

Fork Mounted Big Bag Handler (FBBT)

Designed for handling standard “Big Bags”, this fork mounted attachment allows bags to be lifted by the loops. The loops are located in claws set on each corner enabling quick and easy loading/unloading of bags.

The attachment is retained to the forklift using heel pins.

Model Ref	Max Swl (kg)	Distance Between Claws (mm)	C of G (mm)	LLC (mm)	Weight (kg)
FBBT-2	1000	1000 x 1000	662	260	97
