ADD A NEW IP CAMERA TO THE NVR SYSTEM

When you need to add a new IP Camera, please follow the steps below.

Step 1:
Plug the power adapter into the new camera and socket.

Step 2:
Plug the Ethernet cable into the NVR system and the camera.

Step 3:
Right click the mouse to show the Device tree, then select Video Manage.

Step 4:
If the device is not listed, select Add Camera from the Device tree.

---

EXTEND THE WI-FI RANGE

1. Click the Wi-Fi range amplifier button to enter the configuration page.

2. Adjust the Antenna to an appropriate angle.

3. Note: After the Wi-Fi range amplifier is activated, the range may be extended.

---

GET AN EXTRA REPEATER DEVICE

To extend the Wi-Fi range, you can also install a repeater device. Please refer to the user manual of the repeater device for installation.

---
