“Barbale” vineyard, left bank Alazani river, 1,300 ft above sea level.

THE WINE

This organic premium wine is green harvested. Small unripe grapes are removed by hand - sacrificed to allow the vine to put all its energy into developing superior grapes with complex character. Then, according to the ancient Georgian technology, the wine is fermented in a “Qvevri” - a clay pot buried in the ground. Wine is aged in French oak barrels.

THE TASTE

Made by traditional methods dating back 8,000 years, this organic wine is full-bodied and well-rounded with hint of honey, peach and quince. The orange hue is achieved from full skin contact.
