ABOUT US

You!

We're going to Turn Things Upside Down Here!

Instead of talking about us, we'd rather use this space to talk about YOU: the devoted parents and grandparents who purchase our top-quality playsets, trampolines, and basketball hoops, as well as visit our showrooms where kids can have birthday parties or just play all day!

Chances are that you—like us (the guys who started our company back in 1989), remember playing outside with your friends until one of your parents yelled, "Dinner's ready!" or the dreaded street lights came on. Now you want the children in your life to have those same wholesome experiences. But it's a different world today. You simply can't give them freedom to roam neighborhoods, parks and beyond.

If you are bothered by the inordinate amount of time today's youth spends indoors and inactive, while glued to computers and handheld gadgets, we have that in common, too. Catering to customers who share our values is why Recreations Outlet exists. We're so happy that it's important to you to provide opportunities for kids to play in the safety and privacy of your own backyard.

With **So Many Ways to Play and Shop**, we welcome you to stop by our kid-friendly showrooms, visit our website, chat online, send an email, or call one of our Backyard Specialists. It all starts with a stress-free, fun shopping experience.

Why Recreations Outlet

Plan Your Outdoor Recreational Area With an Expert

At no cost or obligation, a Recreations Outlet Backyard Specialist will visit your backyard, assess your space, and work with you to find the perfect product that fits your needs.

Design With a Difference

We specialize in high-end wooden swing sets, the safest trampolines in the industry, and the most durable in-ground basketball hoops. Watch your yard spring to life! Our highly-skilled sales team will listen closely to your needs to help you design a customized backyard space that perfectly meets your family's needs.

The Best Products and Selection

Recreations Outlet has selected the top manufacturers and suppliers in our family of brands. Each and every company that Recreations Outlet has partnered with excels in delivering the highest levels of product quality and customer service.

Receive Your Choice of Product When You Need It

From beginning to end, Recreations Outlet will work with you throughout the whole process. Once you place your order, the Recreations Outlet team works quickly to get your piece of equipment to you when you need it.

Hassle Free Delivery and Installation

Recreations Outlet's professionally trained delivery and installation team provides industry-leading white glove delivery and assembly in a quick and timely manner.

Service After the Sale

Great service means more than just meeting your product needs. We are here to serve you long after the installation. If you have any questions or require service on your purchase, call us directly at 513-831-7383 (Cincinnati) or 614-792-3700 (Columbus).

" We couldn't be happier and we love our new swing set! Everyone at Recreations Outlet was amazing to work with."

- Amy S.

Our Mission

Recreations Outlet's mission is to continuously evolve to meet the needs of parents and grandparents who wish to inspire healthy, active play in their children. To fulfill this mission **we hand-select and expertly install the finest quality outdoor play structures and recreational sports equipment** and offer incredible kid-friendly interactive showrooms where families can try before they buy, host birthday parties, or simply play all day, anytime, rain or shine!

Let Them Play!

The benefits of being physically active, also known as physical literacy, begins when parents encourage movement in infancy. This continues to develop throughout life and can be a gift that is shared between generations.* **It is recommended that children be physically active for sixty minutes every day.**

The benefits of play include:

- Builds self-esteem and social skills
- Improves concentration and test grades
- Improves long-term health and fitness
- Enhances nightly sleep
- Higher annual earnings potential

*Adapted from the Aspen Institute Sport for All Play for Life: A Playbook to Get Every Kid in the Game.

Safety is Our #1 Priority

Recreations Outlet is a leader when it come to safe play. We offer the greatest range of products and activities to help you customize the safest play environment for your family.

Fun For Them!

Years from now when your kids are of driving age (yep, it's going to happen!) and venture out with their friends, you may find yourself repeating a new mantra: **"Have fun! Be safe!"** every time they leave the house. But today, you can relax, knowing that you and people you trust are able to protect your children by controlling the safety of their environments and reducing their risks.

Peace Of Mind For You!

At Recreations Outlet, we share parents' concerns for their children's safety.

We will not sell or display an inferior product. **In fact, we will not sell or display a product that is anything less than superior in terms of the safety.**

For example, our play sets feature chemical-free solid Pacific Cedar beams, snag and scratch-free hardware, and non-slip safety handles. Our trampolines incorporate more than 25 distinct safety innovations, some of which are patented. And our basketball hoops feature a bolt-to-steel engineered backboard made of tempered safety glass.

Look for more details about our safety features as you read through the descriptions of our world-class quality products.

"Our Playground One play set has provided endless hours of safe fun for our family!"

- The R. Family

Playset Safety

THE BEST MATERIALS: 100% pacific cedar, oxidized hot dipped galvanized hardware.

THE HIGHEST QUALITY CONSTRUCTION: Interlocking multi-beams, snag-free hardware, tire chain connector cones.

FEATURES TO HELP PREVENT INJURIES: Pinch-free swings, non-slip gotcha grips, recessed nuts and bolts, double wall safety slides, 360° trapeze rings.

Basketball Safety

THE BEST MATERIALS: Safety tempered glass backboard, one-piece steel pole, stainless steel hardware.

THE HIGHEST QUALITY CONSTRUCTION: Premium support base plate, premium pier mount anchor system, power arc 90° lift assist.

FEATURES TO HELP PREVENT INJURIES: Dual spring breakaway rim, bolt-to-steel rim attachment, and pole and gusset padding.

Trampoline Safety

SPRINGFREE: Revolutionary springless design eliminates 90% of product-related trampoline injuries. No springs, FlexiNet™ enclosure, hidden frame, SoftEdge™ mat, safety enclosure, and flexible support rods absorption. When your kids are jumping on a Springfree, you know they're playing safe.

Specializing in:

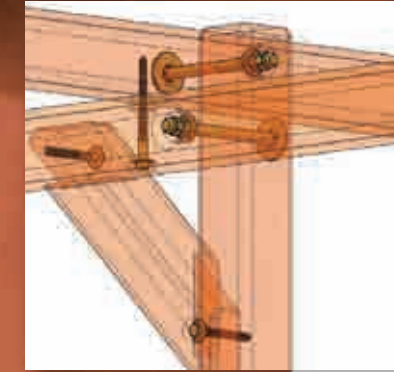

**Swing Sets,
Playsets,
Jungle Gyms,
Playgrounds...**

Whatever *you* want to call them

**100%
Pacific
Solid
Cedar**

“Don't be fooled! The best and safest materials make a difference.”

The Playground One® Difference

Pacific Cedar

Known for its natural strength and durability

1. Naturally resistant to decay and rot
2. Resistant to pest infestations and fungus
3. Does not require harmful or unsafe treatment
4. Used to build fencing, decking, ships and homes

Massive Solid Beam Construction

Resists warping and cracking

1. No layers of vague species of wood glued together
2. No unidentified wood wrapped in plastic that holds in moisture
3. Substantially reduces twisting and cracking
4. No hollow spots to decrease the integrity of the solid beam

Interlocking Multi-Beam Joint Construction

Reduces any type of dangerous sway

1. Bolts are strategically positioned to ensure stability at every angle
2. Creates less stress on hardware
3. Less maintenance
4. More peace of mind

Oxidized Hot Dipped Galvanized Hardware

No rust to cut or scrape kids

1. Three step process ensures rust and corrosion free fasteners throughout
2. Will not flake and "self repairs from scratches"
3. Aesthetically pleasing year after year
4. Half inch diameter bolts

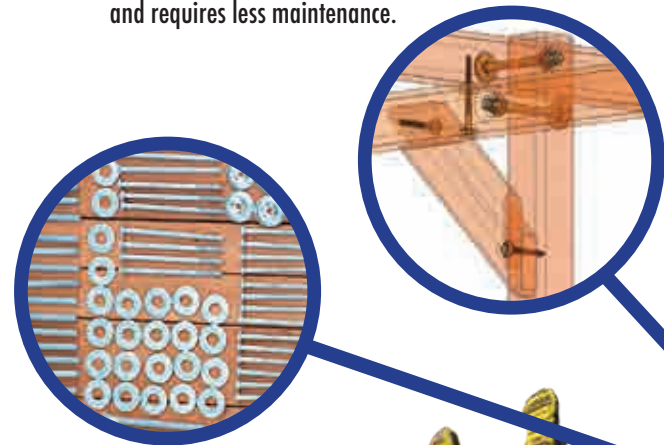

SAFETY FIRST

Playground One®
is committed to
the highest quality,
longest lasting and
safest playsets

Interlocking Multi-Beam Joint Construction

Reduces any type of dangerous sway, bolts are strategically positioned to ensure stability at every angle, creates less stress on hardware, and requires less maintenance.

100% Pacific Solid Cedar

Known for its natural strength and durability, naturally resistant to decay and rot, and resistant to pest infestations and fungus. Massive solid beam construction resists warping and cracking.

Oxidized Hot Dipped Galvanized Hardware

Our three step process ensures rust and corrosion free fasteners throughout will not flake and "self repairs from scratches."

Tire Chain Connector Cones

Pinch-free, rubber-dipped, over-sized chains, connected to corrosion and scrape-free industrial sized safety cones.

Pinch-Free Safety Swings

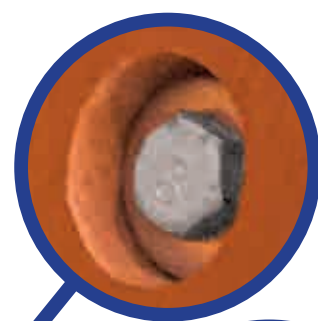

We eliminated sharp edges and pinch points with self-locking industrial connectors that fasten our rubber dipped oversized chains to our swings.

System pictured is 39e Supreme Fort Combo 4 from page 39, with Add-On Accessory Arm with Trapeze Bar

Recessed Nuts and Bolts

Pre-drilled pilot holes allow for hidden nuts and bolts to eliminate cuts, scratches and ripped clothing.

Snag-Free Safety Hardware

We eliminate sharp, protruding attachments so exposed skin won't get scratched and clothing won't get caught.

Double Wall Safety Slides

Require no wood reinforcement and no interior or exterior protruding bolts, making them scratch and splinter free.

360° Trapeze Rings

Rings rotate with natural hand movement for greater grip control.

Non-Slip Gotcha Grips

Every safety handle, handrail, trapeze bar and ladder rung goes through our non-slip "Gotcha" process, and are attached with recessed hardware for even more safety.

Safety First

COMPARE

The options are endless. Playground One® playsets offer choices that fit your yard, your family and your budget.

WHAT TO CONSIDER WHEN DESIGNING A PLAYSET:

Safety: Though fun is the reason you are looking for a play set, SAFETY is the #1 priority. Will it hold up to repeated use as your kids swing, slide, jump and swing some more? Will they have a safety-first design that prevents kids from getting stuck between bars or cutting themselves on sharp bolts? Choosing a playset you know has been professionally engineered and rigorously tested may incur greater resources, but the peace of mind it provides is invaluable.

Age and number of children: Consider the ages of the children, as well as the ages of your relatives and neighbors' kids too. If you have a larger family or anticipate frequent young visitors, you'll need to invest in a playset that has options for multiple children to play at the same time.

Space: Do you have a large or smaller backyard? Is your yard made up of oddly shaped corners or have tree roots sticking up? Is your yard level for the all important "Safety Zone"? All these factors and more will go a long way in helping you choose the right playset for your family.

Features: What will your kids love most? Are they climbers who get onto all your furniture and somersault off? Would they leap headfirst into new adventures, or would a ramp or some steps help them get there with less stress? Thinking about how to customize playground equipment to your kids' abilities and passions will help narrow down some options.

Potential upgrades: Invest in a modular playset you can expand or modify as kids grow up — by swapping out bucket swings for belt swings, for instance, or by adding on a tall spiral slide when that will seem appealing rather than scary.

When you invest in a **Playground One®** wooden playset you are making an investment in your child's early childhood development by increasing their:

- self-confidence
- social skills
- imagination
- physical strength
- muscle coordination development

CLASSIC FORT

SAFETY Play Zones

Give YOUR Children a **SAFE** Landing

INCLUDES:

- Recycled Rubber Mulch
- Rubber Borders
- Landscape Fabric
- Professional Installation

Imaginative play is important because it allows kids to express their emotions and develop social skills like empathy and communication. Your playset should spark imagination and inspire kids to act out their favorite stories or play make-believe. Colorful and adventurous playground equipment like telescopes, ship's wheels, tunnels, bridges, slides and climbers can encourage kids to pretend they are in a distant land on an important mission.

Rubber Mulch
and Rubber Play Pit Borders

Give Your Kids A Safe Landing

Why Soft Landing Rubber Mulch (SLRM)?

- Naturally shock absorbent
- Cleaner. Free of metals, fibers and fabrics
- Safer than other mulch choices
- Not made from car tires
- Cost effective
- Beautiful natural appearance
- Looks just like natural wood mulch
- Greater coverage per pound. Lasts for years.

SAFEST CHOICE FOR YOUR FAMILY

Keep your mulch in place and accent your play area with our Rubber Borders

Dark Brown Rubber Mulch

Black Rubber Mulch

Rubber Border

High Quality Athletic Courts and Flooring
#1 Choice for Safe, Customizable, Residential and Commercial Athletic Courts, and Flooring

Residential

No matter what the sport, basketball, tennis, volleyball, soccer, floor hockey, pickleball, or badminton, your new residential game court will become the **GATHERING PLACE** for family and friends.

Commercial

From elementary schools, YMCA's, Community centers, and everything in between, our flooring provides a **SAFE, COST EFFICIENT** solution to upgrade any athletic surfaces.

Basketball Courts

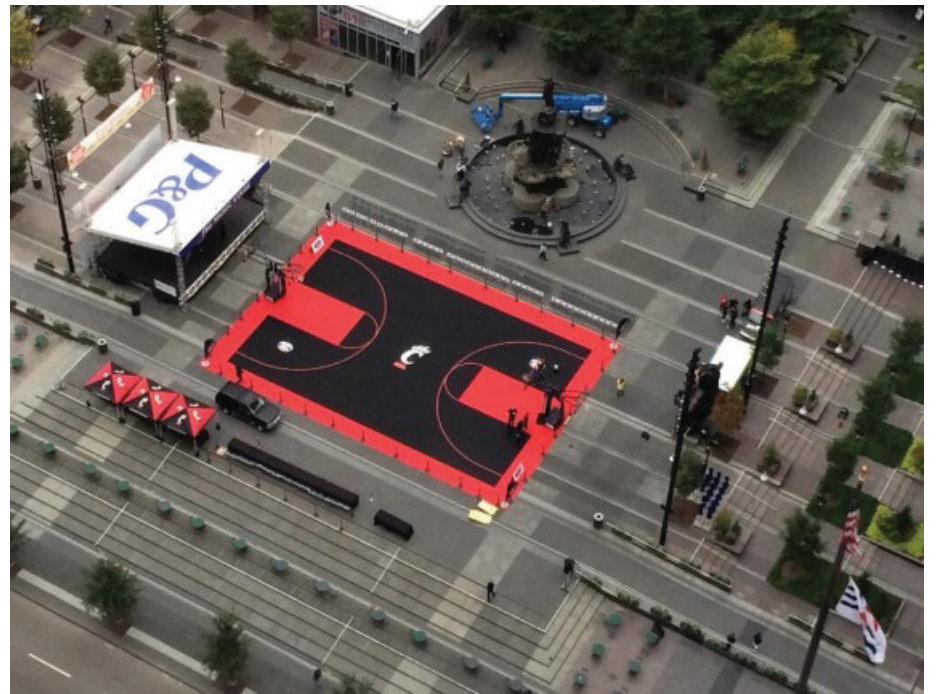

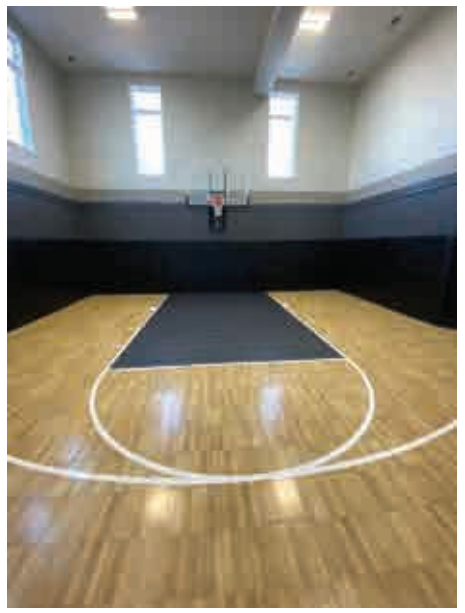

From indoors to outdoors, from traditional wood looking floors to almost any color combination, or personalization you can think of, we have the modular flooring option for you.

Pickleball Courts

By combining, **SAFETY, DURABILITY** and **PERFORMANCE** we can retrofit your existing dull, cracked court, in most cases within days.

Multi-Sports

Having trouble figuring out what sport to play next? All of our flooring provides the highest level of traction, force reduction, and ball response no matter which sport you choose to play.

**Basketball is What We Do.
Quality is What We Deliver.**

Hoops

We deliver the safest, most stable and most durable in-ground basketball hoops in the industry. Our team of athletes, engineers and field service representatives have been listening and responding to your needs for over 20 years. The passion that we have for basketball and outdoor entertainment can be found in the materials, construction, innovation and overall attention to detail that goes into every Hoop that we deliver.

From players just starting out, to the professionals, our top-of-the-line series of products offer a range of features that fit anyone's needs.

four ●●●●
seasons of fun!

Stainless Steel Hardware

- Corrosion and rust resistant
- Stain resistant
- Resistant to all weather conditions and environments
- Self-repairing
- Environmentally friendly and recyclable

One Piece Corrosion Resistant All Steel Pole

- Hot dipped galvanized and powder coated 7 gauge steel (PROview® Series)
- Zinc electroplated and powder coated 11 gauge steel (PROforce Series)
- Welded gussets and slotted holes on base
- Stainless steel hardware

What Makes Us Different

Power Arc 90® Lift Assist

- Easy 6' to 10' rim height adjustment
- Dual cylinder
- Removable stainless steel 90° handle
- Stainless steel gear box
- Easy to read height indicator

Safety Tempered Glass Backboard

- Physically stronger than regular glass
- Shatter resistant for extreme safety
- Provides consistent rebound across the entire surface of the backboard
- Protected by a full perimeter aluminum trim
- Same glass used in NCAA and NBA backboards

Bolt-To-Steel Rim Attachment

- Rim mounts directly to the steel behind the backboard
- Rim never touches the glass
- Energy is absorbed by the steel throughout the system
- Reduces shake and vibration
- Safe, durable, and stable for aggressive play

Dual Spring Safety Breakaway Rim

- 2 high tension springs are hidden underneath the rim
- Corrosion resistant
- Protected by an underneath rim cover
- Hide away net attachment with no sharp hooks or attachments
- Safe, durable, and stable

Premium Gusset Support Base Plate Design

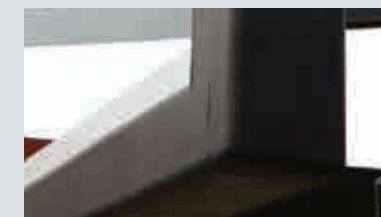

- 8 welded gusset design (PROview® Series)
- 4 welded gusset design (PROforce Series)
- Slotted holes for square and level installation
- Hot dipped galvanized and powder coat finish
- Provides less shake and vibration

DELUXE POLE and GUSSET/BASE PAD

Offers Safety for Players During Aggressive Play

- Covers Pole with 68" Tall and 4" Thick Pad
- Pad Extends to Cover the Baseplate and its Hardware
- Heavy-Duty Straps Keep Pad Secure in All Conditions
- Durable, Weatherproof Materials Keeps Pad Looking Like New

BACKBOARD/EDGE PAD

Pro-Style Safety Feature Produced with All Levels of Play in Mind

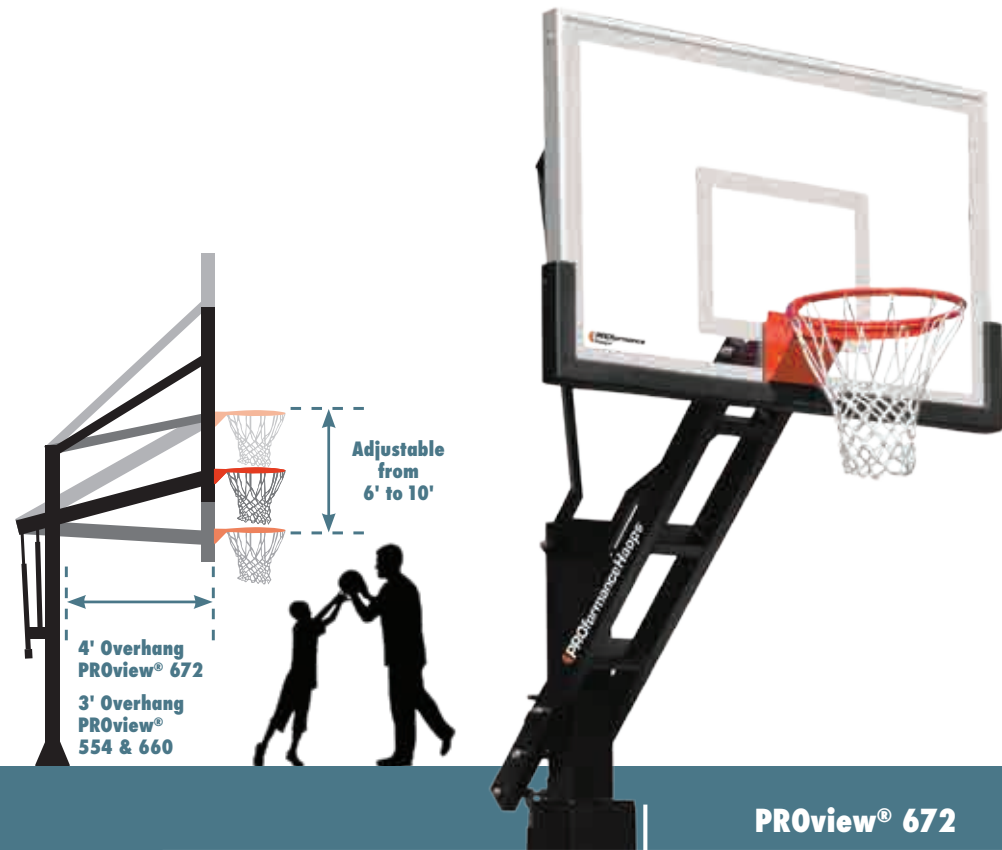

- Molded Close Cell Urethane Foam
- Outer Urethane Skin Protects Padding From the Elements
- Steel Insert Provides Strength at Mounting Locations
- Reinforced Corners to Ensure Unparalleled Stability

Premium Pier Mount Anchor System

- Oversized zinc coated J-bolts
- Hot dipped galvanized and powder coat finish base plate
- 4 pieces of reinforcing rebar (included)
- Stainless steel hardware
- Unmatched ease of assembly and installation

TRAMPOLINE

Independently tested and proven to be the
only safe trampoline.

Trampolines

get ready to
BOUNCE

Heart Benefits

HEART HEALTH

Increasing your heart rate! 10 minutes of jumping per day will strengthen the muscles that are needed for a healthy cardiovascular system. If a happy heart isn't a good reason to bounce, we don't know what is!

JOINT PROTECTION

Your bouncy Springfree Trampoline mat acts as a great absorption pad. Taking all the force when you land, it prevents jarring of your ankles, knees and spine. Plus, it's a lower impact workout on your joints than running on a treadmill.

COORDINATION BOOST

The combination of jumping high, maintaining balance and concentration will help to improve your motor skills and coordination all in one go.

INCREASE ENERGY

As you jump, more oxygen is carried around your body in the blood stream. This will instantly increase your energy levels and make you more alert.

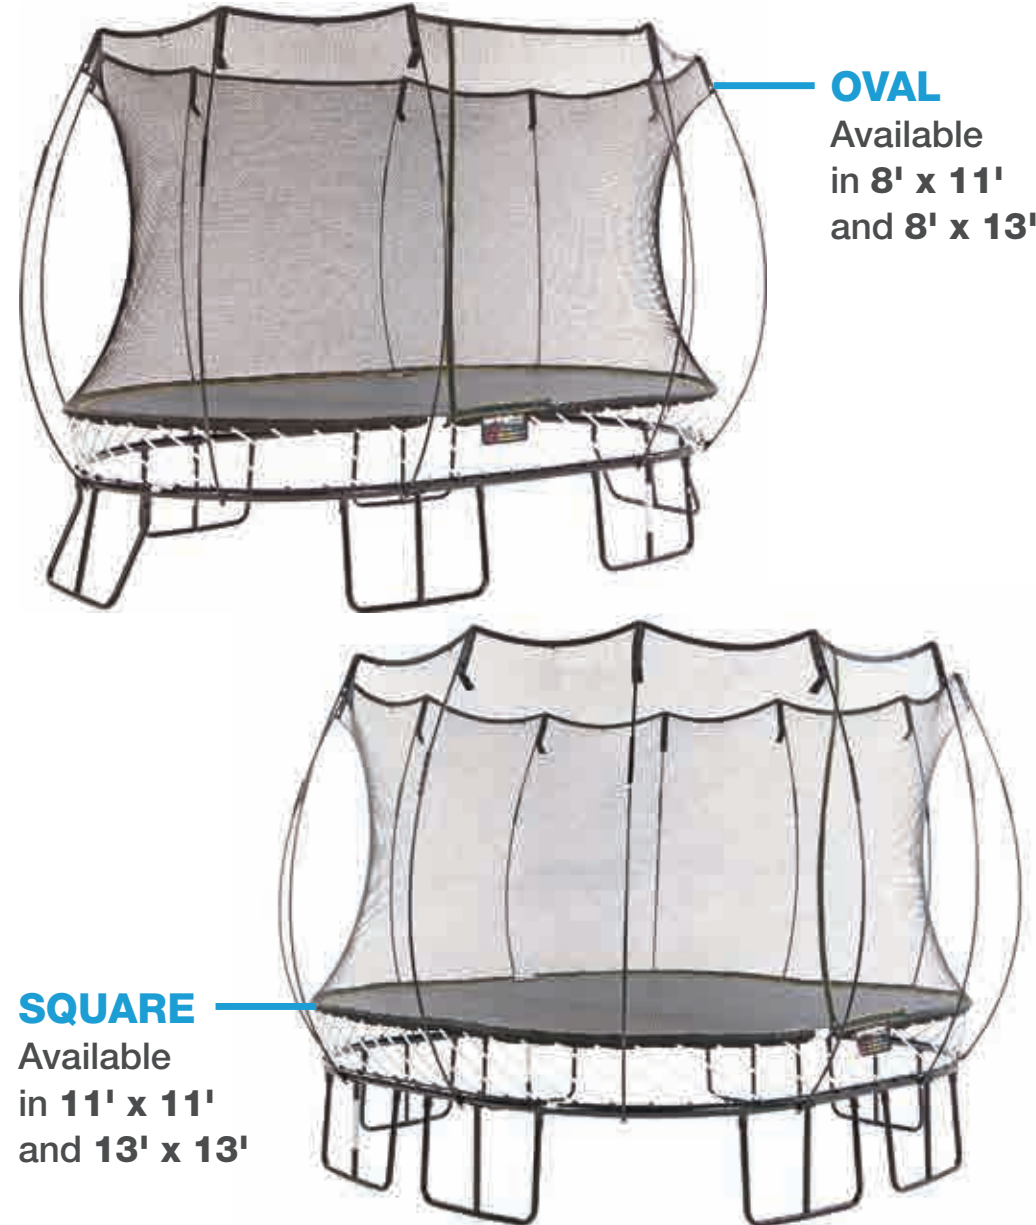

STRONG BONES

Powerful jumping means your legs work hard to push you upwards over and over. This small amount of stress actually helps encourage your bones to increase in density and reduce the chance of developing osteoporosis.

See what our customers have to say

Jeff S.

We purchased a hoop from Recreations Outlet and are **extremely happy** with the end product. From first visit to installation, the **people and process couldn't have been better.**

Laura O.

I can't speak highly enough about the products. The swing set is used nearly every morning. The trampoline is in constant use even among my teenagers. Tara helped us with both purchases and customer service has been impeccable. She has continued to help us with questions and accessories. I don't think people realize how **worth the investment** is. Knowing my kids will have **safe fun** for years to come is not something other products have been able to deliver for us.

Amy S.

We couldn't be happier, and **we all love our new swing set!** The team was amazing to work with. We have a very difficult and sloped backyard and instead of just selling us a swing set, they were really concerned with selecting and finding the right piece for our yard and our young family.

Holly H.

Sam was really friendly and incredibly helpful. He answered the overwhelming number of questions I had and steered me in a direction while also honoring my budget. **It was a really stress free and fun experience.** I would highly recommend them.

Dustin L.

Pete and Tara and the folks at Recreations Outlet really outdid themselves. They are **extremely easy to work with** and **came through on every promise at every level.** They helped make my backyard come alive with my children's laughter and I cannot thank them enough for that.

Thomas M.

Great place to let the kiddos run and play. **The place was clean, and the staff was friendly.** Very **affordable** as well.

Pay-to-Play

Do you need the flexibility to stop in any time to let your kids play on our bouncy trampolines, awesome swing sets, basketball hoops, and so much more? Stop by our temperature controlled and secure indoor playground for a safe place for your kids to blow off some steam.

Play Passes

Frequent pay-to-play customers are invited to save by purchasing 6-punch or annual play passes. Play passes grant you unlimited access to our showrooms during pay-to-play hours. And they make great gifts!

Parties

Make this year's birthday an extra special one at Recreations Outlet! Party packages include a private party room, access to any and all product in our showroom for up to two hours of play, and freedom to bring your own food and drink - no alcohol please!

Help us support local non-profit organizations with Charitable Play! Each month we choose an inspiring local charity to feature, donating 50% of all pay-to-play proceeds generated during Charitable Play hours every Tuesday, Wednesday, and Thursday from 9am - 11 am. Join us in making a difference!
