

SPENCER

Lash Refresher

**1 DAY
REFRESHER/TRAINING**

This is a 1 day mentoring session perfect for any lash artist that wants to refresh their skills. If you have previously taken an Eyelash Extension training but feel you would like to refresh your techniques and knowledge with a customised training based on your individual needs, this course is for you.

Is this for you?

- Refresher mentor session in either Classic or Volume.
- Classic: We will work on perfecting fundamentals as well as work with each student on areas specific to them. Some of the areas will include isolation, tweezer grip, taping techniques, styling and lash mapping, photography, adhesive and retention trouble shooting.
- Volume: Volume fan making, taping techniques, styling and lash mapping, adhesive and retention troubleshooting.

Location

We want students to be comfortable in their lashing environment. This is why we travel to student's salon. This allows the opportunity for students to allow Jean to give feedback on their lashing environment and set up.

Note: No greater than 1 hour travel time from Melbourne, Wantirna- If greater, session will be conducted in Trainer's home.

Note: After placing a booking with us, we will call you to discuss what areas you need or want to focus on.

Duration

10:00 AM / Finish 6:00 PM (approximately)
We will have model practice from 2:00 PM - 5:00 PM.

Pricing

To attend either Refresher Class (Classic or Volume) is \$500 each.

- You must bring your own tweezers with you to use on the day. (We will supply a mini kit on the day)
