

PCIe & Mini-SAS x4 Cable

Part Number: OSS-mSAS-CBL-4-C-xM

FEATURES

- Available in up to 4m lengths
- Mates to HIB6xx family host interface boards
- Single or multiple cables can form larger PCIe links
 - x4 (1 cable)
 - x8 (2 cables)
 - x16 (4 cables)
- Allows transfers to and from the host up to 6GB/s

Gen 3 and Gen 4 PCI Express (PCIe) share the same cable with SAS for high speed signaling up to 4m in length. This passive copper cable mates to the SFF-8644 connectors on the HIB6xx family of OSS host interface boards and includes the CMI (cable management interface).

SPECIFICATIONS

Cable Length	1m, 2m, 3m, 4m
Cable Options	x4 (1 cable) x8 (2 cables) x16 (4 cables)
Wire Size AWG	28 -30
Bend Radius	4.0" cable bend radius
Agency Compliance	CE, WEEE, RoHS2
