GREENOVATION™

Eco dinnerware

Greenovation - Eco dinnerware is an emerging concept in big requirement of keeping the earth clean and green.

We use sustainable resource 100% natural and biodegradable naturally fallen palm leaves to make dinnerware.

Greenovation palm leaf product Features :

- Biodegradable and Compostable
- Chemical-free / Non-Toxic
- Microwave friendly
- Suitable for hot, cold and wet food. It can hold liquid for up to 45 mins.
- Very Sturdy, upscale and high quality
- Available as plates, bowls and platter in a variety of shapes and sizes.
- Shrink packed as 25 pieces per pack.

Our palm leaf products are one of the most durable and eco-friendly disposable available in the market. Undoubtedly, palm leaf products are better alternative to plastic and paper plates.

Greenovation - Eco dinnerware is the perfect eco friendly solution for any catering event.
