- Do you have trouble hearing in restaurants?
- Does everyone seem like they're mumbling?
- Do you often have to ask people to repeat themselves?
- Has a friend or relative commented on your hearing?
- Do you have to turn up the volume to watch TV comfortably?

If you answered yes to any of the questions, then Vibe Air may be right for you!

#2023-02

vibeair

The **easiest way** to better hearing

- Virtually invisible
- Excellent speech clarity
- App controlled

## A fully featured solution working out of the box

- **No wires or behind-the-ear device**  
Provides a hassle-free experience without interfering with glasses, mobile phones or headphones.
- **Advanced feedback cancellation**  
You hear only what's important to you.
- **Extended battery life**  
For up to 70 hours of hearing.
- **Exceptional comfort**  
Create your perfect fit with the provided Click-Sleeves.
- **Cell phone compatible**  
Connects hearing aids to your phone for easy adjustments in real time on the Vibe App.
- **Auto adapt technology**  
Identifies your environment and where sound is coming from to provide you with a natural listening experience.

## The box has everything you need

## Virtually invisible placed in the ear

**Warning:** For adults 18 years and older with mild to moderate hearing loss.

Contact your primary care provider before using this product if you experience any of these conditions:

- Severe difficulty understanding normal speech in quiet environments.
- A steep decline in hearing ability within the last 90 days in one or both ears.
- Active discharge within the last 90 days.
- Dizziness
- A visible deformity of the ear.
- Pain, or discomfort in the ear, or significant ear wax accumulation.
