec application d'une majoration du prix, à l'exception des modèles CONCERTO À BALADAQUIN, ACAPULCO, FIORDO, VOYAGER, METROPOLIS et VIENNA, sur lesquels aucune modification n'est possible. Cette intervention sur mesure peut engendrer un retard dans la livraison. Les décorations des têtes de lit Lina, Romanza et Lavinia sont effectuées à la main et pourraient donc légèrement différer du dessin ou des couleurs présentés sur le catalogue. Pour les modèles en fer forgé, l'irrégularité de la surface dépend du traitement manuel. Par conséquent, celle-ci ne peut être considérée comme un défaut mais comme une caractéristique spécifique au produit artisanal. Les pommeaux et autres éléments de détail utilisés sont soit de la même couleur que le lit soit en laiton bruni (foncé). Les lits avec pied de lit peuvent avoir des barres latérales droites (figure 1) ou courbes avec tombé de lit (figure 2). Sur le catalogue, le type de barre latérale utilisée est indiquée pour chaque lit. La taille standard est de 195 cm (calculée pour un sommier de 190 cm de longueur) Pour les modèles ACAPULCO, FIORDO et VOYAGER, un sommier standard de 160 x 200 cm a été prévu. Les lits avec cadre de lit disposent toujours de barres latérales droites.

Esistono tre tipi di giroletto: uno con gamba a sezione tonda (1), uno per gamba a sezione quadra (2) e quello per il modello Acapulco e Elton (3).

Three types of bed perimeter available: one with circular sectioned leg (1), one with square sectioned leg (2), and one specific for Acapulco and Elton models (3).

Trois types de cadres de lit sont disponibles : à pieds ronds (1), à pieds carrés (2) et celui applicable aux modèles Acapulco et Elton (3).

ECOPELLE / FAUX LEATHER/ SIMILI-CUIR

Per le imbottiture dei pannelli dei letti vengono adoperate le seguenti ecopelli: bianco neve, avorio (panna), tortora, cacao e testa di moro. Per le imbottiture delle sedie vengono utilizzate le stesse ecopelli; in alternativa si può richiedere un tessuto in cotone colore beige.

ECO-LEATHER We use the following Eco-leather for panel paddings: Snow White, Ivory (Cream), Dove-grey, Cocoa and Dark Brown. We use the same Eco-leather for chair paddings; but you may also request beige cotton fabric.

Les tissus simili-cuir suivants sont utilisés pour le rembourrage des panneaux de lit : blanc neige, ivoire (crème), taupe, cacao et brun foncé. Les mêmes tissus simili-cuir sont utilisés pour le rembourrage des chaises. En alternative, un tissu coton de couleur beige peut être appliqué.

TESSUTI / FABRIC / TISSUS

Per i cuscini RELAX si utilizza tessuto in canapa nelle finiture: bianco, canapa naturale, jeans e tabacco.

RELAX cushions are made with hemp fabric in the following finishes: white, natural hemp, jeans and tobacco.

Les oreillers RELAX, sont en tissu chanvre avec finitions : blanc, chanvre naturel, jeans et tabac.

Bianco/ White/ Blanc

Canapa naturale/ Naturele hemp/ Chanvre naturel

Tabacco/ Tobacco/ Tabac

1) Froissés : Graphite, Brun, Effet Corten

Grafite
Graphite
Graphite

Marrone raggrinzante
Textured Brown
Brun froissé

Effetto Corten
Corten effect
Effet Corten

Effetto Corten:

La vernice ad effetto corten e' frutto di una ricerca per imitare la ruggine, non e' quindi omogenea ma presenta delle sfumature

Corten Effect:

Corten effect paint has been researched to look like rust, therefore it is not consistent and reveals some shading

Effet Corten :

La peinture à effet corten est issue d'une recherche menée dans l'intention d'imiter la rouille, par conséquent, elle n'est pas uniforme et présente des nuances

NOTE GENERALI / GENERAL NOTES/ NOTES GÉNÉRALES

Uso e manutenzione: Per la pulizia si consiglia di utilizzare un panno morbido leggermente inumidito. Non usare solventi od alcool. Per le superfici in vetro utilizzare detergenti specifici.

Condizioni di vendita: Porto franco per importo netto minimo di € 600,00

Si effettuano spedizioni per importi inferiori conteggiando un contributo per le spese di trasporto. Al ricevimento della merce controllare l'integrità del contenuto, eventuali danni andranno segnalati e riportati sul DDT.

Tramite il nostro rappresentante di zona, si possono richiedere gratuitamente i depliant, il totem porta depliant e gli espositori per testata.

Usage and maintenance: We suggest to clean the products with a soft, slightly damp cloth. Don't use solvents or alcohol. Glass surfaces must be cleaned with specific cleaners.

Feel free to ask free depliants, depliant totem and headboards display units to our local area representative.

Utilisation et entretien Pour le nettoyage, nous recommandons d'utiliser un chiffon doux légèrement humidifié. Ne pas utiliser d'alcool ou de solvants. Pour les surfaces en verre, utiliser des détergents spécifiques.

Par le biais de notre représentant local, il est possible de demander des brochures gratuites, une colonne porte-brochures et des présentoirs à têtes de lit.

Cosatto

In questo catalogo troverete la migliore soluzione per dare alla vostra camera l' eleganza e il prestigio che solo un letto in ferro può dare.

Accanto ai modelli romantici ispirati alle forme del passato presentiamo qui dei letti contemporanei dai richiami vintage. Sono tutti realizzati con cura artigianale, sia che vi vengano impiegati elementi a taglio laser oppure che vengano forgiati a mano, con antichi gesti.

Oltre alle finiture verniciate proponiamo quelle anticate, molto adatte agli ambienti più classici o che richiedono un tocco di romanticismo. Per i modelli dalle testate più lineari sono disponibili dei cuscini sfoderabili che li trasformano in letti imbottiti.

This catalog includes the best solutions to bring on your bedroom all the elegance and prestige only an iron bed may offer.

In addition to old style-inspired, romantic models, we offer you some modern beds with vintage accents. Whether they have laser-cut or hand-shaped elements based to ancient techniques, all our beds are carefully crafted.

We offer painted finishes as well as antiqued ones, particularly suggested for classic rooms or to add just a touch of romanticism. You can also order cushions with removable covers for all models with linear headboards, to add more padding for your beds.

Ce catalogue contient les meilleures solutions pour donner à votre chambre l'élégance et le prestige que seul un lit en fer peut conférer.

Outre les modèles romantiques inspirés par les formes d'antan, nous proposons des lits contemporains avec une touche vintage. Tous les lits sont fabriqués avec un soin artisanal, qu'ils comportent des éléments découpés au laser, ou forgés à la main avec des gestes antiques.

Outre les finitions peintes, nous proposons également celles « vieilles », parfaitement adaptées aux décors classiques nécessitant une touche de romantisme. Pour les modèles avec têtes de lit plus linéaires, des coussins déhoussables sont proposés, capables de transformer les lits en version rembourrée.
