USE | CARE | CLEAN

- Ensure the Chlorine Levels In Your Pool are within Normal Levels
- Remove from Pool when Not In Use
- Hose off any Salt Water or Chlorinated Water After Use
- To avoid mildew keep your beanbag clean and dry completely before storing
- Ensure all the beans are dry prior to Storing
- DRY In Direct Sunlight
- SPOT CLEAN with a damp cloth mild detergent
- DO NOT use products containing bleach
- DO NOT Store When Wet
- DO NOT soak, tumble dry, bleach or dry clean
- DO NOT Leave Your Pool Bean Bag Soaking In Chlorinated Water Continuously
- DO NOT Hang Product on Glass Pool Fences, as this will create the perfect breeding ground for mould
- DO NOT Hang Product from eyelet when wet; the eyelet is not designed to carry the weight of a waterlogged beanbag
- Mould and Mildew are not covered by warranty, as these are a result of misuse
