Inemuri

A very comfortable upholstered headboard for Inemuri, which expresses a taste for continuous embrace. The originality of the combination of such different volumes for the bed gives a strong imprint of character to the room, a soft invitation to rest, covered in fabric or eco-leather.

IMPORTANT HEADBOARD

Inemuri is an upholstered bed with a headboard that is important in terms of size and shape, designed by Andrea Steidl, co-founder of / à r o / design studio. This designer's penchant for absolute, pure forms can be read immediately in the bed's volumes: an artfully riveted seam outlines the profile of the headboard while the bed frame, padded and upholstered, develops in a more linear fashion, in an original combination. The cover, in fabric or eco-leather, is completely removable.
