Testimonial

“We came away from the fundraiser raising over \$2,600 during the holiday season to fight food waste and hunger in Vancouver. The opportunity to work with a values-aligned company was a joy! Not only did Marc & Clinton make the entire process seamless, our entire team felt empowered and engaged in their work.”

Find an answer to FAQs about the fundraiser on our website!

There is no minimum order quantity, although we recommend larger order sizes to reduce the impact of shipping costs on your raise. Our team can be reached at hello@susgrainable.ca to answer your questions or provide support where possible during your fundraiser.

Let's Change The Status Dough!

Our Vision

To build healthier communities, healthier people, and a healthier planet!

Our Mission

To create a world where food waste and diabetes are a thing of the past by reducing food waste among urban beverage producers, developing a circular economy model, and promoting high fiber foods.

Our Purpose

We take the byproduct of beer production and turn it into barley flour! By offering planet forward and healthier for you baked goods and mixes, we're solving food waste and low fibre diets.
